**Notes:**

The Office of Business & Economic Development, the creation of which was approved by the Board on June 26, 2012, works in conjunction with other local and state economic development organizations to assist businesses to expand or relocate to Collier County. Activities consist of incentive policy development and administration, business concierge services including facilitating regulatory assistance and promoting an improved business climate in Collier County. Commencing with the FY 21 budget one-half (0.5) FTE from the Office of Economic Development was reallocated to Corporate Business Operations.

**Forecast FY 2021:**

The forecast reflects savings from vacancies.

**Current FY 2022:**

The budget is consistent with budget guidance.

**Collier County Government

Notes:

This budget provides for economic development partnership and incentive payments including an allowance for the State of Florida Qualified Target Industry (QTI) program. Because economic development incentive payments are subject to attaining certain milestones, the planned payments described below will be made only upon meeting established conditions.

Forecast FY 2021:

Chamber of Commerce – Partnership for Collier's Future \$126,400  
Early Learning Coalition \$75,000  
Arthrex CID #1 \$103,700  
Arthrex CID #2 \$143,300  
Arthrex QACF \$120,000  
Arthrex QTI \$112,000  
First Bank CID \$37,900  
Summit QTI \$16,000  
Summit BIGPI \$37,500

Total: \$771,800

Current FY 2022:

Chamber of Commerce – Partnership for Collier's Future \$100,000  
Early Learning Coalition \$75,000  
Arthrex QACF \$120,000  
Arthrex QTI \$112,000  
First Bank CID \$40,000  
Summit QTI \$16,000  
Summit BIGPI \$37,500  
Reserve new awards \$250,000

Total: \$750,500

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Office of the County Manager**

**Business and Economic Development Division  
Economic Development (007)**

**Notes:**

This Fund accounts for proceeds from the local government share of revenue sharing from gaming proceeds pursuant to the agreement between the State of Florida and the Seminole Tribe. FY 12 was the first year for the distribution of proceeds. Other funding sources accounted for in this fund include \$75,000 received from the Collier County Industrial Development Authority in FY 14 and \$30,492 in FY 16 as well as fees and charges related to the Accelerator program.

**Forecast FY 2021:**

Forecast expenditures are operational funding for the Naples Accelerator & the Culinary Accelerator @ Immokalee. Beginning in FY 21 programmatic operation of the Naples Accelerator will be managed by Florida Gulf Coast University School of Entrepreneurship.

**Current FY 2022:**

The budget reflects ongoing funding for the Culinary Accelerator @ Immokalee.

**Revenues:**

The budget anticipates revenue sharing of \$500,000 from gaming proceeds. Accelerator program revenue is budgeted at \$165,000.

**Historical gaming receipts:**

FY 12 - \$265,088  
FY 13 - \$313,631  
FY 14 - \$491,171  
FY 15 - \$504,510  
FY 16 - \$582,788  
FY 17 - \$510,122  
FY 18 - \$890,584  
FY 19 - \$879,700  
FY 20 - \$635,490  
FY 21 - \$0

**Total - \$5,073,084**

On April 7, 2010, Florida's Governor and the Seminole Tribe of Florida executed a gaming compact, which was subsequently ratified by the Legislature and later approved by the U.S. Secretary of the Interior. The compact allows for select gaming activity in tribal facilities and requires the Tribe to make payments to the State for the privilege of conducting gaming activity in seven facilities located in Broward, Collier, Glades, Hendry, and Hillsborough counties. Three percent of the monies paid by the Tribe to the State are designated as the local government share and distributed to select county and municipal governments in those counties where the tribal gaming facilities are located.

The 2010 gaming compact expired and the Tribe ceased revenue sharing with the state after making its April 2020 payment.

A new gaming compact, executed by the Governor and the Tribe on April 23, 2021, as amended on May 17, 2021, was ratified by the Legislature and later approved by the U.S. Department of the Interior. All monies paid by the Tribe to the State are deposited into the State General Revenue Fund, with three percent of those monies designated as the local government share, Collier's share is split between the Immokalee Fire District receiving 25% and the Board receiving 75% derived from the Seminole Indian Casino in Immokalee.

**Notes:**

On April 20, 2010, the Deepwater Horizon offshore oil rig had an explosion. The resulting fire could not be extinguished and, on April 22, 2010, Deepwater Horizon sank, leaving the well gushing oil until July 15 when it was finally capped, causing the largest oil spill in U.S. waters. In accordance with Section 377.43 Florida Statutes, the Deepwater Horizon Oil Spill Settlement may be spent on the following:

Scientific research into the impact of the oil spill on fisheries and coastal wildlife and vegetation along any of the state's shoreline; Environmental restoration of coastal areas damaged by the oil spill; Economic incentives; and Initiative to expand and diversify the economy of the Collier County.

The Department of Environmental Protection is the lead agency for expending the funds designated for environmental restoration efforts. The Department of Economic Opportunity is the lead agency for expending the funds designated for economic incentives and diversification efforts.

**Notes:**

Once the Board declares a State of Emergency, budget amendments will be prepared for all of the Departments so that all the Divisions within the Departments have funding to prepare for the event and make necessary repairs.

**Office of the County Manager**

**Economic Development and Innovation Zones  
Ave Maria Innovation Zone (182)**

**Notes:**

The Ave Maria Innovation Zone was established on June 23, 2015, by Resolution 2015-133 pursuant to Collier County Innovation Zone Ordinance 2010-20. Trust funds generated under the tax increment financing plan may be utilized in any lawful manner including infrastructure required to serve new targeted business or the expansion of an existing targeted business; payment of County Impact Fees to be paid by targeted new or existing business; and payment of building permit or other County fees related to construction of structures to serve targeted business. All payments must be approved in advance by the Board.

The base tax increment year is the 2014 tax year or FY 15. The base year taxable value is \$26,647,219. The first year of tax increment deposit was FY 17.

**Current FY 2022:**

Resolution 2015-133 puts restrictions on the amount of tax increment revenue deposited. Up to five percent (5%) of the deposit shall be reserved as an administrative fee for the County. A modest operating expense allowance is provided for administrative and other services as needed. The reserve for unfunded requests totals \$556,600 and can only be disbursed upon Board approval consistent with the Economic Development Plan.

**Revenues:**

Primary revenue sources are Tax Increment Financing (TIF) derived from the Innovation Zone's tax increment and fund carryforward. Taxable value within the Innovation Zone is \$57,667,854, a 3.63% increase, and the related tax increment value by which the tax increment revenue is derived is \$31,020,635. The TIF transfers from the General Fund and Unincorporated Area General Fund, representing 95% of the increment, total \$105,100 and \$23,800 respectively. Year over year TIF revenue is increased by \$15,400 or 13.6% to \$128,900.

**Office of the County Manager**

**Economic Development and Innovation Zones**  
**Golden Gate City Economic Development Zone (782)**

**Notes:**

The Golden Gate City Innovation Zone was established on November 13, 2018, by Ordinance 2018-56 pursuant to Collier County Innovation Zone Ordinance 2010-20. Trust funds generated under the tax increment financing plan may be utilized in any lawful manner including infrastructure required to serve new targeted business or the expansion of an existing targeted business; payment of County Impact Fees to be paid by targeted new or existing business; payment of building permit or other County fees related to construction of structures to serve targeted business; and in any lawful manner which the Board of County Commissioners determines fosters economic development. All payments must be approved in advance by the Board.

The base tax increment year is the 2015 tax year or FY 16. The base year taxable value is \$544,953,538 the first year of tax increment deposit was FY 20.

**Forecast FY 2021:**

Forecast operating expenses reflect funding for the Golden Gate Parkway study.

**Current FY 2022:**

Ordinance 2018-56 puts restrictions on the amount of tax increment revenue deposited. The tax increment payment is subject to annual appropriation by the Board. Up to five percent (5%) of the deposit shall be reserved as an administrative fee for the County. A modest operating expense allowance is provided for administrative and other services as needed. The reserve for unfunded requests totals \$4,030,100 and can only be disbursed upon Board approval consistent with the Economic Development Plan.

**Revenues:**

Primary revenue sources are Tax Increment Financing (TIF) derived from the Innovation Zone's tax increment and fund carryforward. Taxable value within the Innovation Zone is \$965,234,821, a 8.1% increase, and the related tax increment value by which the tax increment revenue is derived is \$420,281,283. The TIF transfers from the General Fund and Unincorporated Area General Fund, representing 95% of the increment, total \$1,423,200 and \$322,200 respectively. Year over year TIF revenue is increased by \$301,100 or 20.8% to \$1,745,400.

**Office of the County Manager**

**Economic Development and Innovation Zones**  
**I-75 & Collier Blvd Innovation Zone (783)**

**Notes:**

The Interchange Activity Center No. 9 Innovation Zone was established on July 10, 2018, by Ordinance 2018-39 pursuant to Collier County Innovation Zone Ordinance 2010-20. Trust funds generated under the tax increment financing plan may be utilized in any lawful manner including infrastructure required to serve new targeted business or the expansion of an existing targeted business; payment of County Impact Fees to be paid by targeted new or existing business; payment of building permit or other County fees related to construction of structures to serve targeted business; and in any lawful manner which the Board of County Commissioners determines fosters economic development. All payments must be approved in advance by the Board.

The base tax increment year is the 2016 tax year or FY 17. The base year taxable value is \$189,049,645. The first year of tax increment deposit was FY 20.

**Forecast FY 2021:**

Forecast reflect the expense of the Great Wolf Lodge Market Study & Impact Analysis.

**Current FY 2022:**

Ordinance 2018-39 puts restrictions on the amount of tax increment revenue deposited. Up to five percent (5%) of the deposit shall be reserved as an administrative fee for the County. A modest operating expense allowance is provided for administrative and other services as needed. The reserve for unfunded requests totals \$915,000 and can only be disbursed upon Board approval consistent with the Economic Development Plan.

**Revenues:**

This zone's prior year taxable value decreased from the \$281,749,154 July 1, 2020 or budget tax value to a final value of \$274,926,174, a 2.4% decrease.

Primary revenue sources are Tax Increment Financing (TIF) derived from the Innovation Zone's tax increment and fund carryforward. Taxable value within the innovation zone is \$276,176,053, a 1.98% decrease from last year's budget tax value. The tax increment value through which the tax increment revenue is derived is \$87,126,408. The TIF transfers from the General Fund and Unincorporated Area General Fund representing 95% of the increment total \$295,100 and \$66,800 respectively. Year over year TIF revenue is decreased by \$23,200 or 6.02% to \$361,900.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Office of the County Manager**

**Bayshore Community Redevelopment Agency (CRA)  
Bayshore/Gateway Triangle Redevelopment (CRA) (187)**

**Mission Statement**

To support the efforts of the Board of County Commissioners which established itself as the Community Redevelopment Agency (CRA) and made a finding of necessity and of blight conditions in the Bayshore/Gateway Triangle Component Redevelopment Area by adopting Resolution 2000-82 on March 14, 2000, and to implement the Bayshore/Gateway Triangle Component Section of the Collier County Community Redevelopment Plan adopted by the CRA.

| <b>Program Summary</b>                                                                                                                                                                                                                                                                    | <b>FY 2022<br/>Total FTE</b> | <b>FY 2022<br/>Budget</b> | <b>FY 2022<br/>Revenues</b> | <b>FY 2022<br/>Net Cost</b> |

**Notes:**

On July 26, 2006, the CRA entered into a loan agreement with Wachovia Bank under which a line of credit was secured for \$7,000,000. Of this amount, \$5,901,000 was drawn to purchase and assemble commercial property within the Gateway Triangle catalyst project area as an incentive to attract private development interest. On July 28, 2009, a \$13,500,000 term loan was secured through Fifth/Third Bank which paid off the earlier Wachovia line of credit and provided additional dollars for strategic property acquisition. The term of this note was five (5) years with a final maturity date of September 1, 2014. The note was restructured in May 2013 into the Fifth Third Bank Note Series 2013. On March 2, 2017, the debt was again restructured. The restructured note, TD Bank, N.A. Series 2017, provided proceeds of \$5,293,293 which were used to pay off the Fifth Third Bank Note. The term of the TD Bank Note was ten (10) years with a final maturity of March 1, 2027. In November 2020 the Mini-Triangle property was sold and approximately \$3,071,500 of the proceeds were used to pay off the remaining loan balance.

**Forecast FY 2021:**

The personal services forecast reflects modest savings from position vacancies. Forecast operating expenses are in line with the budget as amended. The forecast for Capital Outlay includes carryforward of the contract relative to relocation of the cell tower that was located on the Mini-Triangle property.

In November 2020 the Mini-Triangle property was sold and approximately \$3,071,500 of the proceeds were used to pay off the remaining loan balance. Accordingly, the transfer to Debt Service that had been a regular part of the CRA budget is no longer needed.

**Current FY 2022:**

The personal service and operating expense budget provide for payroll and general operating expenses. Transfers include a transfer to Bayshore CRA Capital Fund (787) in the amount of \$1,717,100 and a transfer to the General Fund for pro-rata support of the Corporate Business Operations Division.

**Revenues:**

Primary revenue sources are Tax Increment Financing (TIF) derived from the CRA's property tax increment and fund carryforward. Taxable value within the Bayshore CRA is \$934,213,928 and the related tax increment value by which the tax increment revenue is derived is \$646,132,822. The TIF transfers from the General Fund and Unincorporated Area General Fund, representing 95% of the increment are \$2,188,000 and \$495,800 respectively. Year over year TIF revenue is increased by \$334,800 or 14.3% to \$2,683,300.

**Notes:**

All new grants for Bayshore Gateway Triangle CRA will be budgeted in this fund. Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time.

**Forecast FY 2021:**

Forecast grant projects include:

33587-CDBG Grant & Match - Fire Suppression (water line) improvements Phase II \$81,200  
33639 CDBG Grant & Match - Fire Suppression (water line) improvements Phase III \$658,500

**Current FY 2022:**

All new grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time.

**Office of the County Manager**

**Bayshore Community Redevelopment Agency (CRA)  
Bayshore Beautification MSTU (163)**

**Notes:**

Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable values upon advisory board recommendation.

**Forecast FY 2021:**

Forecast expenses are modestly under budget. The transfer to Bayshore Beautification MSTU Project Fund (160) provides funding for Bayshore Beautification projects.

**Current FY 2022:**

MSTU roadway maintenance, operating contracts and utilities expenses are higher than the prior year reflecting increases in maintenance cost associated with the Thomasson Drive Beautification and Bayshore Drive Parking projects. The transfer to Bayshore Beautification MSTU Project Fund (160) provides funding for Bayshore Beautification projects.

**Revenues:**

Taxable value is \$603,907,621, an increase of 10.91% over last year. The rolled back rate for this district is 2.2085 per \$1,000 of taxable value. Ordinance 97-82 places a cap on the millage rate at 3.0000 per \$1,000 of taxable value. The advisory committee recommends a millage neutral rate of 2.3604 which will generate \$1,425,500 in property taxes.

**Office of the County Manager**

**Bayshore Community Redevelopment Agency (CRA)  
Bayshore Beautification MSTU Capital (160)**

**Notes:**

Fund 160 provides for capital project budgeting of Bayshore Beautification MSTU projects.

**Forecast FY 2021:**

The forecast budget includes funding for the following projects:

50171 - Hamilton Ave Parking - \$1,855,000  
50172 - Thomasson Drive Landscape - \$4,980,100  
50173 - Bayshore S Landscape - \$11,700  
50174 - Bayshore N Landscape - \$340,500

**Current FY 2022:**

The budget includes funding for the following projects:

50173 - Bayshore S Landscape - \$55,000  
50174 - Bayshore N Landscape - \$250,000

An advance/repay budget of \$554,600 has been established as a mechanism for repayment of a potential advance of funding from Bayshore/Gateway Triangle Redevelopment Fund (187).

**Revenues:**

Funding for the projects included in this fund are supported by a transfer from Bayshore Beautification Fund (163).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Office of the County Manager**

**Bayshore Community Redevelopment Agency (CRA)  
Haldeman Creek MSTU (164)**

**Notes:**

The Haldeman Creek Maintenance Dredging MSTU was created pursuant to Ordinance 2006-60. The last dredge project was conducted in 2006 at a cost of \$2,599,250. The committee's plan is to set aside reserves to provide some portion of a major dredge project or to be available for modest maintenance or emergency dredge efforts. Administration and project management services are provided by Bayshore Gateway CRA staff.

**Forecast FY 2021:**

Forecast expenses includes consulting services to assesses future dredging needs.

**Current FY 2022:**

The budget includes engineering services and other expenses of \$60,600. Capital reserves are accumulated to maintain the navigability of the waterway and fund dredge activities in the future. Under this budget the capital reserve will increase to \$778,600.

**Revenues:**

Taxable value is \$151,829,682, an increase of 11.56% over last year. The rolled back rate for this district is 0.9414 per \$1,000 of taxable value. Ordinance 06-60 places a cap on the millage rate at 3.0000 per \$1,000 of taxable value. The advisory committee recommends a millage neutral rate of 1.0000 which will generate \$151,800 in property taxes.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget**

**Office of the County Manager**

**Immokalee Community Redevelopment Agency (CRA)**  
**Immokalee Community Redevelopment Agency (CRA) (186)**

**Mission Statement**

To support the efforts of the Board of County Commissioners, which established itself as the Community Redevelopment Agency (CRA) and made a finding of necessity and of blight conditions in the Immokalee Component Redevelopment Area by adopting Resolution 2000-82 on March 14, 2000, and to implement the Immokalee Component Section of the Collier County Community Redevelopment Plan adopted by the CRA.

**Notes:**

The Board of County Commissioners (BCC) on April 24, 2007 approved the establishment of an Immokalee CRA office with an Executive Director and two support staff. On March 9, 2010 the Board established the Immokalee Business Development Center. The Business Development Center program was phased out in 2015. On October 1, 2012, the Board added management of the Immokalee Beautification MSTU to the CRA's responsibilities and authorized the addition of a project manager position. Commencing in FY 13, the Board moved roadway landscape maintenance of a section of Immokalee Road and SR 29 to the CRA. The CRA fund is compensated for management responsibilities from the Immokalee Beautification MSTU.

The CRA has been repaying the Unincorporated Area General Fund (111) \$30,000 per year since FY 16 relative to a Business Development Center Grant refunding of \$268,900. Repayment will be completed in FY 22 with a final payment of \$90,000.

**Forecast FY 2021:**

The transfer between Immokalee CRA Fund (186) and Immokalee CRA Grant Fund (716) was increased midyear by \$133,300 to accommodate funding requirements of the Immokalee Sidewalk project budgeted in Immokalee CRA grant funds 715/716.

A capital project fund, (786), has been established for the Immokalee CRA. Accordingly, a transfer of \$1,451,700 to the capital fund was approved by the Board in Sept 14, 2021 to establish individual capital projects.

**Current FY 2022:**

Budget increases in operating expenses include contractual services and IT charges. A transfer to the General Fund is provided to support the Corporate Business Operations Division. Transfers between Bayshore CRA Fund (187) and Immokalee CRA Fund (186) are programmed to allocate the cost of personnel shared between the two CRA operations. As discussed in the note above, a \$90,000 final repayment to Fund (111) is provided.

**Revenues:**

Primary revenue sources are Tax Increment Financing (TIF) derived from the CRA's property tax increment. Taxable value within the Immokalee CRA is \$391,123,283 and the related tax increment value by which the tax increment revenue is derived is \$242,477,693. The TIF transfers from the General Fund and Unincorporated Area General Fund, representing 95% of the increment, total \$821,100 and \$185,900 respectively. Year over year TIF revenue is increased by \$113,700 or 12.7% to \$1,007,000.

**Office of the County Manager**

**Immokalee Community Redevelopment Agency (CRA)  
Immokalee Beautification MSTU (162)**

Forecast FY 2021:

Forecast operating expenses are modestly under the adopted budget.

Current FY 2022:

The budget provides for ongoing management and maintenance as well as a combined design and project budget of \$650,000 for hardscape and landscape improvements on Main Street and First Street. Notable operating expense increases include engineering fees \$100,000 and contractual services \$100,000. A transfer of \$92,800 supports project management provided by Immokalee CRA staff. A capital reserve of \$436,700 is provided.

Revenues:

Taxable value is \$460,757,386, an increase of 7.78% over last year's final taxable value. The rolled back rate for this district is 0.9596 per \$1,000 of taxable value. Ordinance 92-40 places a cap on the millage rate at 1.0000 per \$1,000 of taxable value. Consistent with the advisory board's recommendation, this budget is sized around the maximum millage rate which will generate \$460,800 in property tax revenue.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Office of the County Manager**

**Immokalee Community Redevelopment Agency (CRA)**

**Landscaping - Immokalee Rd & State Road 29 (111)**

**Mission Statement**

To provide maintenance of landscaped, non-landscaped medians and roadsides on sections of Immokalee Road and SR 29 within the Immokalee urban area to meet the standards adopted by the Board of County Commissioners and to support Florida Statutes Chapters 74-191.

| <b>Program Summary</b>                                                                                                                                                                                                           | <b>FY 2022<br/>Total FTE</b> | <b>FY 2022<br/>Budget</b> | <b>FY 2022<br/>Revenues</b> | <b>FY 2022<br/>Net Cost</b> |

**Notes:**

In mid FY 12, the Board transferred management of the Immokalee Beautification MSTU to the Immokalee CRA and approved the addition of a CRA project manager position. The Board also approved the concept of using this position to manage all landscaped and improved road right-of-way in the Immokalee area. In FY 13, the median and roadside maintenance budget for Immokalee Road and SR 29 was moved under Immokalee CRA management.

**Forecast FY 2021:**

Forecast maintenance expenditures include contractual maintenance services, electricity and water.

**Current FY 2022:**

Planned maintenance expenditures are consistent with the prior year budget.

## Public Services Department

The Public Services Department provides the citizens of Collier County with a wide variety of governmental services that preserve and enhance the quality of life throughout the community. The Department includes a small administrative staff, and the following divisions: Department Administration, Community & Human Services, Domestic Animal Services, Library, Museum, Operations & Veteran Services, Parks & Recreation, Public Transit & Neighborhood Enhancement, and University Extension Services. Through contractual arrangements, this Department has oversight responsibilities for the Florida Department of Health in Collier County. The goal of each Division is to exceed our customers' expectations in providing high quality services as cost-effectively as possible. The total budget appropriation in FY 22 (including expanded requests, transfers, and reserves) is \$145,124,400. The number of authorized permanent Full-Time Equivalent (FTE) positions in the Department for FY 22 is 480.85.

### Department Administration

This Division provides management, policy oversight, and strategic planning for the programs, services, operations and capital improvement programs of the Department. The Administration Division coordinates closely with the County Manager's Office and other Departments in support of the County's strategic goals as they relate to providing premier services and facilities for the enjoyment and use of the public. The Division has a staff of 2 budgeted FTE's for FY22 with a net operating budget of \$373,500.

### Community and Human Services Division

Community and Human Services is dedicated to improving the wellbeing, financial security and critical needs of the Collier County community through collaborative partnerships and direct services. The division is made up of three operational units: Housing, Aging & Adult Services and Grant Services. The Division has been creating solutions for a stronger community by serving those most in need, particularly those low-income families, with a network of partner agencies and managing over 100 contracts and grants. Human Services helps Collier County residents obtain access to medical and pharmacy care, emergency financial assistance, housing, and food services. The Division helps to connect residents to resources and provide grant assistance to those agencies who assist those experiencing homelessness, or are in need of housing, seniors, and victims of violence. The Division is successfully continuing to manage the pandemic response grants for the County, anticipated to assist more than 1,700 individuals and businesses. The Division's mission is "One Project, One Home and One Person at a Time". The Division administers over \$100M in grant funding with 50.6 FTE's, and a net operating budget of \$9.25 million.

### Domestic Animal Services Division

This Division protects the citizens and animals of Collier County by keeping the area free of strays and complying with state and local ordinances and regulations through education and enforcement, ensures public and animal health and safety by investigating animal-related complaints, including animal-related injuries and diseases, increases public awareness, and promotes responsible pet ownership and humane treatment of animals. Annually, the Division typically takes in and cares for over 3,500 animals. In FY 22, the Division will continue to maintain a live release rate in excess of 90%, by adhering to evolving best practices in the animal welfare field and implementing programs and services, available to the public, to enhance and preserve the human animal bond. To assist in achieving its mission, the Division calls upon many dedicated volunteers, and operates an active animal fostering program. The Division has a staff of 35 budgeted FTE's for FY22 with a net operating budget of \$3.69 million.

### Library Division

The Library Division is responsible for providing annually over 26,400 operational hours across 10 libraries with access to relevant, high-quality materials and resources to meet the varied informational and recreational needs of Collier County residents and visitors. The Library system serves over 1.2 million visitors annually and circulates over 2.4 million titles physically and electronically on an annual basis. The Division actively addresses the broadening scope of the digital divide by providing citizens access to high-speed internet through WiFi and computer accessibility options. To meet the Division's mission to provide educational environments, facilitate community engagement, and cultivate life-long learning to maintain a thriving Collier County, in FY22 citizens have access to essential Division programs including a managed collection of over 660,000 print and electronic materials, 200 computers and iPads, over 2,500 virtual and in-person program offerings, interlibrary loan services, and homebound services through the Mail-A-Book Program. The Division has a staff of 86 budgeted FTEs for FY22 with a net operating budget of \$8.29 million.

