

DIANE NO ADDITIONAL USES AT OR AROUND EXISTING COMMERCIAL AREAS.

MORE DAYCARES, CHURCHES, ETC AROUND EXISTING CIMMERCIAL ZONED AREAS? NO!

TO STOP THE EVER EXPANDING OF RESIDENTIAL TO COMMERCIAL-

EXPAND ROADS BEFORE APPROVING DEVELOPMENTS.

LIMIT CHURCHES IN RESIDENTIAL AREAS-

Architectural Guidelines for new commercial or
Conditional Uses

noise & traffic Impacts are a concern.

prefer neighborhood churches.

Landscaping & Buffering are important.

Cell phone towers yes - conditional uses (automatically being allowed?)
look like trees!! not here

Daycares are usually desired close to where parents are working
Most People aren't working within the platted Estates.

Concerned about commercial / conditional use creep

concerned about Noise, Lights @ night, traffic

Keep all towers on County owned prop. & commercial prop.

Not near house carom

No further expansion

Keep Estates the Estates – residential & agricultural as historical.

No more multi home - eg apartments, condos

No further stores, etc.

No data center

Want daycare for kids

No more churches on Immokalee Rd.

Condos to help wildlife move around – cross major roads

Post Office - nothing else – ? Wilson

Gym @ community center @ BCS Park

Moved here to get away

NO light pollution

NO 5G Towers

- Conditional use - neighborhood corte, churches, utility use, CMS, daycares
- Churches should be required to have caps
- scruting on larger scale conditional & transitional use cases
- churches should be forced to main roads
- daycares + adult care should be required to be visible not at home turned into one
- transitional - adjacent to commercial
- NO transitional use expansion & no subdivisions of properties
- woodseal (forestry) buffers instead of structures around commercial
- should require construction as concrete, block etc

1. More cell towers but not within residential.
2. Randall overpass from Immokalee When? Make it faster?
3. No more private schools.
4. Bigger buffers.
5. Fewer buildings.
6. Need a pattern to cell tower placement.