## Public Services Department

### Museum Division

The museum system is dedicated to educating residents and visitors of Collier County on the natural history, the native people and the evolution of the area, including highlighting the Seminole Tribe, the first settlers of what is now the County. The system consists of five museum locations, one historic cemetery, and in total, cares for 19 historic buildings, 13 historic structures, more than twelve non-historic buildings and structures, and over 21 acres of land. Two structures are designated as locally historically significant by the Board of County Commissioners and three locations are on the National Register of Historic Places. Each museum features a unique aspect of Collier County's history through permanent exhibits, temporary exhibitions, programs, lectures and special events. The museum collection contains tens of thousands of documents, photographs, and artifacts.

The museums received 93,909 visitors in 2019. The Key Marco Cat is currently on loan from the Smithsonian Institution at the Marco Island Historical Museum. The Division has a staff of 16 budgeted FTE's for FY22 with a net operating budget of \$2.43 million.

### Operations and Veteran Services Division

The Operations and Veteran Services Division provides a wide variety of services to achieve professional financial and operational management of the entire Department. The Division develops an annual operating and capital budget in excess of \$140M, oversees procurement and contractual management, performs financial management of revenues, expenses and projects, leads financial planning and modeling, and maintains long range capital plans. This Division is also focused on department wide technology planning and oversight, enterprise asset management (EAM) where we are currently tracking in excess of 8,000 individual assets, internal controls, and advancement of business processes and reporting capabilities. In these roles, the Division works collaboratively with internal and external stakeholders and decisions are driven by community needs. The Division supports the Department with media relations and promotional activities to make visible our department's exceptional array of programs and services.

The Veteran Services team, provides advocacy and support services to over 3,000 veterans per year, and is committed to serving all of the nearly 30,000 veterans and their families that call Collier County home. Collier County Veteran Services prides itself on commitment to Veterans who have sacrificed for the safety of our nation and is committed to assisting them with claims for earned benefits and many other services. The Veteran Services unit includes three certified Veteran Services Officers to assist veterans and their dependents filing for disability compensation, non-service-connected pensions, appeals burial benefits, education benefits, health benefits, survivor's benefits and other support, and to provide outreach services to inform veterans of potential benefits.

The Division has a staff of 27 budgeted FTE's for FY22 with a net operating budget of \$2.45 million.

### Parks and Recreation Division

The Parks and Recreation Division provides premiere parks, pristine beaches, state of the art aquatics facilities and a multitude of programs for families, young people, senior citizens, and residents alike to enjoy and experience the natural beauty of our area and participate in a wide range of recreational activities. The Division is a nationally accredited agency with the Commission for Accreditation of Parks and Recreation Agencies (CAPRA) that maintains a high level of service at 28 regional, 18 community and 18 neighborhood parks throughout Collier County. In addition, the Division provides support for 21 preserves through the Conservation Collier program as well as ongoing acquisition of additional preserve land associated with the referendum that was reauthorized in 2020 and will generate up to \$26.2 million in revenue. These locations are enjoyed by over 1.5M residents and visitors annually. The facilities and preserves provide for both passive and active recreation programs by which leisure and recreation experiences, and the various unique environments, enhance the well-being and quality of life for participants. They also meet the diverse needs of the youth, teens, adults, senior, and individuals that require accommodations due to a physical or emotional disability in our community. The Division maintains a rigorous capital projects portfolio to maintain the pristine condition of these wonderful community assets. The FY 22 capital project plan focuses on execution of repairs and upgrades at existing community and regional parks with an emphasis on aquatic facilities and athletic fields, including expenditure of \$20 million of previously budgeted bond funding to continue investment in our Parks system. The Division has a staff of 245.25 budgeted FTE's for FY22 with a net operating budget of \$44.14 million.

## **Public Services Department**

### **Public Health Division**

The Florida Department of Health in Collier County (DOH-Collier) continues to coordinate its efforts with the Board of County Commissioners to provide public health programs and services focused on preventing communicable, infectious, and chronic diseases as we work to ensure the safety of our residents and visitors alike. DOH-Collier provides essential public health services to more than 391,000 residents and approximately 1.67 million visitors to our county annually. The main service offerings include infectious disease prevention and control, immunizations, immigrant and refugee health, dental, family planning, WIC, Healthy Start, community health planning, wellness programs, vital statistics, and environmental health services. This past year the health department provided 117,595 individual public health services excluding over 100,000 doses of COVID-19 vaccine administered throughout the County. The main facility is located at the government complex in Naples with a satellite office located in Immokalee. The Florida Department of Health in Collier County has a staff of 150 FTEs and a net operating budget of \$12 million which includes contributions from State, Federal, and County sources. DOH-Collier is supported by Collier County in FY22 with a net operating budget of \$1.86 million.

### **Public Transit and Neighborhood Enhancement Division**

The Public Transit and Neighborhood Enhancement Division oversees the public transit system. This includes Collier Area Transit (CAT), the fixed route system which consists of 20 Routes and CAT Connect, the door-to-door service that provides trips to the transportation disadvantaged and those with disabilities that cannot be served by fixed route. The public transit system provides over 1 million trips annually supporting the community's economic vitality by bringing people to work, retail and leisure. The Division also manages road beautification, drainage projects and several other neighborhood enhancement projects through the Municipal Service Taxing Units (MSTUs) process. The MSTU section of the Division provides maintenance for 8 miles of landscaping, 37,636.5 linear feet of drainage facilities, 1.4 miles of boat channel, 2.2 miles of sidewalks and 15.8 miles of roadway including the burial of 9.0 miles of electrical powerlines, all in the 10 communities they manage. The Division has a staff of 9 budgeted FTE's for FY22 with a net operating budget of \$13.8 million including grant funded operations, and a capital budget of \$7.43 million.

### **University of Florida Extension Services Division**

The University Extension Services Division, also known as "UF/IFAS Extension Collier County", offers research-based educational programs, provides a wide array of resources and conducts specialized training to residents of Collier County. Program areas include: Agriculture (Sustainable Food Systems); Marine Sciences and Natural Resources (Sea Grant); Residential Horticulture (including Florida Friendly Landscaping, Master Gardener Volunteers, and plant clinics); Commercial Horticulture (including specialized landscaper training and plant/pest identification); Family Nutrition Program (SNAP education); and 4-H Youth Development where youth "learn by doing". The division has successfully added virtual options to our educational programming. The Division typically serves over 80,000 participants at learning events annually and provides hundreds of field and office consultations each year. The Cooperative Extension is a county, state and federal partnership. The Division has a staff of 10 budgeted FTE's for FY22 with a County net operating budget of \$857,000.

Forecast FY 2021:

The personal services forecast reflects the retirement of the previous Public Services Department Head and the cost of planned overlap with the new Department Head to ensure continuity.

Current FY 2022:

The personal services budget increase is driven by personnel changes. Operating expense increase is due to budgeted IT and travel expenses.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Operations and Veteran Services Division**

**Public Services Operations (001)**

**Forecast FY 2021:**

Personal services are forecast above FY 2021 budget due to a mid-year reorganization that has realigned 13 positions into Public Services Operations (OVS) from within the Public Services Division (PSD) to complete the transition to a centralized financial and operational support Division. Transfers include seven (7) FTE's from Parks & Recreation (111), two (2) FTE's from Library (001), two (2) FTE's from Parks (001), one (1) FTE from Golden Gate Community Center (130) and one (1) FTE from PTNE Administration (001). Operating expense forecast remains in line with the adopted budget.

**Current FY 2022:**

Increases in the Division budget reflects the annual impact of the aforementioned OVS realignment along with cost-of-living base pay adjustments. This increase is offset by corresponding decreases to Parks and Recreation, Libraries and PTNE budgets.

Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Operations and Veteran Services Division**

**Veterans Services (001)**

**Mission Statement**

The Veteran Services unit includes three certified Veterans Services Officers to assist veterans and their dependents filing for disability compensation, non-service-connected pensions, appeals burial benefits, education benefits, health benefits, survivor's benefits and other support, and to provide outreach services to inform veterans of potential benefits.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Operations and Veteran Services Division**

**Veterans Services (001)**

Forecast FY 2021:

Personal services forecast reflects savings from a position vacancy.

Current FY 2022:

Because of the FY 2021 completion of a one time IT special project operating expenses are budgeted lower in FY 2022. Due to changes in services at the Veterans Administration; Collier County is no longer providing veterans transportation services. The Veterans Administration has assigned this service to a local not for profit organization. There is no significant budget impact. The vehicle assigned for veterans transport is continuing service in support of veterans and other operational needs.

| Prioritize, dispatch, and investigate animal-related complaints, including but not limited to aggressive animals and animal bites, dangerous dog investigations, animal cruelty and neglect, and nuisance complaints involving animals at-large, barking, and sanitary nuisance. Impound injured, neglected, and animals found at-large. Investigate and inspect animal-related businesses, animal-related organizations, and breeders, and issue annual operational permits. Verify compliance with requirements to license and vaccinate for rabies prevention. Issue appropriate penalties for violations; process and coordinate Division's citations for payment, appeals, and record liens and orders with Collier County Clerk of Circuit Court. Responded to 8,717 animal related service calls in FY2020. |                              |                           |                             |                             |

| Maintain the well-being of impounded animals while working towards positive outcomes to include adoptions, rescue networking, return-to-home, and return to owner services. Process adoption requests and provide adoption counseling, assist pet owners in the reunification of their lost pets, provide education to the public about responsible pet ownership and animal-related laws. Accept incoming animals through the Admissions Center, as allowed in Collier County Animal Control Ordinance, by impounding stray animals, scheduling and admitting owner surrender and owner request euthanasia appointments; evaluate animals for best individual outcome. The shelter admitted 2,650 animals during FY2020.                                                                                          |                              |                           |                             |                             |

| Increase Division visibility in the community by promoting programs and services through social and other media platforms and marketing campaigns. Leverage social media presence to publicize lost pets and increase number of animals reunited with their owner. Promote special needs adoptions to save the lives of hard-to-place animals. Announce adoption promotions, upcoming events, and press releases. Facilitate animal foster program, by maintaining open communication with foster families, scheduling needed medical care with clinic operations, and coordinating with potential adopters. Community outreach in FY20 allowed 1,571 animals to be adopted into new homes, reunited 585 animals with their owners, and placed 829 animals into foster homes during FY20.                          |                              |                           |                             |                             |

Provide exceptional medical care for our shelter animals to include emergency, lifesaving veterinary care for injured animals, impounded at the Division. Sterilize all cats, dogs, and rabbits prior to placement in home or release to owner upon reclaim. Perform non-routine surgical procedures to improve the quality of life for shelter animals. Provide medical care to all animals in custody to ensure the health and wellbeing of the shelter population. Coordinate and consult with outside veterinary clinics and specialists to provide advanced medical care for special cases.

**Public Services Department**

**Domestic Animal Services Division**

**Domestic Animal Control (001)**

**Notes:**

The Division outsourced our licensing program in FY 2020 to include data entry, renewals, and management. To compensate for the cost of this service, the Division increased license fees from \$10.00 to \$15.00. The Division also implemented a three-year license. In the area of adoptions, the Division offers adoption promotions and specials regularly to generate excitement within the community at the recommendation of the University of Florida Maddie's Shelter Medicine Program, pursuant to Resolution No. 2018-106, which allows for reduced adoption fees and two-for-the-price-of-one cat adoptions. The Division has implemented a citation collection/compliance program by scheduling all unpaid citations to go before the Special Magistrate and create a mechanism to record unpaid citations as liens.

**Forecast FY 2021:**

Forecast expenditures for personal services and operating expenses are modestly lower than budgeted levels. Revenue projections are below budgeted levels.

**Current FY 2022:**

Personal services increase is due to cost-of-living base pay adjustments. In past years kennel maintenance was provided through a work program. The provision of this service has been discontinued. The additional cost of kennel maintenance staff has been absorbed by other expenditure controls.

**Revenues:**

Revenues are budgeted modestly lower than the prior year.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Domestic Animal Services Division**

**Neutered/Spay Trust Fund (610)**

**Mission Statement**

To sterilize all dogs and cats released from Domestic Animal Services as required by F.S. 823.15 and Collier County Animal Control Ordinance Chapter 14, Article II, section 14-41 and to provide low-cost spay and neuter services for the public for breeds and types of animals most often relinquished to Domestic Animal Services.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Domestic Animal Services Division  
Neutered/Spay Trust Fund (610)**

**Notes:**

This fund collects a specified allocation for each license purchased for non-neutered/spayed animals, impound fees paid for animals reclaimed unsterilized, and the spay/neuter fees from animals sterilized prior to reclaim by their owners. The Division is working with local non-profit groups to provide low-cost spay and neuter for the public and for community cat caregivers. The Divisions' goal is to provide free and/or low cost spay and neuter for breeds and types of animals most often relinquished to Domestic Animal Services.

**Current FY 2022:**

The operating budget pays relief veterinarians and outside veterinarians to spay and/or neuter animals prior to their adoption or reclaim when the DAS clinic cannot accommodate the day's total surgery load, or when the Shelter Veterinarian is unable to perform surgeries in-house. The operating budget will also be used to pay veterinarians to perform low-cost surgeries for pet owners in the community who own breeds and types of animals most often relinquished to Domestic Animal Services.

Reserves are held for use as required to meet the goals of the neutering/spaying program.

**Revenues:**

The Division will continue to offer low cost spay and neuter for the public to aid in their mission to work toward ending the community problem of domestic animal overpopulation. Spay and neuter surgeries are specified by species and sex of an animal and are in compliance with Resolution No. 2017-104 and Resolution No. 2018-106.

**Collier County Government**

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Domestic Animal Services Division  
Domestic Animal Services Donations (180)**

**Notes:**

Domestic Animal Service Division received, from the Raymond James Trust on February 2021, with the approval of the Collier County Board of County Commissioners, a donation from the Sharol A. Murphy Revocable Trust for the amount \$337,371.82. There are no restrictions on the use of the fund other than they be used for DAS general tax-exempt purposes. DAS spending plan for this funds include funding capital projects, enhancements to the new DAS facility and other unfunded DAS expenses to further the charter of the Division.

**Forecast FY 2021:**

Reflects operating expenses in compliance with Resolution No. 2006-026. Forecast revenues represent funds raised from donation and special events.

**Current FY 2022:**

Operating expenses are in compliance with Resolution No. 2006-026 for animals in DAS custody.

**Revenues:**

The revenue budget reflects estimated funds raised from special events such as Paws in the Park and general donations as well as fund balance carried forward.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division**

**Social Services Program (001)**

**Mission Statement**

Our professional staff provides a range of medical case management services to eligible citizens of Collier County as required by Florida Statutes 125.01, 409.915, 154.301, 406.50, and 39.304(5). These services are either state mandated, emergency/short-term medical, or general assistance that support community members in restoring self-sufficiency, providing rehabilitation, and returning them to their previously achieved levels of productivity. These services seek to meet the minimum needs required for health and decency, according to available funding and Board of County Commissioners' policy and philosophy.

**Forecast FY 2021:**

Forecast costs for personal services are somewhat lower than total adopted budget due to charging eligible time to grants and position vacancies. The transfer to Fund (123) is composed of a \$700,700 to support ongoing operations. In addition, the transfer includes \$44,464,800 of fully reimbursed Federal CARES Act funding reassigned into a local Collier Cares Community Assistance program administered from Fund (123).

**Current FY 2022:**

Personal services reflect cost-of-living base pay adjustments. Within the operating expense category the County's estimated Medicaid payment allocation accounts for \$3,300,000 of budgeted expenditures. Other expenditures include transfers to support Affordable Housing Trust Fund (116) operating expenses, a transfer to Fund (123) to support grant program personnel costs when grant funding is exhausted, insufficient, or unallowable and transfers to Housing and Human Services grant funds (706) & (708) to provide matching funds for grant programs.

Achieving compliance with budget guidance necessitated reductions to earmarks for certain programs. Accordingly, on an ongoing basis staff will evaluate the need to realign available resources to appropriately support the Hospitalization, Pharmacy Services and Shelter Welfare programs.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division  
Community Mental Health & LIP Support (001)**

**Notes:**

This budget accounts for both the contract payment to the David Lawrence Center (DLC) for mental health and substance abuse services and County participation in the Medicaid Low Income Pool (LIP) Program through the Agency for Health Care Administration (AHCA) and, pursuant to Florida Statute, Section 394.76(9) (a) and (b). The LIP program leverages local funds to obtain federal matching monies that are used to provide additional healthcare services for low-income individuals in Collier County.

**Forecast FY 2021:**

\$2,336,000 is provided by contract directly to the David Lawrence Center for mental health and substance abuse services, the National Alliance for Mental Illness (NAMI) receives \$146,700. The outcome from LIP participation is a \$1,837,021 pool of funding is expected to be generated and utilized to support healthcare services.

**Current FY 2022:**

The proposed budget of \$3,059,500 includes a LIP match of \$723,500. The LIP match is used to participate in the Medicaid Low Income Pool (LIP) Program through the Agency for Health Care Administration (AHCA). Pursuant to Florida Statute, Section 394.76 (9) (a) and (b), under contract with Collier County the David Lawrence Center is anticipated to receive \$2,336,000 for mental health and substance abuse services and National Alliance for Mental Illness (NAMI) is anticipated to receive \$146,700. As a result of LIP participation, a \$1,837,021 pool of funding is expected to be generated and utilized to support healthcare services.

**Community and Human Services Division**

**Affordable Housing (116)**

**Mission Statement**

The mission of Collier County Community and Human Service's Division's grants and affordable housing programs are to meet community needs to further affordable housing in Collier County. New initiatives for the affordable housing program are to develop a work plan that involves updating the County Affordable Housing Plan and initial implementation of the plan including development of a Collier County Land Trust.

| <b>Program Summary</b>                                                                                                                                                               | <b>FY 2022<br/>Total FTE</b> | <b>FY 2022<br/>Budget</b> | <b>FY 2022<br/>Revenues</b> | <b>FY 2022<br/>Net Cost</b> |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division**

**Affordable Housing (116)**

**Forecast FY 2021:**

Forecast expenditures include personal service costs for an Affordable Housing Manager as well as consulting services for a marketing and public relations campaign. Funding is provided through existing funds carried forward and an operating transfer from the General Fund. Funding in the amount of \$357,600 is carried forward and is budgeted for housing program assistance.

**Current FY 2022:**

The FY 2022 budget provides staffing for affordable housing planning and implementation and is funded through a transfer from the General Fund. The operating expense is showing a decrease by \$26,700 due to a reduction in other contractual services. Grants and Aid increased with \$43,600 budgeted in program assistance for FY 2022.

**Revenues:**

The core operating budget is supported by a transfer from the General Fund. Affordable Housing program revenue from surplus land sales and housing density bonus refunds is budgeted as received.

**Public Services Department**

**Community and Human Services Division**

**Grant Program Support (123)**

**Notes:**

The budget illustrated on this page provides funding for two separate programs. The first, un-reimbursed grant-related costs, utilizes monies provided from the General Fund to support otherwise un-reimbursed personnel, health insurance and operating costs incurred on grant related activities for which grant funds are exhausted, underfunded or unallowable. The second, Senior Choice Reinvestment, reinvests excess Services for Seniors program revenues to support otherwise underfunded grant related Services for Seniors staffing and operational costs.

**Forecast FY 2021:**

The forecast includes anticipated expenditures for un-reimbursed grant-related costs and the Senior Choice Reinvestment program. Funding of \$95,000 from senior's grant program revenue support the Senior Choice Program while a transfer from the General Fund supports general grant related expenses.

On November 10, 2020, agenda item 11.A, the Board approved to reimburse EMS (\$13,464,802.10) and the Sheriff (\$31 million) for public health and safety payrolls thru December 30, 2020 from the CARES Act CRF (Coronavirus Relief Funds). These reimbursements recovered using this methodology were transferred from the General Fund (001) and the Board approved 'Collier CARES' program beyond the December 31, 2020 funding deadline.

**Current FY 2022:**

This current budget includes a General Fund supported budget of \$700,700 to fund otherwise un-reimbursed grant related payroll, health & other related costs. This allowance supports costs incurred on grant activities for which grant funding is exhausted, insufficient or unallowable. Also provided are anticipated Senior Choice expenditures. The budget represents the salary equivalent of approximately 7 FTEs and Health insurance costs for 26 FTEs. The total operating expense for FY 2022 budget is \$3,800 which provides insurance costs of \$3,300.

**Federal:**

Older American Act (OAA)

--Title III-B: Supportive Services and Senior Centers

--Title III-C-1: Congregate Nutrition Services

--Title III-C-2: Home-Delivered Nutrition Services

--Title III-E: National Family Caregiver Support Program

United States Department of Agriculture (USDA)

--Nutrition Service Incentives Program (NSIP)

**State:**

Community Care of the Elderly (CCE)

Home Care for the Elderly (HCE)

Alzheimer's Disease Initiative (ADI)

**Revenues:**

Transfer of excess program revenue from the Human Services grant Fund (707/708) supports the Senior Choice Reinvestment program budget. A transfer from the General Fund supports un-reimbursed grant related payroll expenses.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division  
Community Develop Block Grant & Home Invest (121)**

**Mission Statement**

The mission of the Collier County Community and Human Services Division's grants and affordable housing programs is to meet the community needs by facilitating the creation of affordable housing opportunities, the improvement of communities, and the sustainability of neighborhoods. These goals and objectives will be met by working collaboratively with non-profit groups, governmental agencies, and public/private coalitions to coordinate activities and effectively leverage the resources available to the entire county.

Forecast FY 2021:

The forecast expenses reflect the continuation of some older, multi-year grants. Staff is working to close these out as soon as it is possible to do so. Grants beginning in FY 2012 and forward associated with CDBG have been processed in the Grants Management System and shown in the Housing Grants Funds (705/706). Community Development Block Grant Fund (121) will eventually be shut down as the older grants are closed.

Notes:

State Statutes require this fund be maintained separately from all others until all program and/or prior grant dollars are spent.

Current FY 2022:

The budget for this program is established by the existing SHIP related grant budget rolling forward or with new grants by Board of County Commissioners grant and budget amendment approval.

Forecast FY 2021:

Personal services expense is forecast below budget due to attrition.

Current FY 2022:

Personal services expense contains minimal increases in FY 2022 related to cost-of-living base pay adjustments.

Revenues:

The current FY 2022 budget includes a revenue of \$15,000 associated with impact fee applications.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division**

**Housing Grants (705/706)**

Notes:

Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time.

Forecast FY 2021:

Forecast activity represent grants received during the current fiscal year as well as the continuation of prior year grants. On January 26, 2021, the Board entered into a funding agreement for the Emergency Rental Assistance program under the Consolidated Congressional Act. The Collier County Emergency Rental Assistance allocation is \$20,701,464.60 and includes funding for rental assistance and utility assistance for individuals. Four (4) FTE positions were added mid-year to assist in managing the Emergency Rental Assistance Grant.

Current FY 2022:

Grant funded positions are allocated to grants throughout the Division to align positions and costs with specific grant activities. A Grant match of \$16,400 from the General Fund for the ESG program is provided.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division**

**Human Services Grants (707/708)**

**Mission Statement**

To provide community services through grant awards designed to: support seniors by providing in-home support and nutrition assistance to those in greatest medical, economic and social need thereby improving quality of life and preventing premature institutionalization; creating volunteer opportunities for seniors; and the administration of various community initiatives in which grant funds are received.

| The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020. The CARES Act included a \$150 billion Coronavirus Relief Fund ("Fund") to provide payments to State, Local, and Tribal governments navigating the impact of the COVID-19 outbreak. The total CARES Act allocation for Collier County is anticipated to be \$67,162,432. Eight positions, funded by CARES act funding, have been added to manage and administer this important program. |                              |                           |                             |                             |
| <b>Un-reimbursed Grant Related Costs</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                      | <b>1.00</b>                  | -                         | -                           | -                           |
| General Fund support of CHS grant funded positions and operating costs for which grant contract budgets for program administration and delivery are exhausted, insufficient or unallowable.                                                                                                                                                                                                                                                                                                   |                              |                           |                             |                             |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Community and Human Services Division**

**Human Services Grants (707/708)**

**Notes:**

All new grants for Services for Seniors, Human Services, and Retired & Senior Volunteer Programs are in this fund. Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time. Required match for established grants will be budgeted in this fund in the future, along with their associated program expenses.

**Forecast FY 2021:**

Forecast activity represent grants received during the current fiscal year as well as the continuation of prior year grants. On January 26, 2021, the Board entered into a funding agreement for the Emergency Rental Assistance program under the Consolidated Congressional Act in the amount of \$11,622,380.60. On May 25, 2021, the Board entered into an additional funding agreement for the Emergency Rental Assistance program under the American Rescue Plan Act of 2021 in the amount of \$9,088,102. The cumulative Collier County Emergency Rental Assistance allocation is \$20,710,482.60 and includes funding for rental assistance and utility assistance for individuals. Two grant funded positions were added mid-year (1-26-21, 16.D.7) to support the U.S. Department of Treasury Emergency Rental Assistance Grant.

**Current FY 2022:**

Grant funded positions are allocated to grants throughout the Division to align positions and costs with specific grant activities. Several Service for Seniors grant programs require local match in the range of 10 to 30 percent.

**Revenues:**

Excess Seniors program revenue in the amount of \$95,000 is budgeted to carry forward. This carry-forward is programmed to fund a transfer to Fund (123) to support administrative and program staffing that is either unfunded or underfunded within individual senior grant programs as well as a budgeted reserve for FY 2021 program requirements. A transfer of \$12,200 from the General Fund is provided to support the Retired and Senior Volunteer Program match requirement.

Anticipated FY 2022 funding: The Services for Seniors Grant Program is funded through the Area Agency on Aging of Southwest Florida, Inc. The Retired Senior and Volunteer Program is funded by the Corporation for National and Community Service.

| <p>The Administration program for the Collier County Public Library system is located in the Headquarters Library facility. This program consists of seven components: General Supervision and Budget Management, Acquisitions, Technical Services, Data Management, Public Relations, Courier, and Training services among all 10 libraries. Interlibrary Loan, Mail-A-Book services to homebound patrons, eBook platforms, and streaming services operate within Administration. The public internet server is also housed within Library Administration and maintained by the Library's Applications Analyst. In FY 2020, eBook and streaming services plus telephone renewals, accounted for over 38% of total physical and electronic circulation. The Technical Services Dept. processed 53,295 purchased and donated titles for the Library's physical collection.</p> |                              |                           |                             |                             |

The South Regional Library program provides a full-service regional public Library serving the residents of the southeastern portion of the county with 60 hours of service weekly, six days per week. Core library services are provided in addition to: access to public WiFi; mobile printing; youth, teen, adult and family programming; meeting room space; and public computers. The South Regional Library has meeting room space that can accommodate up to 350 people. In FY 2020, over 14% of library visits and 131,000 materials circulated at the South Regional Library.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Library Division**

**Library (001)**

**Forecast FY 2021:**

Two and one half (2.5) positions have been moved out of the Library budget. Two (2) FTE's have been realigned under Public Services Operations (001) and one half (0.5) position has been realigned under County Extension, Ed & Training Ct (001) to convert an eliminated grant funded FTE to a regular FTE. Personal service costs are expected to be under budget as a result of savings related to extended vacancies due to Covid-19. Major service disruptions from Library closures as part of the county's Covid-19 Pandemic Response Plan are anticipated to reduce Library revenue forecasts by \$145,100 or 54%.

**Current FY 2022:**

To achieve compliance with budget guidance the following core Library service annual costs totaling \$322,100 were shifted to Library Donation Fund (129): Hoopla Streaming eMaterials, required IT technology replacement costs, and multiple patron online database subscriptions. Funding for book purchases is provided in County Wide Capital Fund (301) along with supplemental funding for Library electronic materials (eBooks, eAudio and streaming services) and book purchases provided in the Library Donation Fund (129), Library Trust Fund (612), and State Aid to Libraries Grant Fund (709).

**Revenues:**

Library revenue is budgeted \$10,300 or 4% above the FY 21 adopted budget.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Library Division**

**Library Donation - Project Fund (129)**

**Mission Statement**

To account for funds received from restricted donations.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Library Division**

**Library Donation - Project Fund (129)**

**Notes:**

State Aid to Library Grant Funds are now budgeted in Fund 709. Due to significant changes in the E-Rate Program (<http://sl.universalservice.org>) the Library is no longer eligible. Monies received as restricted donations are assigned a grant number. Appropriation and/or allocation of grant funding will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds into expenditure budgets at that time.

**Forecast FY 2021:**

The total forecast of personal services, and operating expenses represent new and remaining funds associated with unspent dollars in various projects and programs.

Program No. 31129 Fund 129 Operating \$130,800  
Program No. 44037 Radio Frequency Identification (RFID) system \$1,300  
Program No. 44039 William G. Hendrickson Trust – Youth Education \$10,000  
Program No. 44048 Library LEAP Program \$500  
Program No. 44049 Franz Pschibul Trust – Naples Regional Library \$217,100  
Program No. 46044 Lustigman – Headquarters Improvements \$9,300  
Program No. 46045 East Naples Library \$25,000  
Program No. 46046 Marco Lib Donations \$44,900  
Program No. 46047 Shreve Trust \$1,474,300  
Program No. 99129 Transfer for Public Services Grant match \$44,000  
Total Forecast \$1,957,200

**Current FY 2022:**

The budget will roll forward or be established by budget amendment. Funds have been allocated within Program #45047, Shreve Trust, for security upgrades across the division, additional print and eBook purchases, Library Master Plan Study, and to off-set budget shortfalls in Library Fund (001) to meet budget compliance. The funding of core Library services through the use of the Shreve Donation to offset budget reductions in the Library General Fund is not sustainable beyond FY 2022.

**Revenues:**

Reserves and misc. revenue not allocated to specific programs will carryforward and be budgeted in reserves. New Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate grant funds and expenditures at that time.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Library Division  
Library Trust Fund (612)**

**Mission Statement**

To accept and be accountable for general donations and bequests received from the public for the Collier County Public Library System.

Notes:

Revenue from the sale of used and donated books directly funds the personnel costs of the Library Electronic Assistance Program (LEAP).

Forecast FY 2021:

Expenditures include purchase of print material, laptops, eBooks, and LEAP personnel costs.

Current FY 2022:

Budgeted funds will be used to pay for the Library Electronic Assistance Program (LEAP) students and to purchase library materials, data processing equipment and database subscriptions.

Revenues:

Revenues are from private party donations for the betterment of the public libraries, and the sale of used and donated books.

| Provides funding for the professional acquisition, management, and conservation of the Museum collections; research, development, and maintenance of permanent exhibits; and public services related to preserving, researching, and interpreting local history. The collection and archive contain tens of thousands of documents, photographs, and artifacts.                                                                                                                                                                                                                                          |                              |                           |                             |                             |
| <b>Education &amp; Community Services</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | <b>3.00</b>                  | <b>253,495</b>            | <b>-</b>                    | <b>253,495</b>              |
| Provides funding for curriculum-based education and outreach programs such as school tours, lecture activities, and special events; management of the volunteer program; and management of the sales and marketing programs. The museums deliver over 130 educational programs annually, with specific offerings tailored for preschoolers through seniors.                                                                                                                                                                                                                                              |                              |                           |                             |                             |
| <b>Museum of the Everglades</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | <b>2.00</b>                  | <b>228,300</b>            | <b>600</b>                  | <b>227,700</b>              |
| Provides funding to develop, maintain, and operate the Museum of the Everglades in Everglades City. The 1927 wood-frame vernacular museum building was built to serve as the commercial laundry facilitating the construction of the Tamiami Trail and serving Southwest Florida hotels. It is listed on the National Register of Historic Places. Today, permanent and temporary exhibits tell the story of the development of Everglades City and the surrounding area. The museum welcomes an average of 22,000 visitors annually.                                                                    |                              |                           |                             |                             |
| <b>Immokalee Pioneer Museum at Roberts Ranch</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <b>2.00</b>                  | <b>315,600</b>            | <b>15,600</b>               | <b>300,000</b>              |
| Provides funding to develop, maintain, and operate the Immokalee Pioneer Museum at Roberts Ranch in Immokalee. Thirteen acres of the original homestead of cattle rancher Robert Roberts offer an immersive experience of what life was like for Immokalee pioneers. The 1926 Roberts home, as well as the horse barn, cowboy bunkhouse, maid's quarters, sugar cane press and boiler, and similar outbuildings are available to tour. The ranch is listed on the National Register of Historic Places and holds a local historic designation. The ranch welcomes an average of 6,000 visitors annually. |                              |                           |                             |                             |
| <b>Naples Depot Museum</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | <b>2.00</b>                  | <b>255,400</b>            | <b>3,100</b>                | <b>252,300</b>              |
| Provides funding to develop, maintain, and operate the Naples Depot Museum in downtown Naples. The fully restored 1927 former Sea Board Air Line Railway passenger station welcomes visitors back to the railroading boom days of the Roaring Twenties and explains how technology and transportation transformed our community. Three historic train cars are available to view or tour. The depot is listed on the National Register of Historic Places and welcomes an average of 16,000 visitors annually.                                                                                           |                              |                           |                             |                             |

| Provides funding to develop, maintain, and operate the Marco Island Historical Museum on Marco Island. Through a dynamic partnership, the Museum Division and the Marco Island Historical Society offer 10,000 square feet of permanent and temporary exhibit space to tell the story of the human inhabitants of Marco Island, from the now-vanished sophisticated and fierce Calusa to hearty pioneers and savvy developers. The world-famous Key Marco cat and other artifacts from the 1896 Cushing expedition on Marco are on view through 2026. The museum welcomes an average of 23,000 visitors annually. |                      |                   |                     |                     |

| Provides funding to develop, maintain, and operate the Collier Museum at Government Center. The first of the five museums in the County system, Collier Museum offers a board overview of County history in its permanent gallery, as well as five acres of shady gardens featuring numerous relics from our area's past: The Deuce steam engine, the Kokomis ferry boat, an antique swamp buggy, the restored 1926 Naples Cottage, and the Art Studio of E. George Rogers, plus a lecture auditorium and temporary exhibit gallery. The museum welcomes an average of 10,000 visitors annually.                  |                      |                   |                     |                     |

**Notes:**

On July 11, 2017, the Board approved increasing the Tourist Development Tax from 4% to 5% and distribution adjustments among Tourist Tax supported funds. Part of the Board's action was to limit County Museum Tourist Development Tax (TDT) funding at \$2,000,000 per year. While the Museum Division continues to pursue revenue generation through fundraising, grants, and fees, a General Fund transfer will address the increased cost of doing business.

**Forecast FY 2021:**

Personal Service expense is forecast to be in line with FY 2021 budget. Operating expenses are forecast lower due to continuation of expenditure control measures. Carryforward is substantially more than budget due to better than expected TDT collections in FY 2020 and the implementation of expenditure control measures. A transfer to Museum Capital Fund (314), in the amount of \$214,300, is forecast to provide additional funding needed for the Roberts Ranch Home Stabilization & Rehabilitation.

**Current FY 2022:**

Personal Services reflect planned salary expense for existing positions and operations. Capital project funding of \$400,000 is provided and shown as a transfer to Museum Capital Fund (314). Included in the Museum budget is a combined reserve of \$185,600.

**Revenues:**

The principal source of revenue to support County Museums is Tourist Development Taxes (TDT). Estimated FY 2022 TDT allocation to Museums is anticipated to be \$2,000,000, approximately 4.3% above the prior year budget. The transfer from the General Fund into Museum Fund (198) is \$452,300. Modest revenues are budgeted for reproductions, tours, rentals, special events and special events. Carry forward into FY 2022 increased to \$679,800 due to better than expected TDT collections combined with cost control measures in both FY 2020 and FY 2021.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division  
County Park Facilities & Programs (001)**

**Mission Statement**

To maintain a diverse system of beach park, regional park, aquatic, and boat launch facilities that promote healthy lifestyles through our fitness centers and programs, strengthen our community, enrich our economy through partnerships with sports tourism, and protect and sustain our environment with community stakeholder involvement. These services provide diverse recreational opportunities and access to natural preserve and greenspaces for the visitors and residents of Collier County.

| Maintain County owned boat ramp parks at (7) locations including Cocohatchee River Park, Isles of Capri Paddlecraft Park, Bayview Park, Collier Boulevard Boat Park, Caxambas Park, Goodland Boat Park, Ann Olesky Park and Port of the Islands Boat Park. Ensure compliance with FDEP requirements regarding marina fuel tanks at Cocohatchee River Park, Caxambas Park, and Port of the Islands Boat Park. Compliance requires routine inspections and maintenance of the fuel tanks in coordination with the Collier County Solid and Hazardous Waste Management Division. Marina Operations is also responsible for FDEP submerged lands lease reports and fees that are due annually at Cocohatchee River Park, Caxambas Park, and Goodland Boat Park. These leases allow for continued use of the ramps and docks at these parks. |                              |                           |                             |                             |

| The Park Ranger Program provides protection of park resources and park visitors; enforcement of County ordinances and park's regulations; information regarding park use and points of interest; beach vendor inspections; parking fee collection; traffic control; and monitoring beach conditions. Rangers may also act as educators by taking visitors on guided nature walks or canoe trips, setting up exhibits and lecturing on historic topics. Park Rangers provide a total of approximately 76,000 contacts annually.                                                                                                                                                                                                                                                                                                          |                              |                           |                             |                             |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division  
County Park Facilities & Programs (001)**

**Notes:**

The Parks Division continues to support Tourist Development in hosting sports tourism events at County sports venues such as North Collier Regional Park and Sugden Park. The provision of Park and Recreation regional services are complemented by the dedicated service of volunteers who assist at the Beaches and the Regional Parks. These volunteers provide valuable service hours to regional parks totaling up to thousands of service hours.

**Forecast FY 2021:**

The Parks (001) position count is reduced by three and one quarter (3.25) FTE's as a result of two (2) FTE's transferred to Public Services Operations (001), one (1) FTE transferred to Purchasing (001) and the elimination of a part time (.25) position. Personal service expense forecast is lower due to the phase in of Big Corkscrew Regional Park positions, the realignment of job bank budgets from personal services to operating expenses and the reduction in positions. Operating expenditures are forecast slightly higher than budgeted levels due to the aforementioned realignment of job bank budgets and the capital forecast reflects the carryforward of prior year equipment contracts for Big Corkscrew. The revenue forecast reflects Covid-19 related impacts and major renovations at Sun-N-Fun.

**Current FY 2022:**

The decreased personal services budget reflects the position moves noted above as well as one (1) FTE transferred to Facilities Capital Project Management (001) and the transition of the job bank/temporary labor budget to the operating expense category. The remittance budget of \$500,000 is a portion of the annual \$1,500,000 payment to the City of Naples for reciprocal beach parking and recreational services pursuant to the 2008 Interlocal Agreement as amended on November 14, 2017. Also provided in the budget is a reimbursement from the General Fund (001) to the Unincorporated Area General Fund (111) for a portion of Parks & Recreation Division administrative costs that are funded within the Parks Fund (111) Budget.

**Revenues:**

The FY 2022 revenue budget is established modestly higher than the prior adopted budget with the inclusion of the anticipated Big Corkscrew Island Regional Park revenue stream estimated to be \$335,500. All Park Rangers are budgeted in the General Fund (001) Parks budget. Ranger costs are then apportioned between General Fund Parks and Fund (111) Community Parks resulting in a transfer of \$387,900 from Fund (111) to Fund (001).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division**

**Parks & Recreation (111)**

**Mission Statement**

To maintain a diverse system of community centers, community parks, aquatic/fitness centers, child care facilities that promote healthy lifestyles through our programs, strengthen our community, enrich our economy through partnerships and protect and sustain our environment with community stakeholder involvement. These services provide diverse recreational opportunities and access to natural preserve and greenspaces for the visitors and residents of Collier County.

| <b>Program Summary</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | <b>FY 2022<br/>Total FTE</b> | <b>FY 2022<br/>Budget</b> | <b>FY 2022<br/>Revenues</b> | <b>FY 2022<br/>Net Cost</b> |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division**

**Parks & Recreation (111)**

**Notes:**

The provision of Park and Recreation services is complemented by the dedicated service of volunteers assisting at community parks. These volunteers provide thousands of service hours.

**Forecast FY 2021:**

The Parks (111) position count is reduced by seven (7) as a result of seven (7) positions transferred to Public Services Operations (001) as part of the final transition to centralized department financial and management functions. Personal service expense forecast is lower due to the transfer of those positions and the realignment of job bank costs from personal services to the operating expense category. Revenue is forecast lower reflecting the impact of Covid-19 on participation and revenue.

**Current FY 2022:**

The personal services budget is reduced as a result of the reassignment of positions as discussed above. Additionally, within the budget there is a shift of temporary labor/job bank budgets from personal services to operating expenses. Provided in the budget is a reimbursement to the General Fund (001) for a portion of Park Ranger costs expended on behalf of Parks (111) operations. Overall the budget reflects a 2.7% decrease in budgeted operating expenses.

**Revenues:**

The FY 2022 revenue budget is established modestly lower than the prior year reflecting recent trends and the uncertainty of post Covid-19 activity levels. All Parks Division administration costs are budgeted in the Fund (111) Parks budget. Administration costs of \$643,700 are then apportioned between General Fund (001) Park operations, Unincorporated General Fund (111) Park operations, Sea Turtle Monitoring program Fund (119) and Conservation Collier Fund (172).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division  
Golden Gate Community Center (130)**

**Mission Statement**

Influenced and supported by the MSTU Advisory Board to maintain a diverse community center, which includes an auditorium, indoor gymnasium, amphitheater, childcare facility, BMX and Skateboard park and community garden that promote healthy lifestyles, extreme sports, and sports tourism. These programs strengthen our community and enriches our economy through partnerships with community stakeholder involvement. These services provide diverse recreational opportunities and greenspace for the visitors and residents of Collier County.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division  
Golden Gate Community Center (130)**

**Notes:**

The provision of Park and Recreation services is complemented by the dedicated service of volunteers assisting at community parks. These volunteers provide thousands of service hours.

**Forecast FY 2021:**

One (1) FTE has been transferred to Public Services Operations (001). Personal service expense forecast is lower due to the transfer of the position and the realignment of job bank costs from personal services to the operating expense category. Program revenue is forecast slightly lower reflecting the impact of Covid-19 on participation and revenue.

**Current FY 2022:**

Personal services are budget lower reflecting the prior year transfer of one (1.0) FTE to Public Services Operations (001) as well as the relocation of the job bank/temporary labor budget into the operating expense category. Capital outlay is budgeted for building improvements and a capital replacement reserve is maintained for future updates and replacements.

**Revenues:**

Taxable value is \$2,723,206,661 an increase of 7.08% over last year. The rolled back rate for this district is 0.1766 per \$1,000 of taxable value. Ordinance 75-04 places a cap on the millage rate at 0.9000 per \$1,000 of taxable value. This budget is sized around the millage neutral rate of 0.1862 which will generate \$507,100 in property tax revenue. A budget policy compliant transfer of \$581,800 from the Unincorporated Area General Fund (111) also provides funding for Golden Gate Community Center operations.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division**

**Sea Turtle Monitoring (119)**

**Mission Statement**

To protect nests and collect data on sea turtle nesting and hatching activities, in order to fulfill permit requirements for beach raking and beach renourishment. Protecting sea turtle nests also allows beachfront property owners to obtain permits for certain activities seaward of the State Coastal Construction Control Line (CCCL).

Notes:

This fund was established to account for donations from private parties and fund raising activities.

Forecast FY 2021:

Forecast expenditures are supported primarily by prior year contributions brought forward. Planned expenditures support camp and recreation scholarships for eligible children and equipment purchases pursuant to donation conditions.

Current FY 2022:

Expenses represent scholarships for eligible children as well as donations for child based activities.

Revenues:

Revenue budget represents anticipated contributions.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Parks & Recreation Division**  
**Conservation Collier Fund (172)**

**Mission Statement**

To acquire and preserve vital and significant threatened natural lands, forest, upland and wetland communities located in Collier County, for the benefit of present and future generations.

**Public Services Department**

**Parks & Recreation Division  
Conservation Collier Fund (172)**

**Notes:**

In accordance with Ordinance No. 2002-63, FY 13 was the final year of the voter approved Conservation Collier special tax levy. At that time Conservation Collier acquisition operations were phased out and accumulated reserves were moved to the Conservation Collier Management Trust Fund. On February 14, 2017, the Board directed staff to restart the Conservation Collier land acquisition phase on a limited basis utilizing funding advanced from the Conservation Collier Management Trust Fund. Pursuant to Board direction, staff placed a non-binding referendum on the November 3, 2020, general election ballot regarding the Conservation Collier program. Specifically, the voters were asked to approve or disapprove reestablishing a not to exceed .25 mil ad valorem levy for ten (10) years to fund Conservation Collier's acquisition and management of environmentally sensitive lands. On November 3, 2020, the Collier County electors approved the Conservation Collier Reestablishment referendum with a 76.5% majority. As such, the FY 2022 budget has been developed to include a Conservation Collier Program tax levy of 0.2500 mil which will generate property taxes of \$26,188,800.

**Forecast FY 2021:**

During Acquisition Cycle 9, the Board approved staff to continue to acquire properties in the Winchester Head Multi-parcel Project Area. Three parcels totaling 3.87 acres have been purchased for \$56,350 in FY 2021. It is anticipated a total of \$100,000 will be spent in FY 2021 to acquire properties in this area. Funding is provided by LDC off-site preserve requirement donation and a transfer from Conservation Collier Management Trust Fund (174).

**Current FY 2022:**

The budget provides a land acquisition budget of \$14,065,100 and \$3,700,000 to repay the Conservation Collier Management Trust Fund (174) for monies advanced to acquire strategic properties prior to the referendum. Further, consistent with Ordinance 2002-63 as amended, 25% of the revenues collected or \$6,028,900 will be deposited into the Conservation Collier Management Trust Fund (174) to provide for long term management of lands acquired through or managed by the Conservation Collier Program. The Conservation Collier Land Acquisition Advisory Committee (CLAAC) recommended that the Board authorize an Acquisition Cycle to start in March 2021 for properties to be ranked by the Board in January 2022 to be acquired in FY 2022.

**Revenues:**

A referendum on the Conservation Collier Program was included on the November 3, 2020 ballot. The result was a 76.5% majority in favor of reestablishing a county-wide millage of 0.25 mills for the Conservation Collier Program. County-wide taxable value is \$104,755,223,016, an increase of 5.64% over last year. This is a new levy so there is no calculated rolled back rate. The proposed millage is 0.2500 per \$1,000 of taxable value which will generate property taxes of \$26,188,800.

**Public Services Department  
Parks & Recreation Division  
Conservation Collier Maintenance (174)**

**Forecast FY 2021:**

The Operating Expense forecast reflects land maintenance and restoration activities. A transfer of \$335,300 is provided to Conservation Collier Fund (172) to support acquisition related expenses as well as a \$100,000 acquisition allowance for mitigation acquisitions under the Land Development Code authorized program. The US Fish and Wildlife Service Pepper Ranch Preserve Conservation Bank Agreement requires Collier County to establish and maintain a dedicated, perpetual management account with a principle balance of \$3,940,000 by October 1, 2020. Accordingly, a transfer of \$3,001,300 has been made from this fund to Pepper Ranch Conservation Bank Fund (673). Future panther habitat revenues generated from the Pepper Ranch Conservation Bank will be deposited into Fund (174) to repay this transfer. The revenue forecast includes \$747,700 from the sale of PHU credits to the Sports Complex project.

**Current FY 2022:**

The Conservation Collier Management Trust Fund (174) budget provides for restoration and maintenance activities as well as preserve management. General operating expense and personnel budget is \$431,400.

Gore - \$50,000 for ongoing initial and maintenance exotic plant treatments.

Gordon River Greenway - \$15,600: primarily exotic plant treatment maintenance for Conservation Collier's portion of the Greenway.

Nancy Payton Preserve - \$18,100: exotic plant treatment, prescribed fire, firebreak and trail maintenance. Included is \$2,000 to fund Conservation Collier's portion of the Blue Sage Drive MSTU.

Pepper Ranch Preserve - \$84,000: planned exotic plant treatment maintenance, firebreak maintenance and repairs of gates and cameras, maintenance of trees, and removal of hazard trees as well as \$11,000 for equipment replacement.

Railhead Scrub Preserve - \$97,100: exotic plant treatment maintenance, firebreak and trail maintenance as well as \$75,000 for fencing.

Rivers Road Preserve - \$18,000: exotic plant treatment maintenance, firebreak and trail maintenance.

Red Maple Swamp - \$20,000: exotic plant treatment maintenance on acquired parcels.

All other preserves (Alligator Flag, Cocohatchee Creek, Freedom Park, Logan Woods, McIlvane Marsh, Otter Mound, Panther Walk, Redroot, Shell Island, Wet Woods, Winchester Head, Cypress Landings, and SD Corp property) - \$188,100: exotic plant treatment, trail maintenance, signage, tree management and misc. maintenance as needed. Cypress Landings II parcels and maintenance treatments for invasive, exotic plants at McIlvane Marsh Preserve.

A transfer of \$155,000 to Conservation Collier Capital Project Fund (179) provides funding for improvement and maintenance projects. A contingency reserve of \$90,000 is provided in addition to the primary Conservation Collier Management Trust Fund Reserve of \$34,629,500. Reserves have been accumulated and set aside as dictated by Conservation Collier Ordinance for the preservation, enhancement, restoration, conservation and maintenance of environmentally sensitive lands that either have been purchased with Conservation Collier funds or have otherwise been approved for management.

**Revenues:**

The most significant source of funding is carry-forward of Conservation Collier Management Trust Fund (174) Reserves. Added this year is the transfer of \$9,728,900 from Conservation Collier Acquisition Fund (172). This transfer is made up of a \$3,700,000 repayment for Management Trust Fund monies used to acquire properties prior to the reestablishment of the Conservation Collier tax levy and \$6,028,900 representing 25% of annual tax receipts as required by Conservation Collier Ordinance 2002-63 as amended.

**Public Services Department**

**Parks & Recreation Division  
Caracara Prairie Management Fund (674)**

**Notes:**

Caracara Prairie Fund (674) is utilized to maintain this preserve under its Conservation Bank status. Escrow funding was deposited into the Caracara Prairie Trust Fund (674) prior to release of Panther Habitat Units (PHUs) in FY 2015. The PHUs are being used for the Resource Recovery Park being developed by the Solid Waste Division. US Fish and Wildlife Service Biological Opinion Letter requires that the Grantor establish the Resource Recovery Park Compensation Parcel Endowment Fund Trust (the "Trust"), which shall be comprised of a non-wasting management fund (the "Endowment Fund") solely used to defray costs associated with the maintenance and management of the Compensation Parcel in perpetuity. The required one-time management fund deposit was established by agreement at \$1,582,800. This amount is the principal of the fund and expenses cannot cause the fund to dip below this amount.

**Forecast FY 2021:**

The forecast budget reflects planned management activities.

**Current FY 2022:**

Budget reflects planned management activities.

**Revenues:**

This fund is supported by endowment funds and the interest earned on those funds as well as cattle lease revenue.

**Public Health Department (001)**

**Mission Statement**

As a county health department within the integrated system of the Florida Department of Health, the Department of Health in Collier County provides public health programs and services focused on preventing communicable, infectious and chronic diseases as we work to promote and protect the health of our community. DOH-Collier provides essential public health services to more than 391,603 residents and approximately 1.67 million visitors to our county annually. The main service offerings include infectious disease prevention and control, immunizations, immigrant and refugee health, dental, family planning, WIC, Healthy Start, community health planning, wellness programs, vital statistics, and environmental health services. This past year the health department provided 117,595 individual public health services excluding over 100,000 doses of COVID-19 vaccine administered throughout the County. The main facility is located at the government complex in Naples with a satellite office located in Immokalee. The Florida Department of Health in Collier County has a staff of 150 and a net operating budget of \$12 million which includes contributions from State, Federal, and County sources.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**University Extension Service Division  
County Extension, Ed & Training Ct (001)**

**Mission Statement**

To assist Collier County Government in achieving growth management goals through research based practical education for employees and the adult and youth populations in Collier County. To develop knowledge in agriculture; human and natural resources; and the life sciences and to make that knowledge accessible to sustain and enhance the quality of human life throughout Collier County.

| Provides residential educational programming that addresses care, maintenance; landscape care and water conservation practices as well as adoption and use of Best Management Practices (BMP) in landscapes and gardens. Educating residents on Florida Friendly Landscape principals is included in the program area, as is, management and training of Master Gardener Volunteers to extend the outreach of the program. Provides commercial educational programming including Green Industry Best Management Practices for fertilizer and pesticide training and application. This includes providing job related pesticide exams through the Florida Department of Agriculture and Consumer Sciences. Diagnostics for pests and diseases is one common consultation areas. |                              |                           |                             |                             |

**Notes:**

There are 10 full-time employees receiving contributions to salary from Collier County. For funding purposes the county funds a total of 7.5 FTE. Five positions are 100% Collier County funded – 2 for administrative, 3 for 4-H Youth Development. Four positions are 40% Collier County funded and 60% University of Florida (UF) funded – 1 for administrative, 1 for commercial horticulture, 1 for agriculture, 1 for marine science. One position is 90% Collier County funded and 10% UF funded for residential horticulture.

**Forecast FY 2021:**

University Extension regular position count is increased by one half (0.5) FTE as a result of a mid-year adjustment that moved one half (0.5) FTE from Library (001) into this budget. The one half (0.5) FTE previously included in Public Services Grant Fund (709/710), has been eliminated.

**Current FY 2022:**

The change in position count discussed above along with a cost-of-living base pay adjustment accounts for the increase in personal services.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Public Services Grants  
Public Services Grants (709/710)**

**Notes:**

Upon receipt, new grant programs are brought before the Board of County Commissioners for approval and acceptance. At that time, budgets are added to the financial accounting and grant management system.

**Forecast FY 2021:**

The forecast represents new and ongoing grant programs associated with the unspent dollars in various grant projects and programs.

Because of changes to grant conditions the one half (0.5) FTE 4H grant funded position has been eliminated in favor of a regular funded position in the General Fund (001) University Extension budget.

**Current FY 2022:**

Existing Grant budgets will roll forward and new budgets will be established by executive summary and budget amendment.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Public Transit and Neighborhood Enhancement (PTNE)**

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Public Transit and Neighborhood Enhancement (PTNE)**

**PTNE Administration (001)**

**Mission Statement**

The Public Transit & Neighborhood Division consists of Collier Area Transit (rideCAT), Collier Area Paratransit (CATConnet) and the Municipal Service Taxing Units (MSTU) Sections and is committed to providing services that enhance the quality of life of Collier County residents and visitors by providing mobility options that improve access to destinations, reduce roadway congestion and protect the environment by limiting the impact on carbon footprint.

**Forecast FY 2021:**

Personal services are forecast lower than budget reflecting the mid-year transfer of one (1) FTE to Public Services Operations (001) as part of the final transition to centralized Department financial and management functions.

**Current FY 2022:**

Personal services are budgeted lower reflecting the reassignment of a position from PTNE to OVS.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Public Transit and Neighborhood Enhancement (PTNE)  
Collier Area Transit CAT Grant Fund (424)**

**Mission Statement**

To provide an account to maintain Collier Area Transit nondiscretionary (formula) and discretionary grant program funds from Federal and State sources to subsidize capital transit projects and operations.

**Notes:**

Collier County BCC is a designated recipient of formula funds for the Bonita Springs - Naples Urbanized Area awarded by the Federal Transit Administration (FTA). Section 5307 funding is the largest funding source apportioned annually by ridership and population. A 20% match requirement for capital funding is fulfilled by a soft match through Transportation Development credits provided by the Florida Department of Transportation (FDOT) as authorized by Title 23 U.S.C. 120(j)(1).

Section 5307 supports both capital and operating activities. Eligible operating activities not counted towards the operating assistance cap include preventive maintenance of federal transit capital assets, which covers operational fleet costs, and an allowance of up to 20% to fund ADA Paratransit accessibility activities. In addition, Section 5307 allows grantees to utilize a portion of funds toward route operating assistance, which the County historically uses to subsidize fuel costs. All operating assistance is subject to a 50% cash match. Funding under the CARES and America Rescue Plan Act allocated to Section 5307 waived the 50% cash match. Section 5307 mandates grantees to utilize a minimum of 1% of funding toward transit enhancements (bus shelters, signage, etc.) and 1% toward security and safety activities.

Other annual formula funding includes the FDOT State Block Program used for eligible capital and operating costs to provide public transit service and pass through of the FTA Section 5311 Rural Area Program used to fund operations in non-urbanized (rural) areas. Operating assistance is subject to a 50% cash match.

Discretionary programs include the pass through of the FTA Section 5339 Bus and Bus Facilities Program to provide capital funding to replace, rehabilitate and purchase buses and related equipment and construct bus-related facilities (bus shelters).

Overall, capital funding primarily supports the rehabilitation and construction of bus shelters, bus stops and passenger facilities as well as the major components of the transit system including but not limited to intelligent transportation systems (ITS), automatic vehicle location (AVL), electronic farebox and the associated warranties and software.

Forecast FY 2021:

This list represents active grant awards:

\$50,000 33172 FTA Section 5307 FY11 Annual Capt Apportionment  
\$185,200 33243 FDOT Flexed Section 5307 ADA Shelters

**Collier County Government

Grand Total \$29,845,000

**Current FY 2022:**

All grants are appropriated at the time the grant contract is executed which occurs outside of the annual budget cycle. Any required match is also appropriated at the time of award receipt for the entire grant cycle which customarily crosses more than one fiscal year.

**Revenues:**

Revenues anticipated to be received from grant fund sources during FY 2022 to subsidize operations are planned at the following levels.

|             |                                                  |

| <b>Full Cost for Fixed Route Public Transportation</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | <b>4.00</b>            | <b>7,931,900</b>          | <b>3,565,600</b>            | <b>4,366,300</b>          |
| Fixed Route system consists of 19 routes providing service to Greater Naples, Golden Gate City, Marco Island, Immokalee and portions of Golden Gate Estates, 7 days a week. The system also includes an Express Route transporting over 21,000 worker trips annually between Immokalee and Marco Island. Full cost is supported by all funding sources such as grant revenues, farebox collections and the general fund subsidy to operate and manage the Fixed Route public transportation system which provides service to the public seven days a week with ADA accessible buses. |                        |                           |                             |                           |
| <b>State Transportation Block Grant</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | -                      | -800,000                  | -                           | -800,000                  |
| This grant supports operating costs for those routes servicing the urban area of the County, including Routes 1, 12, 13, 14, 15, 16, 17, 18, 20, 21, portions of route 24, 25, 26, portions of route 27, and 29. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. These funds will be used to offset the operating cost of fixed route public transit services from the Florida Department of Transportation.                                               |                        |                           |                             |                           |
| <b>Federal Transportation Administration Sec. 5307 Grant</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | -                      | -2,908,900                | -                           | -2,908,900                |
| This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. The Urbanized Area Formula Funding program is primarily awarded for transit capital. Preventive maintenance is considered an eligible capital cost by the grantor to support the upkeep of federal assets (buses). Operating assistance requires a 50% local match and may be adjusted by prior year grant funds rolled forward.                                                                           |                        |                           |                             |                           |
| <b>Federal Transit Administration Sec. 5311 Grant</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                | -                      | -657,400                  | -                           | -657,400                  |
| This grant supports operating costs for those routes servicing the rural area of the County, including Routes 19, 22, 23, portions of route 24, portions of route 27, and 28. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. The Rural Area Formula Grant offsets operating costs of rural routes. Funding is passed through the Florida Department of Transportation and requires a 50% match.                                                           |                        |                           |                             |                           |
| Current Level of Service Budget                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | <u>4.00</u>            | <u>3,565,600</u>          | <u>3,565,600</u>            | <u>-</u>                  |

**Notes:**

The Collier Area Transit (CAT) bus system is funded annually through local General Fund dollars, passenger fares plus federal and state grants. Local dollars (including farebox revenues) fund approximately 60% of bus system operations based on a three-year average. Grant dollars are received during the fiscal year, approved separately by the Board, and uploaded into the accounting system via budget amendment. These dollars are not included as part of the adopted budget. Grant dollars annually offset approximately 40% of system expenses. Numbers contained under the Forecast column include a combination of local and grant dollars and reflect appropriations in the accounting system. The county's budget and accounting system requires that the amended budget be forecast which allows for project roll. Project roll is the difference between the amended budget and actual expenses incurred at year-end. This process allows for grants to be spent during the period of availability which is customarily over one or more County fiscal years.

**Forecast FY 2021:**

The CAT local operating share of forecast at \$3,921,500 is comprised of personal services (\$440,800) and operating (\$3,480,700). The remaining balance of \$2,773,100 represents required match funding with the CAT Grant Match Fund (425) that crosses more than one fiscal year. The capital forecast (\$261,300) represents the amended budget for planned unit development (PUD) and local contributions within the CAT Fund (426) supporting bus shelters. The transfers of \$2,000,800 represent amounts moved between the CAT family of funds (Match Funds 425 and 426) to appropriately track the local match requirements to grants that annually fund the transit system.

Forecast by project type is summarized below.

\$2,773,100 Multi Required Match to Federal/State Grants  
    \$53,300 60083 Bus Shelters (Local)  
    \$39,100 60133 PUD Mercato  
    \$25,000 60181 PUD Hibiscus  
    \$30,000 60187 PUD Arrowhead Preserve  
    \$10,000 69341 PUD Airport/OBD  
    \$38,900 60247 PUD McMullen  
    \$65,000 69341 PUD Heavenly

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

\$3,921,500 61011 Operations

\$6,955,900 Total

While ridership began to stabilize prior to the pandemic, a substantial decline was inevitable for FY 2021. As a result farebox revenues are projected approximately 32% less than budgeted levels at \$650,000. While decreased ridership can impact annual subsidies that are awarded noncompetitively on a formula basis of population and ridership, these grants used data from non-pandemic years to size award allocations.

Current FY 2022:

Total CAT bus system appropriations amount to \$7,931,900, an increase of \$462,200 over the prior year due to increased costs for third party contractual services and fleet preventive maintenance. The anticipated grant revenues of \$4,366,300 provide a \$349,100 increase from the prior year and are not represented within the FY 2022 budget request. This leaves the amount of local funding requirement to offset program expenses at \$3,565,600, up \$113,100 over the prior year. Local dollars represent the only component of the program for establishing the FY 2022 budget request.

Personal Services reflect four (4) FTE's with a slight increase of \$4,900.

The transit operating costs for FY 2022 are sized at 73,100 revenue hours at an average \$52.18 per revenue hour or an increase of \$1.24 over the prior year. Revenues hours are sized at pre-pandemic services levels. Should additional buses still be required for social distancing in FY 2022, these services will be covered under the compliment of available CARES funding through FTA. The administrative management cost, a separate component of the contract is sized at \$973,400 – an increase of \$23,200 – for a total of \$4,787,700. This brings the average third-party operating cost to \$65.49 from \$63.94 per revenue hour.

Total operating expense represents the following split between local and grant funding.

\$846,500 Other Ops/FTEs  
\$45,000 Fleet Maintenance  
\$2,521,300 Transit Operator  
\$152,800 Reserve

\$3,565,600 Total Local Share

\$836,100 Fleet Fuel  
\$1,263,800 Fleet Maintenance  
\$2,266,400 Transit Operator

\$4,366,300 Total Grant Share

Through notification of funding announcements and the State Transportation Improvement Program (STIP) – a preliminary amount of \$2,266,400 will be used to offset the transit operator contract cost through the FDOT State Block, and FTA Rural and Urbanized Area Grant Program. These grants customarily offset costs at a maximum of 50% as required by the grantor guidelines. Transit fleet operating and overhead costs are eligible to be covered by FTA Section 5307 funding (\$1,263,800) as well as fuel (\$836,100). While funding for fuel historically requires a 50% match, this requirement was waived due to the pandemic and resulting CARES Act. Total offsets equate to \$4,366,300.

A Reserve of \$152,800 has been established for FY 2022.

Revenues:

For FY 2022, the overall General Fund (001) subsidy (\$5,626,000) remains flat between both transit systems. The split between CAT and TD is adjusted based on operational needs and available grant funding. The CAT General Fund Transfer is sized at \$3,153,300, an increase of \$918,200 resulting from a negative carryforward due primarily to lost revenues and increased operating costs.

Fare Box Revenue is sized at the same level of prior years (\$961,000), with grant subsidizes anticipated to cover any shortages.

Revenues also include a small portion of fleet charges (\$45,000) anticipated to be reimbursable per the terms of the transit operator contract for vehicle damages and towing to be consistent with historical activity.

**Notes:**

The Transportation Disadvantage (TD) program is funded annually through local General Fund (001) transfers, fares charged to clients and grant programs awarded by federal and state agencies. Local dollars fund approximately 60% of the TD program. Grant dollars are received throughout the fiscal year, approved separately by the Board, and uploaded into the accounting system via budget amendment. These dollars are not included as part of the adopted budget. Grant dollars annually offset approximately 40% of program expenses. Numbers contained under the Forecast column include a combination of local and local match grant dollars and reflect appropriations in the accounting system. The county's budget and accounting system requires that the amended budget be forecast which allows for project roll. Project roll is the difference between the amended budget and actual expenses incurred at year-end. This process allows grants to be spent during the period of availability which is customarily over one or more County fiscal years.

**Forecast FY 2021:**

The local share forecast for Operating Expense and Personal Services is sized at \$3,749,100. Local capital support of \$58,600 represents the required local share to replace TD vehicles and radios under the FTA Section 5310 and State CTD Shirley Conroy programs. Transfers to the TD Grant Match Fund (429) total \$54,600 to appropriately track required match amounts for operating and capital programs.

Fare Box revenue are projected approximately 30% less than budgeted levels at \$177,000. Miscellaneous revenues of \$40,000 represent vehicle repairs that are the responsibility of the transit operator vendor.

**Current FY 2022:**

Total TD system appropriations amount to \$4,896,800 plus a reserve of \$148,600 for a grand total of \$5,045,400. This is a decrease of \$231,000 over the prior year primarily due to the less fleet costs and a small decrease of trips (3,000) to maintain a small reserve. The reserve of \$148,600 also decreased by \$102,200.

The transit management and operating service costs for FY 2022 are sized on providing 105,000 trips at an average contracted rate of \$26.08 or \$.50 more per trip over the prior year per the terms of the negotiated contract rate in outer years. Overall trips are down by 3,000 as the budget was previously sized at projected ridership levels prior to the pandemic. The negotiated administration contract fee of \$968,200 for management over the TD system increased by \$23,200 over the prior year. The total transit operator cost is \$3,706,600 for FY 2022 and remains flat in comparison to the prior year.

Grant revenues of \$1,386,300 are not represented within the FY 2022 budget request. This is a decrease of \$100,600 due to decreased funding from both the State and Federal grant programs. The State Commission of Transportation Disadvantaged has adopted a performance-based model and methodology to award funding phased in over three years beginning July 1, 2021 - the start of the State's fiscal year. The net amount of local funding required to offset program expense is \$3,659,100, a decrease of \$130,400 attributable to carryforward of prior year subsidies. Local dollars represent the only component of the program for establishing the FY 2022 proposed budget.

Total operating expense represents the following split between local and grant funding:

\$600,900 Fleet Maintenance  
\$348,800 Fleet Fuel

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

\$327,400 Other Ops/FTEs  
\$2,320,300 Transit Operator  
\$61,700 Reserves

\$3,659,100 Total Local Share

\$1,386,300 Total Grant Share\*

\*Represents Transit Operator

**Revenues:**

The General Fund (001) subsidy for TD during FY 2022 is sized at \$2,472,700, a \$918,200 decrease over the prior year due to available carryforward to assist in offsetting the local subsidy needs. A small Fund Reserve of \$61,700 has been established. This in addition to the required match (\$86,900) also part of the Fund Reserve.

Fare Box revenue is sized at \$254,000 and remains flat over the prior year.

The overall General Fund (001) subsidy (\$5,626,000) provided to both transit systems remains flat from the prior year. The split between CAT and TD are adjusted based on operational needs, available grant funding and carryforward and account for the unusual but common variances in the family of transit Funds.

**Public Services Department**

**Public Transit and Neighborhood Enhancement (PTNE)  
Trans Disadvantaged Enterprise Grant Fund (428)**

**Notes:**

Transportation Disadvantaged subsidizes its operations primarily through the Florida's Commission of Transportation Disadvantaged (CTD) annual Trip and Equipment Program to insure the availability of efficient, cost-effective, and quality transportation services for transportation disadvantaged persons.

In addition, the Federal Transit Administration (FTA) Section 5307 is utilized up to the maximum 20% to fund ADA Paratransit accessibility. In FY 2021, funding through the Health and Human Services and Florida Development Disabilities Council was accepted to enhance on-demand service through same-day service options providing increased accessibility to riders. Services are in process of implementation.

Rolling stock (vehicles) supporting Collier TD are purchased with funding from the Florida Department of Transportation, a pass-through entity of FTA Section 5310 Grant Program. This program assists in meeting the needs of seniors and individuals with disabilities where public transit services are unavailable, insufficient or inappropriate.

**Forecast FY 2021:**

This list represents active grant awards:

\$853,700 33696 Florida CTD Trip and Equipment FY 2020-2021 Operations  
\$19,000 33717 FTA Section 5310 FY21 Rolling Stock (Bus/Radio)  
\$25,100 33718 Florida CTD Shirley Conroy Rolling Stock (Bus)

Grand Total \$897,800

The FTA Section 5310 program funding to purchase vehicles is provided directly to the State's approved vendor as required by the Florida Vehicle Procurement Program, and therefore the federal grant funding is not within the County's financial system.

\$395,165 33717 FTA Section 5310 FY 2021 6 Vehicles

**Current FY 2022:**

Grants are appropriated through individual Board actions at the time funding is accepted through grant contract execution outside of the County's budget cycle.

**Public Services Department**

**Improvement Districts and MSTU  
Landscape & MSTU's Operations (111)**

**Notes:**

The MSTU Operations (111) budget provides three regular positions and a contracted temporary position to manage several roadway beautification, roadway maintenance, drainage and dredging Municipal Service Taxing Units/Districts. This Division is also responsible for responding to requests to establish new Municipal Service Taxing Units/Districts. The budget is set up to be primarily supported by reimbursements from the MSTUs under management with a portion of the budget being supported by the Unincorporated Area General Fund.

**Revenues:**

Primary funding is provided through allocated cost reimbursements from the managed MSTU's including interdepartmental reimbursements from the Blue Sage and Cassena Road projects. The remaining cost to the Unincorporated Area General Fund (111) supports un-recoverable MSTU management services provided to the general public.

**Vanderbilt Beach MSTU (143)**

**Mission Statement**

The Vanderbilt Beach MSTU is created for the purpose of: (1) Providing curbing, watering facilities, plantings and maintenance of the median strips and right-of-way edges of roadways within the MSTU; (2) Providing traffic calming improvements, street lighting, and sidewalks within the MSTU; (3) Beautification and maintenance of other public areas with the MSTU as determined by the Advisory Committee and (4) Providing for the Burial of Powerlines within the MSTU, including providing underground trenching and burial of utility lines from the street or transformer to private residence and, as needed, arranging to locate the burial of such power lines alongside any existing utility easements as well as connecting service and/or disconnecting service to external portions of the residences required as part of converting overhead utility distribution facilities to underground service.

**Public Services Department**

**Improvement Districts and MSTU  
Vanderbilt Beach MSTU (143)**

**Notes:**

Budget guidance specified that MSTU's without advisory board oversight would be limited to a rolled back rate position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight can consider tax rates ranging from tax neutral (rolled back rate) to millage neutral depending upon program requirements and taxable values upon advisory board recommendation. This MSTU has advisory board oversight and the advisory board has requested that the millage rate remain at the cap of .5000 per \$1,000 of taxable value pursuant to Ordinance 2001-43.

**Forecast FY 2021:**

Expenditures can be characterized as routine median maintenance with focus on implementing a long-term improvement plan for the Vanderbilt Beach MSTU boundaries. The focal point of this plan is the burying of power lines. The amount of work planned to be completed in FY 2021 is less than the budgeted level with the unspent portion of the budget carried forward into FY 2022.

**Current FY 2022:**

The expenditure plan contemplates continued expenses associated with burying power lines and other maintenance and improvement initiatives.

**Revenues:**

Taxable value is \$2,977,156,824 an increase of 3.03% over last year. The rolled back rate for this district is 0.4869 per \$1,000 of taxable value. Ordinance 01-43 places a cap on the millage rate at 0.5000 per \$1,000 of taxable value. Consistent with the advisory board's recommendation, this budget is sized around the maximum millage rate which will generate \$1,488,600 in property tax revenue.

**Public Services Department**

**Improvement Districts and MSTU  
Sabal Palm Road Extension MSTU&BU (151)**

**Mission Statement**

The Sabal Palm Road Extension Municipal Service Taxing and Benefit Unit (MSTU&BU) was created and established initially for the purpose of providing a preliminary engineering study for the design, construction and financing of roadway improvements within the Unit and to provide for maintenance of the existing Sabal Palm Road Extension. Due to the State purchase of over 70% of the land within this district, efforts to obtain permits for roadway construction are suspended. The major objective now is to maintain the roadway so that it is accessible for those within the MSTU.

**Notes:**

Budget guidance specified that MSTUs without advisory board oversight would be limited to a rolled back rate position unless staff presents a compelling reason for additional funds. MSTUs with advisory board oversight can consider tax rates ranging from tax neutral (rolled back rate) to millage neutral depending upon program requirements and taxable values upon advisory board recommendation. The last tax levy was in FY 2017. Since then available fund balance has been carried forward and utilized to address maintenance issues. On an annual basis funding needs are evaluated to determine if a tax levy should be reinstated. A modest tax levy will be required by FY 2023 to allow for accrual of revenue to continue ongoing necessary road maintenance.

**Forecast FY 2021:**

Expenditures on maintenance typically occur every other year with FY 2021 planned to be an off year.

**Current FY 2022:**

The pattern for maintenance spending is \$30,000 - \$36,000 every other year.

**Revenues:**

Ordinance 86-72 established this MSTU. Taxable value is \$75,856,356, an increase of 39.2% over last year. The plan to transfer road maintenance responsibility to the State Department of Forestry has largely been abandoned and a modest tax levy will be required in FY 2023.

**Collier County Government**

**Public Services Department**

**Improvement Districts and MSTU**  
**Lely Golf Estates Beautification MSTU (152)**

**Mission Statement**

The MSTU was created for the purpose of beautifying and maintaining the medians of the roadways and certain other public areas within the Lely Golf Estates Beautification Municipal Service Taxing Unit as determined by the Advisory Committee. The major objective is to refurbish and maintain the completed landscape, irrigation and lighting improvements.

**Public Services Department**

**Improvement Districts and MSTU  
Lely Golf Estates Beautification MSTU (152)**

**Notes:**

Budget guidance specified that MSTUs without advisory board oversight would be limited to a rolled back rate position unless staff presents a compelling reason for additional funds. MSTUs with advisory board oversight can consider tax rates ranging from tax neutral (rolled back rate) to millage neutral depending upon program requirements and taxable values upon advisory board recommendation. This MSTU has advisory board oversight and the advisory board has requested that the millage rate remain at the cap of 2.0 per \$1,000 of taxable value pursuant to Ordinance 2001-024.

**Forecast FY 2021:**

The majority of operating expenses cover contractual landscape maintenance and landscape supplies.

**Current FY 2022:**

Operating expenses include a landscape services contract and related appropriations to maintain the landscape system along with a \$183,200 improvement allowance and a \$150,000 hurricane reserve.

**Revenues:**

Taxable value is \$156,193,322, an increase of 2.63% over last year. The rolled back rate for this district totals 1.9497 per \$1,000 of taxable value. Ordinance 2001-024 places a cap on the millage rate at 2.0000 per \$1,000 of taxable value. Consistent with the advisory board's recommendation, this budget is sized around the maximum millage rate which will generate \$312,400 in property tax revenue.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Improvement Districts and MSTU  
Golden Gate Beautification MSTU (153)**

**Notes:**

Budget guidance specified that MSTUs without advisory board oversight would be limited to a rolled back rate position unless staff presents a compelling reason for additional funds. MSTUs with advisory board oversight can consider tax rates ranging from tax neutral (rolled back rate) to millage neutral depending upon program requirements and taxable values upon advisory board recommendation. This MSTU has advisory board oversight and the advisory board has requested that the millage rate remain at the cap of 0.5 per \$1,000 of taxable value pursuant to Ordinance 96-51.

**Forecast FY 2021:**

Forecast expenditures include regular median landscape maintenance as well as electricity, irrigation, lighting, utilities and supplies.

**Current FY 2022:**

Operating expenses are typical for this MSTU and include engineering design services and landscape fees. Other operating expenses include fertilizer, chemicals, mulch and supplies. Capital outlay allowance for future improvements and renovations is \$1,181,200.

**Revenues:**

Taxable value is \$1,067,214,660, an increase of 8.10% over last year. The rolled back rate for this district totals 0.4654 per \$1,000 of taxable value. Ordinance 96-51 places a cap on the millage rate at 0.5000 per \$1,000 of taxable value. Consistent with the advisory board's recommendation, this budget is sized around the maximum millage rate which will generate \$533,600 in property tax revenue.

**Improvement Districts and MSTU  
Radio Road Beautification MSTU (158)**

**Notes:**

Budget guidance specified that MSTUs without advisory board oversight would be limited to a rolled back rate position unless staff presents a compelling reason for additional funds. MSTUs with advisory board oversight can consider tax rates ranging from tax neutral (rolled back rate) to millage neutral depending upon program requirements and taxable values upon advisory board recommendation. This MSTU has advisory board oversight and has a millage capped at 0.5 per \$1,000 of taxable value pursuant to Ordinance 96-84. The advisory board has requested that the millage rate suspension be continued for FY 2022 as sufficient carryforward is available to support the budget.

**Forecast FY 2021:**

Forecast expenditures are typical for this MSTU and include landscape expenses and customary overhead charges. Un-expended capital outlay allowance will carry forward into FY 2022.

**Current FY 2022:**

Appropriated operating expenses provide for routine landscape maintenance and related services. A capital improvement allowance of \$100,000 is provided as well as a reserve of \$255,700.

**Revenues:**

Taxable value is \$1,492,241,306 an increase of 5.55% over last year. Ordinance 96-84 places a cap on the millage rate at 0.5000 per \$1,000 of taxable value. Given the level of available reserves no tax levy is proposed. Taxes were last levied in FY 2019.

**Public Services Department**

**Improvement Districts and MSTU**  
**Forest Lakes Roadway & Drainage MSTU (159)**

**Notes:**

Limited General Obligation Bonds approved by district referendum in November 2006, totaling up to \$6,250,000, were sold in October 2007. Net proceeds booked to the project fund (159) after issuance costs and certain eligible project costs totaled approximately \$5,900,000. Construction costs for the various projects were substantially under the original engineers cost estimate due to the competitive bidding environment. Construction was completed and approximately \$973,200 in unspent bond proceeds were transferred from the operating fund to the debt service fund as a debt service reserve. From FY 08 through FY21 there were two tax levies - one for operating (Fund 159) and one for debt service (Fund 259). Together the levies totaled \$4.000 per \$1,000 of taxable value - the amount authorized within the enabling ordinance 91-107 as amended by Ordinance 2005-20. The Bond was fully paid in December 2020 freeing up the 2.6219 tax millage required to fund debt service. Consistent with the Forest Lakes MSTU Advisory Committee's recommendation, this budget levies a total of 4.0000 mills or \$4.00 per \$1,000 of taxable value to support ongoing maintenance requirements and pay-go capital improvements.

**Forecast FY 2021:**

Forecast expenditures are in line with the budget as amended for prior year contracts that rolled forward.

**Current FY 2022:**

Operating expense includes funds for contractual engineering, maintenance and MSTU overhead costs. A capital improvement allowance of \$168,300 along with a reserve of \$778,100 is provided. The reserve consists of \$378,100 allocated for general capital projects and \$400,000 allocated for roadway repaving.

**Revenues:**

Since FY 2006 a millage of 4.0000 per \$1,000 of taxable value has been levied for the Forest Lakes MSTU. From FY 2008 through FY 2021 the millage was split between the operating budget in Fund (159) and the Debt Service budget in Fund (259). The Forest Lakes Bond was fully paid in December 2020 freeing up the 2.6219 mill previously allocated to the debt service budget. The Forest Lakes MSTU Advisory Committee has recommended that the full authorized millage of 4.0000 be levied to support ongoing maintenance requirements and pay-go capital improvements budgeted in Fund (159).

Taxable value for the MSTU is \$228,159,517, an increase of 3.71% relative to last year. The rolled back rate for this MSTU is 1.3294 per \$1,000 of taxable value. Ordinance 1991-107 as amended by Ordinance 2005-20 authorizes a millage of 4.0000 per \$1,000 of taxable value. This budget levies 4.0000 mills which will generate \$912,600 in property tax revenue.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Improvement Districts and MSTU**

**Rock Road MSTU (165)**

**Mission Statement**

The Rock Road Municipal Service Taxing Unit (MSTU) was established to provide for roadway improvements and maintenance, including drainage, sidewalks and street lighting, for the areas within the Taxing Unit.

**Public Services Department**

**Improvement Districts and MSTU**

**Rock Road MSTU (165)**

**Notes:**

The Rock Road Improvement MSTU was created pursuant to Ordinance 2006-56. Budget guidance specified that MSTU's without advisory board oversight would be limited to a rolled back rate position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight can consider tax rates ranging from tax neutral (rolled back rate) to millage neutral depending upon program requirements and taxable values upon advisory board recommendation. This MSTU had advisory board oversight from 2011 to 2017 and has a millage capped at 3.0 per \$1,000 of taxable value pursuant to Ordinance 2006-56.

The Board on March 10, 2015 (item 11B) approved an internal loan from the Unincorporated Area General Fund (111) to this MSTU in an amount up to \$285,000 under repayment terms not to exceed fifteen (15) years for purposes of improving the roadway in accordance with County standards. The actual advance totaling \$260,000 will be repaid interest free over a period of ten (10) years. Improvements were made in FY 2015 totaling \$187,000. The difference between the advance and actual improvement costs resulted in a \$123,500 actual fund balance at year ending September 30, 2015. The advance was received as revenue in FY 2015 and the first payment to Fund (111) totaling \$51,200 was made in FY 2016 and a second payment of \$80,000 was made in FY 2017. Scheduled repayment of \$15,000 per year were made in FY 2018, FY 2019 and FY 2020. The loan balance of \$83,800 was repaid in FY 2021.

**Forecast FY 2021:**

Forecast expenses provide for roadway maintenance and the repayment of funds advanced from Fund (111).

**Current FY 2022:**

The budget provides funding for planned roadway maintenance, a modest reserve, and transfers for the cost of tax collection and MSTU project management.

**Revenues:**

Taxable value is \$37,201,064, a decrease of 13.70% relative to prior year final taxable value. The reduction reflects the net impact of an adjustment to remove certain properties from the MSTU offset by taxable value growth within the MSTU. The rolled back rate for this district is 3.4763 per \$1,000 of taxable value. Ordinance 2006-56 places a cap on the millage rate at 3.0000 per \$1,000 of taxable value. This budget levies 1.3413 mills which will generate \$49,900 in property tax revenue. The prior year levy was 3.0000 per \$1,000 of taxable value.

**Notes:**

This MSTU was created pursuant to Board action under Ordinance 2009-44 on July 28, 2009. This ordinance provided for a maximum millage rate of .5000 per \$1,000 of taxable value. On January 31, 2012, a bond referendum election was held and the issuance of up to \$649,000 of limited general obligation bonds payable from ad valorem taxes levied on all taxable property within the MSTU, not to exceed .5 mills, was approved by a majority of the qualified electors within the MSTU. The proceeds were used to construct landscape and irrigation improvements within the district. Debt was fully retired on October 27, 2016, well before the issued maturity date of June 1, 2022. The payoff amount was \$338,891. This action was initiated pursuant to Board action in conjunction with restarting the County-wide median landscape program. Operation and maintenance of the constructed medians in this former district are funded in the Unincorporated Area General Fund. Taxes were last levied in FY 2016. Activity recorded in FY 2020 reflects the financial closeout of this fund.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Services Department**

**Improvement Districts and MSTU**

**Vanderbilt Waterway MSTU (168)**

**Notes:**

Funding for design, permitting and execution of the Waterways Dredging Project was provided through a combination of pay-go funding provided through the MSTU ad valorem tax levy and interfund loans from Fund (111) and Fund (001). The loans from Fund (111) and Fund (001) are expected to be repaid in four years.

**Current FY 2022:**

The FY 2022 budget provides for planned and contingent operational costs, tax collection costs, loan repayment and a capital reserve.

**Revenues:**

Taxable value is \$1,344,924,221, an increase of 4.80% over last year. The rolled back rate for this district is 0.2884 per \$1,000 of taxable value. Ordinance 18-64 places a cap on the millage rate at 0.5000 per \$1,000 of taxable value. The advisory committee recommends a millage neutral rate of 0.3000 which will generate \$403,500 in property taxes.

## Public Utilities Department

The mission of the Public Utilities Department (Department) is to deliver best value, high quality, sustainable services that meet the expectations of our customers, citizens, and visitors in an operationally excellent environment. The Department is composed of two enterprise funds, including the Collier County Water-Sewer District (CCWSD) and Solid and Hazardous Waste Management, as well as the Facilities Management Division which is funded through ad valorem taxes. To meet the requirements of providing both demand and compliance driven essential services, the Department must maintain an appropriate level of both physical and financial resources. The Department prioritizes resource requirements through a unified focus on revenue-centric, risk-based decision making to ensure the most critical infrastructure receives the rehabilitation and maintenance necessary to meet operational and compliance requirements.

The Department is comprised of eight Divisions: Department Administration, Financial and Operations Support, Utilities Engineering and Project Management, department wide Technical Support and Logistics, Water, Wastewater (collectively the CCWSD), Solid and Hazardous Waste Management and Facilities Management.

### Collier County Water-Sewer District

The Collier County Water-Sewer District (CCWSD) is an independent special district created by the Florida Legislature, with the Board of County Commissioners (Board) serving as Ex-officio the Governing Board of the Collier County Water-Sewer District. Charges for services received for potable drinking water production and distribution, wastewater collection and treatment and Irrigation Quality (IQ) water provide the sole financial resources required to pay for operational and maintenance expenses, the renewal and replacement of existing infrastructure via capital improvement program (CIP), meet debt service requirements and bond covenants, and to sustain compliance with stringent environmental and public health regulations. Growth in the CCWSD infrastructure conveyed by developers has continued at a rapid pace in FY21 and is expected to continue into FY22 in addition to anticipated development in the northeast area of the county. Continuation of these trends will place additional compliance and service demands on resources.

Staff completed a formal User Rate Study with Raftelis, Inc., which recommended FY22 rate increases of 4%, 5%, and 9%, respectively for Water, Wastewater, and IQ Water. In consideration of anticipated American Recovery Act funding to supplement the capital improvement program, the CCWSD instead is utilizing a 2.9% CPI increase to set the revenue budget to provide sufficient funding for the operating, capital, debt service and reserves in this revenue centric enterprise fund. Gradual rate adjustments keep pace with inflation and prevent future rate shock. There is no income from taxpayer general revenues. The CCWSD delivers basic, indispensable life-sustaining services on demand 24 hours a day, 365 days a year, including holidays. Appropriate resourcing of the Department's mission ensures services are delivered timely, at a level that meets consumer demand, and in compliance with permit requirements and the collective mandates of various federal, state, and local regulations (e.g., the Clean Water Act, the Safe Drinking Water Act, Department of Homeland Security, etc.).

The CCWSD is assessed a revenue-based, industry standard Payment in Lieu of Property Taxes (PILT) transfer to the General Fund of approximately \$9.7 million and Indirect Charges for services provided by support organizations (e.g., County Attorney's Office, Procurement Services, Human Resources, Fleet Maintenance, and other general local government services) of \$3.2 million. Information Technology and Fleet direct allocations total \$5.0 million. Budgeted transfers for direct support for impact fee administration, utility facilities journeymen services, and human resources support are \$0.4 million. Combined, the CCWSD contributes \$18.3 million to the General Fund.

The District has five Senior Liens and one Subordinate Lien outstanding with approximately \$28.8 million in debt service due in FY22. Fitch currently maintains its AAA bond rating, and Moody's maintains the District's credit rating of Aaa, both the highest rating possible, keeping debt service costs low.

The CCWSD FY22 Proposed Budget is revenue centric and meets the Board approved FY22 Budget Policy guidelines. The total Proposed Budget of \$206.1 million funds 467 FTEs, the Capital Improvement Program of \$57.1 million to address water and wastewater rehabilitation and renewal projects with the highest risk assessment and most critical needs, debt service of \$28.8 million and \$28.3 million in unrestricted reserves which meet approved budget policy guidelines.

### Department Administration

This Division provides management, policy oversight, administrative and process improvement to the operations and capital improvement programs of the Department. The Administration Division works in concert with the County Manager's Office and other Departments in support of the county's strategic goals as they relate to revising the Growth Management Plan and Land Development Code to improve the county's ability to manage and control the rate and quality of future development. The Division is home to the Public Utilities Department Head with an operating budget of \$0.4 million.

### Operations Support Division

This Division provides sound fiscal and administrative management to Department's operations, debt and capital expenditure

## Public Utilities Department

programs, maintains internal controls, manages centralized Department inventory, bills and manages Department accounts receivables, manages the Meter Services section serving as the utility's cash registers, supports the utility's critical infrastructure security in accordance with the Department of Homeland Security guidelines, provides public information coordination and processes vendor payments associated with the compliant operations of the Department's enterprise entities. The Division also provides call center customer service for all water-sewer utility customers and solid waste residential curbside customers to meet the demands of customer quality assurance / quality control initiatives. The Division has a staff of 104 budgeted FTEs for FY22. The net operating budget is \$31.3 million including CCWSD PILT and Indirect Cost Allocations.

### Utilities Engineering and Project Management

This Division provides proactive and efficient planning and project management of the CCWSD's capital improvement program and supports the county's strategic goal of developing reliable public infrastructure and asset management processes. In addition, the Division provides underground utility locating services and technical support for applications specific to utility operations. The Division has a staff of 46 budgeted FTEs for FY22 to manage \$57.1 million in new utility infrastructure capital improvements and continue multi-year project execution in support of more than \$1.6 billion in gross assets. The net operating budget is \$6.2 million.

### PUD Technical Support and Logistics

This Division provides integrated Geographic Information Systems (GIS) based support for the Department's asset management system and infrastructure related services for manned and unmanned structures with a staff of 16 FTEs for FY22 and a \$2.9 million net operating budget.

### Water Treatment and Distribution

This Division provides compliant potable (drinking) water treatment and distribution services to almost 81,500 potable water connections within the CCWSD. The Division currently operates two regulatory compliant regional water treatment facilities with a combined constructed capacity to treat and deliver 52.0 million gallons of water per day to efficiently meet an anticipated service level demand of approximately 9.8 billion gallons in FY22, including demand in the Orange Tree PUD and Golden Gate City. Efficient wellfield management provides the necessary raw water to meet production demand. The Division utilizes a proactive power systems maintenance program to ensure regular repair and rehabilitation to the electrical, instrumentation, telemetry and Supervisory Control and Data Acquisition (SCADA) systems. Valve and hydrant maintenance and regulatory water quality monitoring and compliance are essential Division programs to maintain the reliability of the public water supply. The Division has a staff of 138 budgeted FTEs for FY22 with a net operating budget of \$35.8 million.

### Wastewater Collections, Treatment, and IQ Water Delivery

This Division provides effective management, operation, and maintenance of the Collier County wastewater system to ensure all facilities operate in regulatory compliance, provide a safe work environment, and efficiently meet service level demands. The Division currently operates two regional water reclamation facilities and two sub-regional facilities with a combined constructed capacity to treat approximately 42.7 million gallons of wastewater per day. The Division delivers approximately 5.8 billion gallons of irrigation quality water per year to the community for beneficial reuse while treating approximately 8.0 billion gallons of wastewater. The Division has a staff of 162 budgeted FTEs for FY22 with a net operating budget of \$40.0 million.

### Solid and Hazardous Waste Management Division

This Division is comprised of two enterprise funds, the Solid and Hazardous Waste Disposal Fund (470) and the Mandatory Solid Waste Collections Fund (473) which is composed of two MSBU's. The FY22 Proposed Budget for Solid and Hazardous Waste revenue includes a 3.25 percent rate adjustment to both residential and commercial tipping fee rates to generate revenues sufficient to fund operations, planned capital investment activities, and build reserves sufficient to support debris management for natural disasters and landfill closure costs. The annual assessment for curbside collection in District 1 will increase 2.0 percent from \$221.85 to \$226.29, \$0.37 per month. The annual assessment for curbside collection in District 2 will increase 3.2 percent from \$214.07 to \$220.97, \$0.58 per month. Payments received in November receive a 4 percent discount. No external debt is anticipated in FY22 as the enterprise operation remains cash and carry. As an enterprise fund that charges fees for services, the Division is revenue centric in FY22 and meets budget guidelines.

This Division provides an efficient and economical balance of public and private services to meet federal, state, and local requirements for solid waste management and disposal, including environmental compliance for hazardous materials disposal and a petroleum storage tanks compliance program. The Division ensures public health, safety, and preservation of natural resources by utilizing a customer centric, environmentally sound, and cost-effective operational approach that provides best value services for more than 138,700 residential curbside collection accounts and 81,400 recycling center visitors. The Division provides disposal services for residents and visitors of Collier County with 353,700 revenue generating

## **Public Utilities Department**

tons across the scales expected in FY22 including diversion to an out of county landfill of over 31,700 tons. Programs include the proper collection and disposal of municipal solid and hazardous wastes, waste reduction to extend the life of the landfill and meet the state recycling goal, residential and non-residential recycling programs, and landfill and transfer station operations.

The Division operates four major recycling drop-off and hazardous waste material collection centers that are open 6 days each week. The Division also operates two scale houses, administers solid and household hazardous waste collection and disposal contracts, and manages a capital program to ensure facilities are maintained and solid waste services are aligned with the County's needs and growth. The Division is responsible for the County's debris recovery mission in the event of a disaster as well as administration of the board-approved Integrated Solid Waste Management Strategy and associated solid waste master planning.

The Division funds 47 FTEs in FY22 with a net operating budget is \$51.3 million, including a PILT payment and Indirect Cost Allocations to the general fund. This enterprise operation is funded through landfill tipping fees, recycling drop-off center fees, residential curbside collection assessments, franchise fees and state grants.

The Division manages a design/build/operate landfill contract and two solid waste collection and disposal contracts with a combined workforce of approximately 400 contract employees. The public-private partnership continues to support the Integrated Solid Waste Management Strategy initiatives to increase recycling and preserve Collier County Landfill airspace.

### **Facilities Management Division**

The Division provides secure, clean, and comfortable facilities for our citizens, visitors, and staff. All buildings, offices, grounds, and property acquisitions are managed and maintained to the highest standards through operational excellence and preventative and predictive maintenance. Regular maintenance functions include electrical, plumbing, heating, ventilation and air conditioning, structural repairs, physical energy plant, fire systems compliance, pest control, and landscaping for the County's 947 structures with an estimated value of \$850 million in vertical assets. The Division maintains a total of 4,993,000 square feet of building space while completing over 24,000 work orders per year. The Division operates and maintains a cemetery, selling roughly 50 plots per year.

The Division's Government Security section protects the assets, both physical and human, at nine (9) posts throughout the Agency including; Courthouse, Courthouse Annex, Building F, Building H, Emergency Services Center, Immokalee Government Services Center, North Collier Government Services Center, Operations Center, and Growth Management Division. Security provides the necessary resources to detect contraband entering secured locations, physical security presence, and employee protection services.

The Division provides the maintenance, construction, and capital renovation for the County's complex structures including three Government Services Centers, Collier County Sheriff's Office (CCSO) substations, two Jail Detention Centers, the Emergency Services Center, two Courthouses, EMS Stations, Parks facilities, museums, libraries, and general office space for the Board of County Commissioners and the Constitutional Officers including the Supervisor of Elections, Tax Collector, Property Appraiser, Clerk of the Courts, along with the Judicial Officers.

The One-Cent Sales Tax projects also fall within the Division's services, and the Division has 24 validated projects that will continue into FY22 with remaining value of \$74.5 million. These projects include Big Corkscrew Island Park, replacement chiller for Building K, and reliable building automation upgrades, to name a few.

The Division also provides professional property acquisition, management, and leasing services through expeditious, professional, and knowledgeable handling of real estate transactions. These activities provide services for all County Divisions, including right-of-way acquisition for all utility projects, sites for parks, libraries, water and wastewater treatment facilities, EMS facilities and administrative offices, cemetery plots, as well as for sites under the Conservation Collier program.

Funding for Division activities meets budget policy guidelines and comes primarily from the General Fund (001). The net operating budget for FY22 is \$17.4 million, which supports a staff of 78 FTEs, supplemented by contracted employees for security, pest control, landscaping and grounds maintenance, janitorial services, and other maintenance services.

The Division also manages the GAC Land Trust for effective marketing of County-owned lots in Golden Gate Estates and the Freedom Memorial, which is funded by charges for services. Revenues from the county government complex snack bar fund handicapped and general accessibility improvements to government facilities.

The Capital Improvement Program of \$8.0 million will be focused on the security video monitoring system, HVAC, general building repairs, life safety, roofing, ADA compliance, and building envelope and renovation projects County-wide.

### **Reserves**

## **Public Utilities Department**

Unrestricted reserves for the CCWSD and the Solid and Hazardous Waste Enterprise operations are funded in accordance with the FY22 Budget Policy Guidelines adopted by the Board on February 23, 2021, including the Board-approved Reserve Policy. The management of reserves across multiple funds enables the CCWSD to maintain the highest available investment credit rating with Fitch (AAA) and Moody's (Aaa) rating agencies.

CCWSD unrestricted reserves in FY22 total \$28.3 million, a \$4.5 million decrease from the prior year. The CCWSD unrestricted reserve balance represents 56 days of operating and capital, within the adopted budget policy guidelines of 45 to 90 days.

Restricted reserves for the CCWSD total \$43.9 million, including the water impact fee fund reserves of \$2.1 million, wastewater impact fee fund reserves of \$9.2 million, and debt reserves of \$32.6 million in accordance with all bond covenants.

Solid Waste unrestricted reserves of \$11.1 million in FY22 represent 70 days of operating and capital, in compliance with the budget guidelines of 45 to 90 days. Hurricane Irma brought home the need for dedicated restricted reserves necessary to fund the debris recovery mission. As such, the Division has budgeted \$8.8 million of restricted reserves in the FY22 budget to build the reserve balances over the next several years necessary to fund major storm related recovery missions.

**Public Utilities Department**

**County Water-Sewer District  
Public Utilities Administration (408)**

**Mission Statement**

The mission of the Public Utilities Department (Department) is to deliver best value, high quality, and sustainable services that meet customers' expectations in an operationally excellent environment. Public Utilities Administration provides policy oversight to the operations and capital improvement programs of the Department, including Utilities Engineering & Project Management; Wastewater Division; Water Division; Solid and Hazardous Waste Management Division; Facilities Management Division; and Financial and Operations Support, including Utility Billing and Customer Service. Public Utilities Administration facilitates efforts to operate in regulatory compliance, efficiently meet demand levels, build and empower the workforce, and provide services that meet customers' expectations.

**Forecast FY 2021:**

Personal services are forecast lower than the adopted budget due to one (1) FTE transferred to Growth Management Department - Transportation Construction & Maintenance Administration Office (101). At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized Operating absorbed expenses previously budgeted as Capital.

**Current FY 2022:**

Personal services are budgeted lower due to the reassignment of the Deputy Department Head position to Growth Management Department - Transportation Construction & Maintenance Administration Office (101). Operating expenses are flat including items previously categorized as Capital.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**County Water-Sewer District**

**Public Utilities Operations Support Division (408)**

**Mission Statement**

The Financial and Operations Support Division provides sound financial analysis, assessment and management to the operations and capital expenditure programs of the two enterprise entities in the Public Utilities Department (PUD), the Collier County Water-Sewer District (CCWSD), Solid and Hazardous Waste Management, and to Facilities Management. This Division must ensure optimal internal and external financing is available to support department wide funding needs, while supporting the county's strategic goal of improving financial planning, management, reporting, and internal controls processes.

| <b>PUD Financial Planning and Oversight</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <b>13.00</b>                 | <b>1,787,493</b>          | <b>-</b>                    | <b>1,787,493</b>            |
| This program provides financial planning, management, and oversight of the Public Utilities Department (PUD) financial operations. Responsibilities include policy and management oversight for utility billing and accounts receivable, solid and hazardous waste disposal and mandatory collections revenues, the county's estoppel program, fiscal payables, capital and debt expenditures, water-sewer user and impact fee rate setting, centralized department materials procurement and inventory management, and internal controls. Additional responsibilities include cash planning and management, identifying and securing optimal funding sources, administration of external financing for the PUD including compliance with bond covenants and Florida Department of Environmental Protection agreements, and development of the financial feasibility portion of the Annual Update and Inventory Report. Other program functions include development of inter-agency agreements, ordinance development, contract administration (including the solid waste franchise hauler contract), financial and management reporting, department budgeting and forecasting, and fiscal and technical oversight for five full scale implementation projects under the PUD's Enterprise Asset management program. |                              |                           |                             |                             |
| <b>Public Utilities Department Fiscal Support</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | <b>5.00</b>                  | <b>491,807</b>            | <b>-</b>                    | <b>491,807</b>              |
| This program provides fiscal guidance, analysis, and payables functions for the Public Utilities Department (PUD) enterprise operations. Functions include materials and services requisition review, purchase order tracking, invoice audit, payment approval, purchase card transactions, travel request packages, as well as coordination between divisions, the Procurement Services Division, Clerk's Finance, and vendors for resolution of payment issues. Reporting functions ensure payables are processed accurately, efficiently, and timely in compliance with the Prompt Payment Act, and enforce consistency of practice and process controls across the PUD.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                              |                           |                             |                             |
| <b>Collier County Water - Sewer District Inventory Management</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | <b>11.00</b>                 | <b>1,020,900</b>          | <b>-</b>                    | <b>1,020,900</b>            |
| This program provides management and control of centralized parts inventory for the Collier County Water-Sewer District (CCWSD). Responsibilities include utility parts contract administration, materials procurement and management, parts receiving/stocking/picking in multiple warehouse facilities, mobile truck inventories, and quarterly physical inventory counts. This program is responsible for the implementation of the City Works Store Rooms software application as an integrated element of the Public Utilities Division's Enterprise Asset Management program.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                              |                           |                             |                             |

| <b>Collier County Water - Sewer District Billing</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <b>9.00</b>                  | <b>1,909,800</b>          | <b>336,300</b>              | <b>1,573,500</b>            |
| This program provides billing of all water, sewer, and irrigation quality water services as well as cross connection control device installation charges and fats/oils/grease program charges for the Collier County Water-Sewer District (CCWSD). Core functions include establishing new service accounts, monthly service invoicing including deferred pay plan management, impact fee financing, special assessment financing, customer account maintenance, application of late payment penalties and debit or credit adjustments, and production of final bills that result from property sales or transfers of ownership. This program also provides the lock list for delinquent accounts and miscellaneous billing for CCWSD-owned property damaged by private contractors and individuals.                                                                                                         |                              |                           |                             |                             |
| <b>Public Utilities Department Financial Functions</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | <b>14.00</b>                 | <b>3,406,700</b>          | <b>47,100</b>               | <b>3,359,600</b>            |
| This program provides receipting, recording, and safeguarding of all customer cash, check and credit card payments for all Public Utilities Department (PUD) enterprise services. Core functions include daily administration of the county's estoppel program, service roll administration for the Municipal Service Benefit Unit special annual assessments for the mandatory solid waste residential curbside collection program, cashiering and daily balancing, processing lock box and online credit card payments, bank draft processing, bank deposits, and accounts receivable management for water-sewer utility customer accounts and landfill scale house and recycling center facilities. This program also reviews and audits customer billing adjustment requests, provides payroll review and data entry, and monthly invoice processing for the county's two solid waste franchise haulers. |                              |                           |                             |                             |
| <b>Public Utilities Department Customer Service</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | <b>13.00</b>                 | <b>1,177,200</b>          | <b>-</b>                    | <b>1,177,200</b>            |
| This program provides customer service to all Public Utilities Department (PUD) enterprise customers. The customer base served includes residential curbside trash collection and water/sewer/irrigation quality water customers. Core functions include research and response to customer inquiries, initiation of new service requests, and initiation of final meter reads on pending property sales or transfers. Call center technology provides efficient and prompt responses to customer requests.                                                                                                                                                                                                                                                                                                                                                                                                   |                              |                           |                             |                             |
| <b>Critical Infrastructure Security</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | <b>4.00</b>                  | <b>1,499,000</b>          | <b>-</b>                    | <b>1,499,000</b>            |
| This program provides and centralizes security systems maintenance personnel and operating expenses                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                              |                           |                             |                             |

| <p>This program provides data collection for usage from potable, irrigation quality, and fire meters. Responsible for the repair and maintenance of all system components of the meter reading system. Provides for the calibration and repair of large meters and the backflow assemblies associated with the large meters to ensure accuracy and compliance. Performs annual audit program of meters designed to improve asset visibility and internal controls. Provides for installation of new water meters and completes State mandated testing of all cross-connection control devices maintained by the County (3/4" to 2").</p> |                              |                           |                             |                             |

**Forecast FY 2021:**

Personal services are forecast lower than the adopted budget due to temporary vacancy savings and reduction in overtime, partially offset by costs for 6 mid-year FTEs related to the FY 2021 CCWSD Operations Resourcing Strategic Plan (4 conversions from temporary labor – 3 Meter Operations, 1 Inventory Control – and 2 additions in Meter Operations), approved by the Board on 11-10-20. Operating expenses are forecast under the adopted budget due to lower utilization of security related contractual services, 4 mid-year conversions of temporary labor to FTEs, and quantity reduction in utility parts partially offset by an increase in bank fees. Capital expenses are higher due to purchase of 6 trucks – 4 Meter Operations, 1 Critical Infrastructure Security, and 1 Inventory Control – and mobile transceiver and data logging equipment.

**Current FY 2022:**

Personal services are budgeted higher due to 6 FTEs related to the FY 2021 CCWSD Operations Resourcing Strategic Plan (4 conversions from temporary labor – 3 Meter Operations, 1 Inventory Control – and 2 additions in Meter Operations), 1 expanded position in Utility Billing, and cost-of-living base pay adjustments. Operating expenses are budgeted higher due to increased Payment in Lieu of Taxes (PILT), bank fees, unit costs for utility parts (meters), contractual services related to billing, and the IT Capital Allocation, partially offset by a decrease in temporary labor. The PILT payment is increased in proportion to growth in audited CCWSD revenue and increase from 5.75% to 6.0%.

The purchase of replacement vehicles is budgeted in the Water/Sewer Motor Pool Fund (409).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**County Water-Sewer District**

**Public Utilities Engineering & Project Management Division (408)**

**Mission Statement**

To deliver projects that meet requirements on-time, on-budget, at best-value to the satisfaction of Water and Wastewater Operations. To sustain regulatory compliance and mechanical/structural integrity through implementation of the Capital Improvement Program throughout the installed base of approximately \$1.6 billion of assets. To support Operations in the treatment plants and in the field to achieve their mission 24/7/365.

| <b>Program Summary</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              | <b>FY 2022<br/>Total FTE</b> | <b>FY 2022<br/>Budget</b> | <b>FY 2022<br/>Revenues</b> | <b>FY 2022<br/>Net Cost</b> |

| <p>This program is responsible for the management, control, and oversight of planning and project management functions for the Water and Wastewater Divisions of the Collier County Water-Sewer District (CCWSD). Responsibilities include updates to the Master Plan, the Annual Update and Inventory Report, and other long-term planning initiatives as well as tracking capacity, analyzing trends, and reviewing new development plans to ensure concurrency and master plan compliance. Core functions are defined by the Project Management Institute and implemented through Project Management Professional training and internal standard operating procedures. Quality assurance / quality control services are provided for projects within all operating divisions.</p>                                                                |                              |                           |                             |                             |

| <p>Provides responsive and accurate location services for the water-sewer district in compliance with the two-day response time mandated by Florida State Statute 556, the Underground Damage Prevention and Safety Act. This service is critical to protect utility infrastructure in the ground and protect the well being of excavation crews working near buried utilities. Locate Services provides education and damage prevention coordination in alignment with Sunshine 811 and actively promotes the call-before-you-dig campaign throughout the district. This program has expanded its scope to include project data management with a focus on centralized repository of critical project documentation and an electronic utility print room available in the field or office as a reference for operations and engineering staff.</p> |                              |                           |                             |                             |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**County Water-Sewer District**

**Public Utilities Engineering & Project Management Division (408)**

**Forecast FY 2021:**

Personal services are forecast lower than the adopted budget due to temporary vacancy savings. Operating expenses are forecast under the adopted budget due to reduction in temporary labor and software. At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized Operating absorbed expenses previously budgeted as Capital.

**Current FY 2022:**

The personal services budget increases as a result of cost-of-living base pay adjustments. Operating expenses are budgeted lower due to reduction in temporary labor and software, partially offset by an increase in the IT Capital Allocation.

**Capital Outlay items:**

\$36,000 – 2 Replacement Ground Penetrating Radar Devices

\$14,000 – 2 Replacement Electromagnetic Locators

\$50,000 – Total Capital Outlay

The purchase of expanded and replacement vehicles is budgeted in the Water/Sewer Motor Pool Fund (409).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**County Water-Sewer District**

**Technical Support, Logistics and Operations (408)**

**Mission Statement**

Provide management oversight and technical and operational services that support sustainability and compliance of the Water-Sewer District operations. These services include underground utility locate services and damage prevention education, dedicated support of the Public Utilities Department's (PUD's) Geographic Information System (GIS)-centric asset management program and the GIS data repository of assets, dedicated technical services for PUD-specific applications and databases, planning services, and infrastructure rehabilitation and enhancement projects for the PUD manned and unmanned structures.

| Provides infrastructure-related services for manned and unmanned structures operated 24/7/365 including office space for employees that directly support the water-sewer district operations responsible for potable water production and distribution, compliant sanitary sewer collection and treatment, and reuse water distribution. This program ensures that the core facilities that support these public facing products are secure and well maintained structures. The program provides infrastructure short- and long-range planning, physical site assessments, planned maintenance and rehabilitation of structures, inspections, and project management.                                  |                              |                           |                             |                             |

| This program is in alignment with utility best practices of implementing a life cycle asset management program for all linear and vertical assets. This section provides direction and application support for the utility Geographic Information System (GIS)-centric asset management system designed to manage assets from cradle to grave. This includes technical expertise to provide complex programming for GIS and the suite of asset management applications that support this program, and oversight of the integrations between systems to streamline the application to support office and field operation end-users, while maintaining the asset information from multiple repositories. |                              |                           |                             |                             |

**Forecast FY 2021:**

Personal services are forecast lower than the adopted budget due to temporary vacancies. Operating expenses are forecast lower due to reductions in temporary labor. At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized Operating absorbed expenses previously budgeted as Capital.

**Current FY 2022:**

The personal services budget increases as a result of cost-of-living base pay adjustments. Operating expenses are budgeted lower due to reduction in temporary labor and contractual services.

The purchase of replacement vehicles is budgeted in the Water/Sewer Motor Pool Fund (409).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**County Water-Sewer District  
Water Division (408)**

**Forecast FY 2021:**

Personal services are forecast higher than the adopted budget due to costs for 21 mid-year FTEs related to the FY 2021 CCWSD Operations Resourcing Strategic Plan (17 conversions from temporary labor – 15 Distribution, 2 Plants – and 4 additions in Distribution) approved by the Board on 11-10-20, offset by temporary vacancy savings. Operating costs are projected below budget due to decreases in chemicals, temporary labor, electricity, and utility parts, partially offset by increases in electrical contractors and emergency maintenance. Capital is increased due to 7 truck purchases – 4 for FTEs added in the Operations Resourcing Strategic Plan and 3 that replaced vehicles previously held back from auction.

Revenue: Forecast FY 2021 water revenue is anticipated to vary by 1.0% under budget. Charges for Services revenue is anticipated to be lower related to reimbursements from contractors for system repairs.

**Current FY 2022:**

Personal services are budgeted higher due to 21 FTEs related to the FY 2021 CCWSD Operations Resourcing Strategic Plan (17 conversions from temporary labor – 15 Distribution, 2 Plants – and 4 additions in Distribution), and cost-of-living base pay adjustments. Operating expenses are flat reflecting upward adjustments for contractual services, electrical contractors, utility parts, remote site connectivity, and electrical supplies, offset by reductions in temporary labor, chemicals, and electricity.

**Capital Outlay items:**

\$ 42,500 - 4 Replacement Trailers  
\$ 36,500 - 1 Replacement Pipeline Pig Tracker  
\$ 32,000 - 1 Replacement Automatic Valve Operator  
\$ 25,000 - 1 Replacement Air Compressor  
\$ 20,000 - 2 Replacement Calibration Equipment  
\$ 15,000 - 1 Replacement Fluke Calibrator  
\$ 10,000 - 1 Replacement Laboratory Refrigerator  
\$ 5,500 - 1 Replacement Laboratory Incubator  
\$186,500 - Total Capital Outlay items

The purchase of expanded and replacement vehicles is budgeted in the Water/Sewer Motor Pool Fund (409).

**Revenues:**

Budgeted FY 2022 water revenue is 2.6% higher than the FY 2021 budget due to a planned 2.9% rate increase and anticipated customer growth, net of slightly reduced water demand. Charges for Services revenue is budgeted lower related to reimbursements from contractors for system repairs.

| Provides day to day management of the wastewater collections system operations and all associated preventive maintenance and regulatory compliance. Coordinates with contractors and Project Managers and provides input to wastewater Capital Improvement Projects (CIPs), Master Planning, and Rate Studies. Maintains and operates transmission systems including force-mains, gravity-mains, laterals, and clean-outs. Performs in-house repairs for County-owned pumps and pro-active management of odor control and containment for both the wastewater lift stations and wastewater transmission systems in accordance with specific wastewater collections operations protocols to ensure sustained compliance and preserve the wastewater collection system assets for reliable and sustainable wastewater service to customers. |                              |                           |                             |                             |

Provides management of the laboratory certified through the Florida Department of Health and National Environmental Laboratory Accreditation Conference (NELAC) and compliance administration for the wastewater division including the Industrial Pretreatment Program. Provides for regulatory compliance through facility compliance analyses, groundwater sampling, injection and supplemental well monitoring, certification, and Quality Assurance/Quality Control pursuant to Florida Department of Environmental Protection (FDEP) Operating Permits. Performs industrial pretreatment and Fats Oil Grease programs to protect and preserve wastewater assets including transmission systems, lift stations, and treatment plants. Ensures regulatory compliance by performing facility audits pursuant to FDEP Operating Permit Pre-treatment requirements.

**Public Utilities Department**

**County Water-Sewer District  
Wastewater Division (408)**

**Forecast FY 2021:**

Personal services are forecast relatively flat to the adopted budget due to temporary vacancy savings offset by costs for 6 mid-year FTEs related to the FY 2021 CCWSD Operations Resourcing Strategic Plan (4 conversions from temporary labor – 2 Plants, 1 Irrigation Quality, 1 Power Systems – and 2 additions in Collections) approved by the Board on 11-10-20. Operating costs are projected over adopted budget with the largest forecast overruns in emergency maintenance, rental equipment, utility parts, utility repairs, and electrical supplies, partially offset by decreases in temporary labor, landscape maintenance, and electricity. Significant costs carried over from FY 2020 in contractual services, utility parts, utility repairs, electrical supplies, and engineering fees. Budget amendments within fund 408 will realign existing funding without impacting reserves. Capital is increased due to 2 truck purchases for FTEs added in the Operations Resourcing Strategic Plan.

Revenue: Forecast wastewater and effluent revenue differ from adopted budget estimates by (0.9%) and 4.3%, respectively. Charges for Services are forecast consistent with budget.

**Current FY 2022:**

Personal services are budgeted higher due to 6 FTEs related to the FY 2021 CCWSD Operations Resourcing Strategic Plan (4 conversions from temporary labor – 2 Plants, 1 Irrigation Quality, 1 Power Systems – and 2 additions in Collections), and cost-of-living base pay adjustments. Operating expenses are higher reflecting upward adjustments for chemicals, utility parts, utility repairs, IT Capital Allocation, licensing, and electrical repair and maintenance, partially offset by reduction in temporary labor.

**Capital Outlay items:**

\$500,000 - 4 Replacement Portable Generators  
\$ 82,000 - 1 Replacement Tractor  
\$ 50,600 - 3 Replacement Utility Vehicles  
\$ 40,000 - 4 Replacement Fork Lift  
\$ 28,000 - 4 Replacement Portable Flow Meters  
\$ 20,000 - 1 Replacement Composite Sampler  
\$ 15,000 - 1 Replacement Microbiology Freezer  
\$ 10,000 - 1 Replacement Automatic Sampler  
\$745,600 - Total Capital Outlay items

The purchase of replacement vehicles is budgeted in the Water/Sewer Motor Pool Fund (409).

**Revenues:**

Budgeted FY 2022 wastewater and effluent revenue are 2.9% and 6.5% higher, respectively, than FY 2021 budget due to a planned 2.9% rate increase, anticipated customer growth in wastewater, and anticipated effluent service level, net of slightly reduced wastewater demand. Charges for Services revenue is budgeted lower as the landfill leachate deep injection well is projected to be complete and take over leachate disposal before the end of FY 2022.

**Notes:**

The Collier County Water-Sewer District manages its debt, reserves and transfers to optimize its cash position. User fees that customers pay for services fund the District's operations (Fund 408), the repair and replacement (R&R) capital improvement projects (Funds 412 and 414), and the debt related to these projects (Fund 410). These user fees are deposited in the Operating Fund (408) and transferred to the other funds based on need and risk. Reserves and transfers for the District therefore must be viewed as a family of funds. The linkage between these funds enables the utility to seek and obtain the best value funding for projects and facilitate a revenue-centric approach to optimize transfers between these funds. A risk-based approach enables the District to defer projects based on measured risk and reduce that risk by executing projects at the appropriate time.

Reserves for the District are categorized as either restricted (can be utilized for specific purposes, including impact fee related growth and to meet bond covenants) or unrestricted (considered discretionary, used only as and when needed). One of the financial metrics rating agencies such as Fitch and Moody's review when determining credit ratings is unrestricted cash and liquidity. Maintaining a good credit rating allows the utility to borrow at favorable interest rates. The District currently has an investment grade of AAA from Fitch and an Aaa rating from Moody's. Unrestricted District reserves have been established based on the FY 2022 adopted reserve policy and on management's perceived risk in operations and the R&R capital improvement projects.

Combined, the Public Utilities Department proposed FY 2022 budgeted unrestricted reserves reflect management's commitment to ensuring operational continuity and compliance with regulatory agency requirements for unplanned and unanticipated events beyond the control of the Department's enterprise operations.

Operating Fund (408) – contingency reserves are established to meet unanticipated increases in commodity prices essential to the efficient production and delivery of services; cash flow reserves are funded in the event of a disaster that delays receipt of revenues necessary to fund operations.

Capital R&R Funds (412, 414) – contingency reserves are established in the event that planned, critical project costs exceed budgeted costs in an environment where demand for contractor's services is increasing; capital reserves are established to fund unanticipated projects that result from regulatory agency mandates and/or natural disasters.

The District has approximately \$1.6 billion of gross fixed assets. At the beginning of FY 2022, District principal outstanding debt will be approximately \$336 million (comprised of \$202 million in growth related debt and \$134 million of user fee debt). Total budgeted FY 2022 debt service is \$28.8 million.

| Responsible for the logistical management, environmental permitting, financial compliance, sustainability, and program growth of the Collier County Landfill, Eustis Landfill, Scalehouse, Immokalee Transfer Station, and the Naples, Marco Island, North Collier, North East, and Carnestown Recycling Drop-off Centers. The mission is to provide safe and efficient centralized facilities throughout the community for collection and proper disposal of materials to mitigate the solid waste stream. These collection and disposal facilities maintain compliance with local, state, and federal regulations through scheduled inspection audits that ensure execution of active permits, Florida Department of Environmental Protection (FDEP) regulations, and the Landfill Operating Agreement. |                              |                           |                             |                             |

| Provides environmental compliance measures to support and adhere to federal, state, and local regulations for the Hazardous Materials Collection Center and Hazardous Materials Management Program. Ensures the Center and Program are managed properly for compliant and financially efficient hazardous materials transport, storage, and disposal by private disposal contractors. Protects public health, safety, and the environment from improper management of commercially generated hazardous waste through performance of regular Small Quantity Generator compliance assistance verification inspections at county-registered businesses that have the potential to generate, store, transport, or dispose of hazardous materials.                                                             |                              |                           |                             |                             |

| Protects the county's groundwater, surface water, and soils from pollutant releases through regular inspections of state-registered pollutant storage tank facilities under contract with the Florida Department of Environmental Protection (FDEP) Petroleum Storage Tanks Program, and through monitoring of county-owned storage tanks on behalf of the Risk Management Division for the individual county divisions that own the tanks (Interdivisional Tanks Program). Ensures compliance with state and federal regulations and lessens the risk of hazardous releases from both private commercial and county-owned and insured storage tanks. Quantifies the exposure to risk and insurance coverage for county-owned tanks. Verifies and assures, through effective communications and onsite inspections, consistent compliance with state law. Educates and trains county team members to maintain compliance. Avoids costly cleanups resulting from preventable releases. |                              |                           |                             |                             |

**Public Utilities Department**

**Solid & Hazardous Waste Management Division**  
**Solid Waste Disposal Fund (470)**

**Notes:**

The FY 2022 solid waste disposal tipping fees include a 3.25% increase over FY 2021.

**Forecast FY 2021:**

Personal services are forecast higher than the adopted budget due to transfer of 1 FTE from Fund 473 Solid Waste Collections to Fund 470 Solid Waste Disposal. Operating expenses are forecast higher due to additional landfill operating costs attributable to COVID-19. Residential solid waste generation increased due to higher effective occupancy (early return / later departure of seasonal residents and increased year round occupancy), people spending more time at home including working from home, increased residential intensified real estate activity (robust pre-owned and new build sales), more home renovations, and shifts in consumer retail spending which generated higher volumes of bulky waste. At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized Operating absorbed expenses previously budgeted as Capital.

**Current FY 2022:**

Personal services have been adjusted for the transfer of 2 FTEs (1 mid-year FY 2021, 1 FY 2022) from Fund 473 Solid Waste Collections to Fund 470 Solid Waste Disposal, 1 fellowship intern, and cost-of-living base pay adjustments. Operating expenses are budgeted higher due to landfill operating contract expense driven by increased volume and contractual CPI increases, 4 additional temporary laborers, and contractual services. The landfill operating contract expense budget includes a contract CPI adjustment of 2.5%.

**Capital Outlay items:**

\$ 62,000 – 1 Replacement Skid Steer Loader  
\$ 20,000 – 1 Replacement Utility Vehicle  
\$ 10,000 – 1 Replacement Server / Switch  
\$ 7,500 – 1 Replacement Weather Station  
\$ 99,500 – Total Capital Outlay

The purchase of expanded and replacement vehicles is budgeted in the Solid Waste Motor Pool Fund (472).

Fund 470 will repay the \$3.9 million advance from Fund 471 to Fund 474 for Deep Injection Well construction. The repayment will be used to build emergency reserves for future disaster debris removal missions and landfill closure costs.

**Revenues:**

The budget is primarily supported by landfill tipping fees. Tipping fees are benchmarked annually and are set to support the needs of the Solid Waste enterprise fund. Over the past five years, tipping fee revenue increased on average 4.6%. The budget is based on a tipping fee rate increase of 3.25%.

The Charges for Services category includes landfill tipping fees of \$16,545,200, Landfill Gas-to-Energy Facility revenue of \$423,700, and Recycling Drop-off Center fees of \$165,700. The Landfill tipping fee cost for the Mandatory Trash Collection program is budgeted at \$9,661,700 and is included in the Reimbursement from Other Departments category. The Petroleum Storage Tanks Inspection Program contributes \$131,500 from private tank inspections and \$93,300 from County owned tank inspections. Other notable sources include a reimbursement from Water/Sewer Fund (408), Solid Waste Collections Fund (473), and scrap sales.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Solid & Hazardous Waste Management Division**

**Solid Waste Landfill Closure and Debris Mission Reserves Fund (471)**

**Mission Statement**

Establish appropriate levels of reserves to fund the upfront costs of a major debris mission and support funding not recovered from State and Federal reimbursements and provide funding to comply with required landfill closure liability requirements.

**Public Utilities Department**

**Solid & Hazardous Waste Management Division  
Solid Waste Landfill Closure and Debris Mission Reserves Fund (471)**

**Notes:**

In the event of a disaster, such as Hurricane Irma in 2017 with cash flow exposure over \$60 million, the Solid and Hazardous Waste Management Division is responsible for the right of way disaster debris removal and monitoring project. Per budget policy, the Division established a restricted cash flow reserve to fund the upfront cash needs that accrue from significant disasters. This amount should at least approximate the Division's potential for cost share that will not be reimbursed by the Federal Emergency Management Agency nor the State of Florida, typically 12.5% of the debris removal mission cost. Potential cash flow exposure is also a factor in determining the appropriate reserve level.

**Forecast FY 2021:**

The budgeted reserve for disaster relief expenditures is \$4,748,000 in FY 2021.

**Current FY 2022:**

Solid Waste Operating Fund 470 is repaying the \$3,900,000 advance from Fund 471 to cashflow the Deep Injection Well construction. The repayment will be used to build up funding for future disaster debris removal missions.

A transfer to the solid waster capital fund 474 has been budgeted for \$8,000,000. This budget was established to set up the mechanism to transfer over cash to fund 474 incase a storm makes landfall in Collier County.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Solid & Hazardous Waste Management Division  
Solid Waste Disposal Grants Fund (475/476)**

**Mission Statement**

To obtain available funds from entities that promote and support solid waste management initiatives and / or hurricane resiliency.

**Notes:**

To continue best value services to the residents of Collier County, the Solid and Hazardous Waste Management Department staff continues to pursue both federal and state grants that provide opportunities to fund programs and capital projects. Upon receipt, new grant programs are brought before the Board of County Commissioners for approval and acceptance. At that time, budgets are added to the financial accounting and grant management system.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Solid & Hazardous Waste Management Division**

**Mandatory Trash Collection Fund (473)**

**Mission Statement**

To provide best value, sustainable mandatory residential solid waste collection services that protect the health, safety, and welfare of the public and safeguard environmental resources in accordance with federal, state, and local regulations; increase public awareness related to sustainable solid waste management, recycling, and household hazardous wastes; and adhere to the guiding principles of the board approved integrated solid waste management plan.

| This program provides education and compliance activities for all Public Utilities Department (PUD) enterprise-related ordinances through recognition and containment of situations that pose direct threats to public health and safety. Core functions include education about water-sewer and solid waste disposal and collection ordinances, irrigation regulations, on-site response to residential and commercial customer inquiries about solid waste collection and disposal issues, and investigation and resolution of utility ordinance and standards violations including meter tampering and illegal connections to the potable public water supply. This program also includes monitoring the contractors' execution of solid waste collection services in accordance with the Franchise Agreements, inspection of franchised hauler vehicles, issuance of exemption certificates and vehicle inspections for self-hauling trash on county roadways, review of site development plans to ensure adequate solid waste collection facilities are included in the design, and unit sweeps to determine the correct number of units per parcel for the residential curbside solid waste assessment rolls. These activities are concentrated in the unincorporated area of Collier County, the City of Marco Island, and Everglades City. |                              |                           |                             |                             |
| <b>Solid Waste Residential Collections Indirect Cost Reimbursement</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             | -                            | 135,500                   | 135,500                     | -                           |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Solid & Hazardous Waste Management Division  
Mandatory Trash Collection Fund (473)**

**Notes:**

In FY 2022, the solid waste and recycling curbside collection assessment in District I will increase by 2.0% from \$221.85 to \$226.29, or \$0.37 per unit per month.

In FY 2022, the solid waste and recycling curbside collection assessment in District II will increase by 3.2% from \$214.07 to \$220.97, or \$0.58 per unit per month.

**Forecast FY 2021:**

Personal services are forecast lower than the adopted budget due to transfer of 1 FTE from Fund 473 Solid Waste Collections to Fund 470 Solid Waste Disposal.

Operating expenses are forecast higher due to additional residential tonnage disposal costs attributable to COVID-19. Residential solid waste generation increased due to higher effective occupancy (early return / later departure of seasonal residents and increased year round occupancy), people spending more time at home including working from home, increased residential intensified real estate activity (robust pre-owned and new build sales), more home renovations, and shifts in consumer retail spending which generated higher volumes of bulky waste. At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized Operating absorbed expenses previously budgeted as Capital.

Forecast Mandatory Collection assessment revenue of \$28,474,500 is below budget due to a higher average early payment discount and fewer new units than originally projected.

**Current FY 2022:**

Personal services are budgeted lower due to transfer of 2 FTEs (1 mid-year FY 2021, 1 FY 2022) from Fund 473 Solid Waste Collections to Fund 470 Solid Waste Disposal offset slightly by cost-of-living base pay adjustments. Operating expenses are higher reflecting upward adjustments for mandatory residential collection contract expense, additional tonnage collected per unit, and more housing units. The mandatory collection franchisee contractual CPI increase is budgeted at 2.91%. An estimated 2,700 or an additional 1.9% new residential accounts are anticipated.

**Revenues:**

To keep pace with contractual CPI increases to collection franchisee contracts, landfill tipping fee increases, and general operational cost increases, the mandatory solid waste residential assessment fee is budgeted to go up by 2.0% in District I and 3.2% in District II. The assessment fee for customers in District I will increase from \$221.85 to \$226.29, \$0.37 per month. The assessment fee for customers in District II will increase from \$214.07 to \$220.97, \$0.58 per month. These assessment fee increases and addition of an estimated 2,700 customer accounts result in a total budgeted revenue increase of 2.7%.

This budget also supports the overall Public Utilities Ordinance Education & Enforcement function. This function benefits both the Solid Waste Division and the Collier County Water/Sewer District (CCWSD). The CCWSD will pay for its share of education and enforcement through a transfer of \$443,900 from Fund (408).

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Facilities Management Division**

**Facilities Management (001)**

**Mission Statement**

To maintain, repair, operate and remodel the county's buildings, infrastructure, and facilities; to provide professional and cost-effective small project management services; to consider the needs of our customers while ensuring employee, resident and visitor health and safety.

| Program Summary                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | FY 2022<br>Total FTE | FY 2022<br>Budget | FY 2022<br>Revenues | FY 2022<br>Net Cost |

| Responsible for the logistical management, maintenance, financial compliance, sustainability and condition assessment of Collier County government buildings and structures. Through continuously improving preventative and predictive maintenance programs, Facilities Management strives to provide safe, secure and well maintained facilities that are accessible to all persons. This section manages the maintenance functions and activities of the Division, including electrical, low-voltage, plumbing, heating, ventilation and air conditioning (HVAC), structural repairs, physical energy plant, pest control, as well as fire systems maintenance and compliance; Coordinates the preventative maintenance programs for the County's structures and building related assets, which in return avoids emergency repairs and prevents loss of public services and County staff productivity; Ensures County facilities are clean, safe, and productive through indoor air quality services, which include investigations and remediation. Building management cost includes operating, personnel, and capital expenses. |                      |                   |                     |                     |

**Public Utilities Department**

**Facilities Management Division**

**Facilities Management (001)**

**Forecast FY 2021:**

The personal services forecast is moderately lower than budget due to overtime and special pay adjustment savings. Operating expense is forecast higher than adopted budget due to increases in HVAC supplies, locksmith services, and plumbing contractors. At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized Operating absorbed some expenses previously budgeted as Capital.

Forecast revenue from special services performed on a reimbursement basis are moderately higher than budget. Reimbursements include \$133,700 from Fund (408), and \$85,200 from Fund (113) for services that fall outside of core maintenance functions.

**Current FY 2022:**

Personal services are budgeted lower due to the FY 2022 internal transfer of one (1) FTE, an Inspector, from Facilities Management (001) to Capital Project Management (001) and by a reduction in overtime. This reduction is partially offset by cost-of-living based pay adjustments. Operating expenses are budgeted higher due to increases in minor operating equipment, HVAC supplies, and electrical supplies.

**Capital Outlay items:**

\$ 50,000 - 1 Replacement Aerial Platform  
\$ 45,000 - 1 Replacement Forklift  
\$ 20,000 - 1 Replacement Scissor Lift  
\$ 20,000 - 1 Replacement Pressure Washer  
\$135,000 - Total Capital Outlay

The purchase of expanded and replacement vehicles is budgeted in the Motor Pool Capital Fund (523).

In addition to the budget illustrated on this page, the Division budgets and manages a capital appropriation in the County-Wide Capital Improvement Fund (301) to provide roof replacements, HVAC replacements, general building and life safety upgrades, security improvements, painting and restoration/renovation services.

**Revenues:**

Total budgeted revenue includes \$355,000 from special services performed on a reimbursement basis as well as transfer reimbursements of \$133,700 from Fund (408), and \$85,200 from (113) for services that fall outside of core maintenance functions.

| Responsible for the logistical management, maintenance, financial compliance, sustainability and condition assessment of Collier County government buildings and structures. Through continuously improving preventative and predictive maintenance programs, Facilities Management strives to provide safe, secure and well maintained facilities that are accessible to all persons. This section manages the maintenance functions and activities of the Division, including electrical, low-voltage, plumbing, heating, ventilation and air conditioning (HVAC), structural repairs, physical energy plant, pest control, as well as fire systems maintenance and compliance; Coordinates the preventative maintenance programs for the County's structures and building related assets, which in return avoids emergency repairs and prevents loss of public services and County staff productivity; Ensures County facilities are clean, safe, and productive through indoor air quality services, which include investigations and remediation. Building management cost includes operating, personnel, and capital expenses. |                      |                   |                     |                     |

**Forecast FY 2021:**

The personal services forecast is moderately lower than budget due to temporary vacancy and overtime savings. Operating expense is forecast lower than adopted budget as a result of reductions in temporary labor, security, landscape and custodial services. At the start of the fiscal year, the asset threshold increased from \$1,000 to \$5,000. Consequently, annualized operating absorbed some expenses previously budgeted as capital.

Forecast revenues are lower than budgeted revenues due to lower than anticipated interdepartmental revenues.

**Current FY 2022:**

Personal services are budgeted lower due to the internal transfer of one (1) FTE, a Project Manager, from Contract Services (001) to Capital Project Management (001) offset slightly by cost-of-living based pay adjustments. Operating expense is budgeted lower due to reductions in temporary labor and lower contract costs for landscape maintenance and custodial services.

**Revenues:**

Total budget revenues include \$15,000 for special services performed on a reimbursement basis.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Facilities Management Division**

**Capital Project Management (001)**

**Mission Statement**

To deliver high quality best value project management and project delivery services to all agencies of Collier County Government; to plan, develop, construct, and renovate the county's buildings and infrastructure; to ensure that we consider the needs of our customers; and to manage our projects with a constant focus on safety.

| Program Summary                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | FY 2022<br>Total FTE | FY 2022<br>Budget       | FY 2022<br>Revenues | FY 2022<br>Net Cost     |

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Facilities Management Division  
Capital Project Management (001)**

**Forecast FY 2021:**

The personal services forecast is moderately higher than budget due to the addition of nine (9 ) mid-year FTEs related to construction engineering and inspection (CEI) insourcing (5 conversions from temporary labor and 4 additions) approved by the Board on 12-08-20 and the transfer of one (1) FTE, an Operations Analyst, from the Administrative Services Department Admin Section (001). This increase is slightly offset by temporary vacancy savings. Operating expense is forecast lower than adopted budget as a result of reductions in temporary labor associated with the aforementioned employee conversions.

**Current FY 2022:**

Personal services have been budgeted higher due to the addition of nine (9) mid-year FTEs related to construction engineering and inspection (CEI) insourcing (5 conversions from temporary labor and 4 additions) approved by the Board on 12-08-20, the mid-year transfer of one (1) FTE, an Operations Analyst, from the Administrative Services Department Admin Section (001), and the FY 2022 transfer of three (3) FTEs, a Project Manager from Contracted Services (001), an Inspector from Facilities Management (001) and a Principal Project Manager from County Park Facilities and Programs (001). Operating expense is budgeted higher as a result of associated employee costs budgeted in this section offset by a reduction in temporary labor.

**Forecast FY 2021:**

Personal services are forecast higher than budget due to a hire at a pay rate above the base salary budgeted. Operating expenses are forecast under budget due to decreased temporary labor.

Reimbursements are received for work performed by Real Property staff for Public Utilities Department, Public Services Department, Administrative Services Department, and other client departments.

**Current FY 2022:**

The personal services budget increase reflects a hire at an rate above base rate along with cost-of-living base pay adjustments. Operating expense decrease reflects reduction to temporary labor.

**Revenues:**

FY 2022 Revenue budget increases modestly over the prior year budget due to departmental reimbursements and miscellaneous revenues. Departmental reimbursements are expected from Public Utilities Department, Public Services Department, Administrative Services Department, and other client departments.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Facilities Management Division**

**GAC Land Trust Fund (605)**

**Mission Statement**

To efficiently and effectively market Golden Gate Estates lots currently owned by Collier County, and identify needs for services within the Golden Gate Estates area and to set priorities for the funding of necessary improvements and/or support equipment to provide these services.

Forecast FY 2021:

To conduct ADA projects that include, but are not limited to: ADA accessible ramping, ADA signage, ADA door closures, ADA parking spaces, ADA sidewalks, ADA lifts, etc. The Covid-19 crisis has curtailed concession services and as a result no concession fees are projected.

Current FY 2022:

To conduct ADA projects that include but are not limited to: ADA accessible ramping, ADA signage, ADA door closures, ADA parking spaces, ADA sidewalks, ADA lifts, etc. These projects will be conducted at regional parks, government centers, and other county facilities. \$25,000 is provided for improvements with the balance of anticipated resources available in reserves.

Revenues:

Anticipating a gradual return to normal operations a modest concession fee budget is provided.

**Notes:**

The Freedom Memorial is located at the Freedom Park, also known as the Gordon River Water Quality Park, located on the northeast side of Golden Gate Parkway and Goodlette Road. On February 10, 2015 via Agenda Item 10A, the Board of County Commissioners in FY15 approved matching private contributions in the amount of \$600,000 in order to finish the Freedom Memorial. The cost to complete the project was \$1.2M. Current activity includes small enhancements on a funds available basis.

**Forecast FY 2021:**

Contributions continue to be received and utilized for the ongoing addition of smaller commemorative enhancements.

**Current FY 2022:**

Budgeted expenditures provide for the ongoing addition of smaller commemorative enhancements.

**Revenues:**

Funding is provided by the carry forward of previous contributions with new contributions budgeted subsequent to receipt.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

**Public Utilities Department**

**Facilities Management Division**

**Specialized Grants - Facility Management (701/702)**

**Mission Statement**

To account for the funds received from federal and state grants.

## Debt Service

## **Debt Service**

### **Recap of Recent Debt Issues:**

On June 27, 2017, agenda item 11C., the Board approved up to a \$60 million commercial paper loan to finance the development, acquisition, construction and equipping of the Amateur Sports Complex. On April 30, 2018 Commercial Paper Loan A-1-1 was issued in the amount of \$12 million to purchase the 60 acres sport complex property, with quarterly principal and interest payments. The debt service payments will be funded from the legally available non-ad valorem revenue of the General Fund under a covenant to legally and appropriate. Debt appropriations are budgeted in Fund 299.

On September 11, 2018, agenda item 11.A., the Board authorized up to a \$70 million Tourist Development Tax Revenue Bond to finance the development, acquisition, construction and equipping of the Amateur Sports Complex. On October 9, 2018 the Tourist Development tax revenue bond was issued for \$62,965,000. Debt appropriations are budgeted in Fund 270.

On March 12, 2019, agenda item 9.A., the Board authorized up to a \$85 million Collier County Water-Sewer District Revenue Bonds in order to finance the acquisition, construction, and equipping of various utility capital improvements within the northeast area of Collier County. On April 2, 2019 the revenue bond was issued for \$76,185,000. Debt appropriations are budgeted in Fund 410.

On July 9, 2019, agenda item 11.C., the Board authorized a term loan up to \$29 million to purchase the Golden Gate Golf Course. On July 18, 2019, the not was issued for \$28,060,000. Debt appropriations are budgeted in Fund 246.

On September 22, 2020, agenda item 11.B., the Board authorized up to \$92 million in Special Revenue Bonds, Series 2020A to finance the acquisition, construction and equipping of various capital improvements and refinance certain outstanding indebtedness of Collier County and up to \$26 million in Taxable Special Obligation Revenue Bonds, Series 2020B to purchase certain real property. Debt appropriations are included in the FY 2021 amended budget in Fund 298.

### **History of General Governmental Bond refundings - starting in Fiscal Year 2010:**

On June 22, 2010, the Board approved the issuance of the Collier County Special Obligation Revenue Bonds, Series 2010 in order to refinance all twelve (12) of the County's outstanding Commercial Paper Loans. Assuming that the balance due on December 2012 would be rolled into a new commercial paper loan and the variable interest plus administrative fee rate is 5%, the refunding generated a net present value savings of 6.34%, or \$3,796,567. The refinancing allowed the County to take advantage of historically low fixed interest rates, eliminated variable interest rate exposure and the \$47 million lump sum loan payment due in December 2012. The Commercial Paper program served the County well over the years with the previous letter of credit provider.

Based on the Debt Service Reserve Requirement within the Bond documents and the dramatic deterioration of the bond insurer's credit ratings, the County was obligated to allocate certain moneys to fund the parity Reserve Account by March 31, 2009. On March 24, 2009, agenda item 16(F)7 and again on September 29, 2009, agenda item 16(F)5, the Board of County Commissioners approved to allocate undesignated fund balances of the Collier County Water/Sewer District Capital and Solid Waste Landfill Closure accounts in the total amount of \$19,570,800. These moneys were placed into Sales Tax Bond Reserve Fund 217 to satisfy the funding up of the parity Reserve Account. On March 12, 2013, agenda item 11.B. the Board approved the repayment of the loans from the County Water/Sewer District and from the Solid Waste funds.

On October 26, 2010, the Board approved the refunding of the Capital Improvement Revenue Bonds, Series 2002. The refunding generated a net present value savings of 5.41%, or \$1,362,315 over the remaining bond life (11 years). The refunding also released approximately \$3.8 million of cash from existing debt service reserves currently restricted pursuant to the bond covenants. The new refunding Bonds known as Special Obligation Refunding Revenue Bonds, Series 2010B, were issued without any reserve or reserve insurance policy and are budgeted in fund 298. These refunding bonds are secured through a general covenant to budget and appropriate of legally available non ad valorem revenues.

On January 25, 2011, the Board approved the prepayment of the Naples Park Area Stormwater Improvement Assessment Bond, Series 1997. The prepayment generated an interest savings \$6,556.

On April 12, 2011, the Board approved the prepayment of the Conservation Collier Limited General Obligations Bond, Series 2008. The prepayment generated an interest savings \$131,725.

On October 25, 2011, the Board approved the partial refunding of the Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 5.05%, or \$4,846,269. The refunding also released approximately \$5.3 million of cash from existing debt service reserves currently restricted pursuant to the bond covenants.

## **Debt Service**

The new Special Obligation Refunding Revenue Bonds, Series 2011, were issued without any reserve or reserve insurance policy and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

On March 12, 2013, the Board approved to refund all remaining outstanding Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 2.96%, or \$2,064,642. The refunding also released the balance of cash (approximately \$10.4 million) from existing debt service reserves currently restricted pursuant to the bond covenants. The new Special Obligation Refunding Revenue Bonds, Series 2013, were issued without any reserve or reserve insurance policy, and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

The Special Obligation Refunding Revenue Bonds, Series 2010B, Series 2011, and Series 2013, eliminated onerous debt service surety requirements, allowing the release of all borrowed utility and solid waste enterprise funds.

On January 24, 2012, the Board approved the prepayment of the 2007 State Infrastructure Bank Loan. The prepayment generated an interest savings \$59,983.

On April 10, 2012, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2003. The partial refunding generated a net present value savings of 9.21%, or \$3,811,782. The refunding also will release approximately \$2.8 million of cash in June 2013 from existing debt service reserves currently restricted pursuant to the bond covenants. The new Gas Tax Refunding Revenue Bonds, Series 2012, were issued without any reserve or reserve insurance policy.

On May 13, 2014, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2005. The partial refunding generated a net present value savings of 11.38%, or \$9,731,581. The new Gas Tax Refunding Revenue Bonds, Series 2014, were issued without any reserve or reserve insurance policy.

On June 28, 2016, the Board approved the prepayment of the 2012 Radio Road MSTU Project Limited General Obligation Note. The prepayment generated an interest savings of \$29,891.

On December 12, 2017, the Board approved the partial refunding of the County's Special Obligation Revenue Bonds, Series 2010. The refunding generated a net present value savings of 6.72%, or \$2,764,838 over the remaining bond life (17 years). The new refunding Note known as Special Obligation Refunding Revenue Note, Series 2017 are budgeted in fund 298. These refunding bonds are secured through a general covenant to budget and appropriate of legally available non ad valorem revenues.

\*\* Debt Service Reserve Fund Requirement eliminated through debt restructuring and all loaned funds from Public Utilities returned.

## Debt Service Summary

The Debt Service Section details budgets for the payment of principal and interest on borrowed funds. Funds are borrowed through issuance of general obligation or revenue bonds, commercial paper or bank loans. General obligation bonds are secured by property taxes and can be issued only following a referendum, while revenue bonds pledged a limited revenue source such as sales or gas taxes to repayment and special obligation bonds pledge a basket of legally available non ad valorem revenues. The budget for each debt service fund details the type of debt, the principal outstanding, and the revenue source that is pledged to retire the debt.

### Summary of FY 2022 Budgeted Principal and Interest Payments by Fund

| <u>Fund Title</u>                                                              | <u>Fund #</u> | <u>Principal</u>    | <u>Interest</u>     | <u>Arbitrage Services</u> | <u>Fiscal Agent Fee</u> | <u>Total</u>        |

All required principal and interest payments have been made in a timely manner on these bonds.

The County maintains an excellent investment quality credit rating from all three major rating agencies. The following are ratings for select revenue bond debt investments.

### Current Bond Rating by Rating Agency

| <u>Debt Instrument</u>           | <u>Moody's</u> | <u>Standard &amp; Poor's</u> | <u>Fitch</u> |
|----------------------------------|----------------|------------------------------|--------------|
| Gas Tax Revenue Bonds            | A2             | A+                           | AA-          |
| Special Obligation Bonds         | Aa1            | AAA                          | AA           |
| Tourist Development Tax Bonds    | Aa3            | -                            | AA+          |
| County Water-Sewer Revenue Bonds | Aaa            | -                            | AAA          |

A Moody's Investors Service rating of Aa is indicative of a high-quality investment grade instrument with very low credit risk, whereas an A rating indicative of an upper-medium grade instrument subject to low credit risk. Moody's uses intermediate modifiers of 1 (higher) to 3 (lower) within the Aa and A ranges. Moody's also maintains an Issuer Credit Rating of Aaa for Collier county which indicates excellent overall credit worthiness.

An obligation rated AAA has the highest rating assigned by Standard and Poor's Global Ratings. The obligor's capacity to meet its financial commitments on the obligation is extremely strong. An obligation rated A is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligator's capacity to meet its financial commitments on the obligation is still strong. Standard and Poor's Global Ratings also uses intermediate +/- modifiers for each category to indicate relative standing within the major rating categories.

A rating of AAA by Fitch Ratings denotes the lowest expectation of default risk. A rating of AA denotes the expectations of very low default risk and indicates very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. Fitch also uses intermediate +/- modifiers for each AA category.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

Issuing strategic short term and/or long-term debt is an important part of the County's capital improvement program under the basic premise that future residents should pay for improvements that they will enjoy and not just current residents. Further, the historically low cost of capital environment which has and currently exists provides a unique opportunity to lock in very low interest rates and capitalize on the County's exemplary credit rating.

The County is positioned to add new strategic debt to the portfolio after embarking upon an aggressive debt restructuring program in the summer of 2010 and to date over \$422 million in general governmental debt has been refinanced. As a result, the cost of borrowing has been reduced by \$1,896,000 annually with this recurring savings applied toward high priority "pay as you go" operating and capital programs. Annual principal and interest payments servicing outstanding general governmental debt totals \$42.0 million plus \$28.8 million in enterprise debt and the total represent 4.0% of the County's net adopted FY 2022 budget.

Florida Statutes place no limitations on the application of revenues to debt service by local taxing authorities, but prudent fiscal management dictates a self-imposed level of restraint. The following policy regarding the issuance of debt was adopted in the Growth Management Plan. Collier County will not exceed a maximum ratio of total general government debt service to bondable revenues from current sources of 13%. Current bondable revenues are ad valorem taxes, communications services tax revenue, gas taxes, revenue sharing, impact fees, sales tax, tourist taxes, court facility fees, and charges for services in parks and recreation and community development. The ratio of total general government debt service to bondable revenues from current sources is 6.0% (unaudited for FY21). The FY 11 percent of 11.1% was expected and the reason for the increase from FY 10 to FY 11 is the substantial drop in revenues, specifically ad valorem revenues due to tax base erosion resulting from the economic recession. Future consideration of any debt issuance is a policy decision of the Board in accordance with the County's Debt Management Policy. The trend in this ratio is depicted below.

**Collier County Government  
Fiscal Year 2022 Adopted Budget**

The enterprise funds operate under revenue bonding ratios set by the financial markets and are, therefore, excluded from this debt policy. The utility revenue bonds require coverage (net revenue consisting of user fees, special assessments, and system development charges divided by total debt service requirements) of 1.25. As demonstrated below, the actual coverage well exceeds the ratio required in the utility bond covenants.

Many, but not all, capital projects are funded on a cash basis. This is recognized in the Growth Management Plan policy regarding general obligation debt: Certain large scale projects of significant county-wide impact and cost would, if funded by current ad valorem taxes in the year of construction, result in an unacceptable millage rate. These projects could be proposed for general obligation bonding. The electorate could be asked through referendum to approve the borrowing of funds for the projects and the levy of ad valorem taxes to pay the resulting debt service. Any capital projects financed by borrowing money shall have a repayment period limited to the useful life of the asset.

### **Bond Refinancing**

The County's Finance Committee, consisting of key County financial management and legal staff, the County's Financial Advisor, and the County Bond Counsel explore the possibility of savings to be generated through refinancing existing bond issues. Depending on market conditions, bond refunding/refinancing may be recommended by the Finance Committee. In general, the net present value savings generated by any proposed refinancing shall be a minimum of 5%. As a general rule, savings generated by refinancing shall be utilized to reduce future debt service payments. Five (5) percent savings is considered a benchmark, but any advance refunding that produces a smaller net present value savings may be considered on a case-by-case basis.

**CURRENT YEAR FINANCING ACTIVITIES**

On November 3, 2020, Collier County issued the Series 2020A Special Obligation Revenue Bonds and the Series 2020B Taxable Special Obligation Revenue Bonds in the respective par amounts of \$75,100,000 and \$24,075,000. The Series 2020A bonds were issued for various stormwater and aquatic facility improvements as well as to refinance an outstanding commercial paper loan. The Series 2020B bonds were issued for purposes of acquiring certain real property. The final maturity of the Series 2020A bonds is October 1, 2045, with interest rates from 4.00% to 5.00%. The final maturity of the Series 2020B bonds is October 1, 2029, with an interest rate fixed at 2.00%.

On July 27, 2021, the Board of County Commissioners of Collier County, Florida and ex-officio as the governing Board of the Collier County Water-Sewer District (District) issued the Series 2021 Water and Sewer Revenue Bonds in the par amount of \$128,900,000. These bonds were issued for purposes of financing the acquisition, construction and equipping of various utility capital improvements related to Golden Gate City and surrounding areas, the northeast service area and the utilities' portion of the planned Government Operations Business Park. The Series 2021 bonds were issued on a parity with the District's outstanding Water and Sewer Refunding Revenue Bond, Series 2015, Water and Sewer Refunding Revenue Bond, Series 2016, Water and Sewer Revenue Bond, Series 2018 and Water and Sewer Revenue Bond, Series 2019. The final maturity of the Series 2021 bonds is July 1, 2046, with interest rates from 4.00% to 5.00%.

**RESTRICTIVE COVENANTS**

According to County resolutions authorizing the issuance of the Series 2010B, 2011, 2013, 2020A and 2020B and Special Obligation Refunding and Revenue Bonds and Series 2017 and 2019 Special Obligation Refunding and Revenue Notes, the County has covenanted, subject to certain restrictions and limitations, to appropriate in its annual budget, by amendment if necessary, from non-ad valorem revenues amounts sufficient to pay principal and interest on the combined Special Obligation Bonds and Notes. The total non-ad valorem revenue collections pledged to payment of the Special Obligation Bonds and Notes for the fiscal year ended September 30, 2021 was \$137,768,005.

Collier County, Florida  
DRAFT – Notes to the Financial Statements  
September 30, 2021

**NOTE 7 – LONG-TERM DEBT – CONTINUED**

According to County resolutions authorizing the issuance of the Series 2012 Gas Tax Revenue Refunding Bonds and Series 2014 Gas Tax Refunding Revenue Bond, the issues are payable from and secured by liens on gas tax revenues.

Total pledged gas tax revenues for the fiscal year ended September 30, 2021 were \$22,919,743.

According to County resolutions authorizing the issuance of the Series 2018 Tourist Development Tax Revenue Bonds, the issues are payable from and secured by a lien on tourist development tax revenues. Total tourist development tax revenues for the fiscal year ended September 30, 2021 were \$36,192,118.

The County Water and Sewer District (District) has pledged future water and sewer customer revenues, net of certain operating expenses, to repay \$335,666,000 in Series 2015, 2016, 2018, 2019 and 2021 revenue bonds and direct placement loans. Proceeds from the bonds and loans were used for the expansion of the District's water and sewer systems as well as the refinancing of bonds issued for purposes of rehabilitation or expansion of the District's water and sewer systems. Principal and interest are payable through July 1, 2046, solely from the net revenues and certain other fees and charges derived from operation of the County's Water and Sewer District (District). The pledge of net revenues by the District from the operation of the system does not constitute a lien upon the system or any other property of the County. The resolutions authorizing the revenue bonds include an obligation for the District to fix, establish and maintain such rates and collect such fees so as to provide in each year net revenues, as defined in the bond resolutions, which together with system development fees (impact fees) and special assessment proceeds (if applicable) received shall be at least 125% of the annual debt service requirements for the bonds; provided, however, that net revenues in each fiscal year shall be adequate to pay at least 100% of the annual debt service on the bonds. Fiscal year 2021 pledged revenues, net of operating expenses (excluding depreciation and amortization), were \$61,117,972, and \$77,391,455 when system development fees were included. Principal and interest paid on the bonds during fiscal year 2021 totaled \$12,565,757, providing coverage of 486% and 616%, respectively. In addition, bond covenants require a renewal and replacement amount equal to \$300,000 in the District funds. The District was in compliance with these covenants for the year ended September 30, 2021.

The District has a note outstanding in the amount of \$50,360,000 with Synovus Financial Corporation. This note is collateralized by a lien on pledged revenues consisting of net revenues from the operations of the County Water and Sewer System and system development fees. The lien is subordinate in all respects to the liens placed upon pledged revenues established by bonded and direct placement loan indebtedness. The District's note was in compliance with these covenants for the year ended September 30, 2021.

**LEGAL DEBT MARGIN**

The Constitution of the State of Florida and the Florida Statutes set no legal debt limit.

Collier County, Florida  
DRAFT – Notes to the Financial Statements  
September 30, 2021

**NOTE 8 – CONDUIT DEBT OBLIGATIONS**

**COMPONENT UNIT CONDUIT DEBT**

The Industrial Development Authority, Housing Finance Authority, Health Facilities Authority and Educational Facilities Authority, all component units of Collier County, issue debt instruments for the purpose of providing capital financing to independent third parties. Industrial development revenue bonds have been issued to provide financial assistance to public entities for the acquisition and construction of industrial and commercial facilities. Housing revenue bonds have been issued for the purpose of financing the development of multi-family residential rental communities. The health facility revenue bonds were issued to provide financing for the construction of health park facilities. The educational facility revenue bonds were used to provide financing for the construction of educational facilities. These bonds were secured by the financed property, a letter of credit or a corporate guarantee. The primary revenues pledged to pay the debt are those revenues derived from the project or facilities constructed. Neither the issuing authority, nor the County, is obligated in any manner for repayment of the bonds and as such they are not reported as liabilities in the accompanying financial statements.

As of September 30, 2021, the outstanding principal amount payable on all component unit conduit debt was \$631,976,651 and is made up the following:

|                                      | Total       |
|--------------------------------------|-------------|
| Industrial development revenue bonds | 285,824,344 |
| Housing finance revenue bonds        | 83,961,859  |
| Health facilities revenue bonds      | 196,313,242 |
| Educational facilities revenue bonds | 65,877,206  |
| Total                                | 631,976,651 |

## **Debt Service**

### **General Governmental Debt**

#### **Series 2003/2012 and 2005/2014 Gas Tax Revenue Bonds (212)**

**Notes:**

Purpose: Gas Tax Refunding Revenue Bonds, Series 2003  
Principal Outstanding as of September 30, 2020: \$0  
Final Maturity: June 1, 2013  
Interest Rate: 3.70% - 5.25%  
Revenue Pledged: 5-cent, 6-cent, 7th cent, and 9th cent Gas Tax

Purpose: Gas Tax Revenue Bonds, Series 2005  
Principal Outstanding as of September 30, 2020: \$0  
Final Maturity: June 1, 2015  
Interest Rate: 3.00% - 5.00%  
Revenue Pledged: 5-cent, 6-cent, 7th cent, 9th cent, and Constitutional Gas Tax

Purpose: Gas Tax Refunding Revenue Bonds, Series 2012  
Principal Outstanding as of September 30, 2021: \$7,375,000  
Final Maturity: June 1, 2023  
Interest Rate: 3.00% - 5.00%  
Revenue Pledged: 5-cent, 6-cent, 7th cent, 9th cent, and Constitutional Gas Tax

Purpose: Gas Tax Refunding Revenue Bonds, Series 2014  
Principal Outstanding as of September 30, 2021: \$42,945,000  
Final Maturity: June 1, 2025  
Interest Rate: 2.33%  
Revenue Pledged: 5-cent, 6-cent, 7th cent, 9th cent, and Constitutional Gas Tax

On April 10, 2012, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2003. The partial refunding generated a net present value savings of 9.21%, or \$3,811,782. The refunding also released approximately \$2.8 million of cash in June 2013 from existing debt service reserves currently restricted pursuant to the bond covenants. The new Gas Tax Refunding Revenue Bonds, Series 2012, were issued without any reserve or reserve insurance policy.

On May 13, 2014, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2005. The partial refunding generated a net present value savings of 11.38%, or \$9,731,581. The new Gas Tax Refunding Revenue Bonds, Series 2014, were issued without any reserve or reserve insurance policy.

**Revenues:**

In FY 2020, the Coronavirus pandemic hit in the spring, at the peak of the tourist season, negatively effecting revenues for the rest of the year.

Revenues still have not rebound to "prior to COVID". Although the State estimated the FY 2021 revenues to be at \$1,911,888, the FY 2021 Forecasted revenues are at \$1,900,000, as well as FY 2022 Budget.

**Notes:**

Purpose: Pine Ridge Industrial Park and Naples Production Park Improvements.  
Principal Outstanding as of September 30, 2020: \$0  
Final Maturity was to be October 1, 2013  
Revenue Pledged was Assessments  
Last Fiscal Year to Bill Assessments: 2013

The industrial park MSTUs' were created in the early 1980's to fund capital improvements that benefited the park owners. These improvements were funded by debt and were paid back by a special assessment. On April 14, 2009, the Board of County Commissioners approved agenda item 16(B)12 to move residual money remaining into the Pine Ridge Industrial Park Capital Fund 132 (\$3,393,900) and Naples Production Park Capital Improvement Fund 138 (\$2,776,900). The capital improvements proposed were to construct and repair intersections, roads, and drainage.

Since FY 2009 additional transfers have been made as follows:

|              | <b>Pine Ridge Ind Pk Fd 132</b> | <b>Naples Prod Pk Fd 138</b> |
|--------------|---------------------------------|------------------------------|
| FY 2010      | \$436,000                       | \$356,700                    |
| FY 2011      | \$748,100                       | \$613,200                    |
| FY 2014      | \$700,000                       | \$ 0                         |
| FY 2015      | \$305,100                       | \$ 0                         |
| FY 2016      | \$ 13,100                       | \$650,000                    |
| <b>Total</b> | <b>\$2,202,300</b>              | <b>\$1,619,900</b>           |

The planned capital projects have been constructed and residual funding has been returned to Fund 232 as follows:

|         |           |           |
|---------|-----------|-----------|
| FY 2018 | \$ 76,552 | \$714,400 |
| FY 2021 | \$ 0      | \$372,200 |
| FY 2022 | \$ 0      | \$ 6,200  |

**Notes:**

On July 9, 2019, agenda item 11.C., the Board authorized up to a \$29 million for the purchase of the Golden Gate Golf Course. Debt service will be paid from Park Impact Fees for as long as the property is used for active or passive recreation purposes. Should any portion of the property be re-purposed for non-recreation uses, then the use of Park Impact Fees to pay debt service will be recalculated. On July 18, 2019 the note was issued for \$28,060,000.

Purpose: Purchase Golden Gate Golf Course.

Principal Outstanding as of September 30, 2021: \$28,060,000

Final Maturity: October 1, 2029

Interest Rate: 2.749%

Revenue Pledged: Covenant to budget and appropriate non-ad valorem revenues

**Notes:**

Purpose: Forest Lakes Roadway Capital Improvements.  
Principal Outstanding as of September 30, 2021: \$0  
Final Maturity: January 1, 2022  
Bond Retired: December 2020  
Interest Rate: 3.75% - 4.25%  
Revenue Pledged: Ad Valorem Taxes

Forest Lakes MSTU Limited General Obligation Bonds approved by district referendum in November 2006, totaling up to \$6,250,000, were sold in October 2007. Net proceeds booked to the project fund (159) totaled \$6,100,000. The final debt service payment in FY 2022 will total \$551,500.

Utilizing the reserve in FY 2021, the remaining balance on the bond was pre-paid in December 2020. Residual reserves available after pre-payment of the final debt service payment will be returned to the operating fund (159). There will be no FY 2022 or future debt service tax levy for this bond.

**Collier County Government**

## **Debt Service**

### **General Governmental Debt** **CRA Taxable Note (TD Bank), Series 2017 (287)**

**Notes:**

Purpose: Bayshore / Gateway Triangle Community Redevelopment Agency (CRA) and acquisition and capital improvements.

Collier County Community Redevelopment Agency Taxable Note (Fifth Third Bank), Series 2013.

Principal Outstanding as of September 30, 2020: \$0

Final Balloon Maturity was to be on June 1, 2018

Interest Rate: Monthly variable interest rate of 30-day LIBOR plus 3.75%

Pledged: All available non-ad valorem revenues of the Bayshore Gateway Community Redevelopment Agency

Collier County Community Redevelopment Agency Taxable Note (TD Bank), Series 2017.

Principal Outstanding as of September 30, 2021: \$0

Final Maturity: March 1, 2027

Bond Retired: November 2020

Interest Rate: 3.56%

Pledged: Bayshore Gateway Community Redevelopment Agency tax increment revenues and other CRA operating revenues

The BCC in its capacity as the governing body of the Collier County CRA first entered into an agreement with Wachovia Bank in July 2006 for a \$7.0 million line of credit to assemble strategic property within the Bayshore Gateway CRA for redevelopment. In September 2009, the CRA and the BCC entered into a variable interest rate loan agreement with Fifth Third Bank for \$13.5 million to pay off outstanding draws on the Wachovia credit line and borrow an additional \$7.6 million to acquire additional strategic property. During this time period, economic conditions worsened into the prolonged recession. To achieve better loan terms and avoid an impending final balloon payment, another restructuring of the financing was undertaken in May 2013 with Fifth Third Bank. On February 28, 2017, agenda item 14.B.1., the Board approved the TD Bank Loan Agreement restructuring the note. The Series 2017 Taxable Note provides a fixed and more favorable interest rate, conversion to a fully amortized payment schedule and less burdensome reserve requirements.

**Current FY 2022:**

In November 2020, paid-off the Taxable Note utilizing proceeds from closing on the sale of the Mini-Triangle property.

## **Debt Service**

### **General Governmental Debt** **Commercial Paper Debt (299)**

**Notes:**

Commercial Paper Loans are as follows:

On June 27, 2017, agenda item 11C., the Board approved up to a \$60 million commercial paper loan to finance the development, acquisition, construction and equipping of the Amateur Sports Complex. On April 30, 2018 Commercial Paper Loan A-1-1 was issued in the amount of \$12 million to purchase the 60 acres sport complex property, with quarterly principal and interest payments. The debt service payments will be funded from the General Fund.

Principal Outstanding as of September 30, 2021: \$0

Final Maturity: June 6, 2023

Interest Rate: variable rate

Revenue Pledged: Covenant to budget and appropriate non-ad valorem revenues

On June 8, 2021, agenda item 11G, the Board approved up to a \$10 million commercial paper loan to finance various capital improvements within the Pelican Bay MSTU&BU. The debt services payments will be funded from Pelican Bay Capital Fund (322).

Principal Outstanding as of September 30, 2021: \$0 - First draw anticipated in FY 2022.

Revenue Pledged: Covenant to budget and appropriate non ad-valorem revenue but will be repaid specifically from Pelican Bay MSTU&BU annual assessment revenue and certain amounts provided to the Pelican Bay MSTU&BU under an asset swap contribution resolution between the County and the Pelican Bay Services Division.

## **Capital Improvement Program (CIP)**

Collier County's Capital Improvement Program (CIP) includes growth necessitated projects scheduled in the five-year Capital Improvement Element (CIE) of the County's Growth Management plan as well as non-CIE capital improvements not found in the CIE. The CIP reflects all capital improvements that have been included in the current year's adopted budget. CIP projects encompasses a wide range of projects, reflecting the diversity of services provided by the County, including county roads, parks, museum improvements, public safety and general government facilities, library facilities and materials, landfill improvements, stormwater management improvements, airport facilities, management support systems and water and sewer utility infrastructure required by the community.

## **Capital Improvement Element (CIE)**

In 1985 and 1986 the Florida Legislature significantly strengthened the requirements for county and city comprehensive plans. One of the new provisions of the Local Government Comprehensive Planning and Land Development Regulation Act is the requirement that the local government comprehensive plans must contain a Capital Improvement Element (CIE). The CIE is a planning document that identifies public facilities that will be required during the next five or more years. The CIE is the foundation of Collier County's annual Capital Improvement Program.

## **Capital Improvement Program (CIP) Development**

On an annual basis, Collier County prepares and adopts a five-year CIE consistent with the requirements of the Growth Management Plan. Utilizing the CIE framework, operating departments of the County Manager's agency and Constitutional Officers identify project needs and together with the appropriate Engineering Divisions and Facilities Management Division develop proposed project budgets. The proposed project budgets are submitted to the Office of Management and Budget (OMB). OMB reviews the proposed projects, groups them by funding source, determines the amount of funding available, reviews projects for consistency with the CIE, assembles the proposed CIP, and presents it to a capital project review committee for prioritization.

After being prioritized by the review committee the proposed CIP is presented to the Board of Collier County Commissioners in a workshop format. During the workshop the Board reviews the CIP and makes decisions as to the need, timing, and funding of projects. The Office of Management and Budget changes the CIP in accordance with the Board's direction and presents the annual CIP for adoption during the public budget hearings in September.

Funds budgeted for a specific project remain allocated until the project is completed. Additionally, project budgets are reviewed annually and, if needed, funding may be adjusted.

## **The FY 22 Capital Improvement Program (CIP)**

**Revenue:** The Capital Improvement Program budget includes a variety of revenues that are used both for the direct funding of projects and as a source of debt service to retire bonds. Road construction is funded by a combination of gas taxes, local option infrastructure sales tax, impact fees, General Fund revenues, grants, interest and carry forward. Stormwater management projects are funded with General Fund revenues, grants, interest and carry forward. Water and sewer utility projects are funded by system development fees/impact fees, user fees, interest and carry forward. Solid Waste landfill projects are funded by landfill user fees, interest and carry forward. Growth related projects in parks, EMS, library, fire, correction, law enforcement and general governmental facility projects are funded by impact fees, interest and carry forward and for specific projects (EMS stations and Forensic Evidence building) by the local option infrastructure sales tax.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

The FY 22 CIP includes total revenues of \$706,152,200 as shown below.

**FY 22 CIP Funding Source**

| <b>Net Revenue</b>               | \$706,152,200 |

**1/3 mill Equivalent General Fund Capital Allocation**

The County dedicates a portion of its General Fund revenue to the construction of capital projects and for the repayment of debt, an equivalent of 1/3 of a mill, however in FY 22, the equivalency amount was increased to 0.4439 of a mill. Major renovations and repairs of government buildings and facilities, helicopter replacement, libraries, parks, EMS, domestic animal services, airport, and museum improvements are projects that typically receive funding from the General Fund from the 1/3 of a mill allocation. (Transportation and Stormwater capital projects also receive General Fund support outside of the 1/3 of a mill equivalent allocation.)

Since FY 07, Impact fees collections have dropped by more than 50%. Early in 2000, many growth-related projects have been constructed from impact fee revenues, most have been financed. During the Great Recession which started in FY 2007, the impact fee revenue stream was not adequate to meet impact fee debt service obligations. Until impact fee collections rebound a portion of the General Fund Capital allocation was being used to cover any impact fee debt service shortfall. This arrangement is considered an internal loan between the Impact Fee Funds and the General Fund. To date, the 1/3 of a mill equivalent allocation has loaned the impact fee funds \$83,761,400 and \$21,111,374 directly from the General Fund.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

Below is a graph on how the equivalent of 1/3 of a mill has been allocated to paying non-impact fee debt, loans to the impact fee funds for unfunded projects and cash shortfall to pay their debt payments, capital maintenance projects and funding-up a reserve for future rehabilitation projects.

For FY 12, loans to the various impact fee funds were reduced by a one-time occurrence of reallocating unused project money to debt. Also, the Capital Improvement Revenue Bonds, Series 2002/2003/2005 were refunded into the 2010B; 2011 and 2013 Special Obligation Bonds reducing the principal and interest payments from the various impact fee funds, therefore further reducing the size of the loans.

For FY 15, the \$11.1 million loan included \$4.3 million to assist the impact fee funds with their debt service payments and \$6.8 million for funding for three growth related projects, an EMS station, a Sheriff Substation and the purchase and renovation of a building for the Supervisor of Elections.

For FY 16, the \$6.3 million loan includes an additional \$900,000 for the Sheriff Substation.  
 For FY 18, the \$5.3 million loan includes funding for a new EMS station of \$2 million.

Continued construction of new plant, equipment and facilities certainly brings into focus ongoing long-term maintenance and replacement of the county's substantial infrastructure investment. Collier County leadership remains committed to protecting its substantial infrastructure investment; targeting new strategic capital investment; and structuring the organization to always maintain customary unique services and programs enjoyed by County residents and visitors.

Generally, the County is positioned smartly to account for, manage and replace Agency wide infrastructure. Regular recurring resources are devoted annually to this important initiative and the management system designed to track and rate Agency assets is continually evolving so that the best real time information is available for decision makers to allocate competing resources in a strategic manner during the budget process. Transitioning designated red assets to green more quickly than with the standard "pay as you go" approach will be evaluated through various financing strategies where appropriate based upon compliance with the "Debt Management Policy". In addition, substantial resources have and will continue to be set aside in reserves dedicated to the replacement of future assets constructed. Keeping in mind the County's financial philosophy of regular and consistent debt amortization, maintaining an excellent investment quality credit rating, setting appropriate reserve levels, and maintaining adequate cash balances provides the ongoing financial infrastructure to preserve our substantial infrastructure investment.

\* The 5-cent Local Option Fuel Tax is earmarked towards the payment of debt service, Bridge Repairs and Improvements (project 66066) and intersection improvements (project 60016).

## The Five-Year Capital Improvement Program (CIP) & Capital Improvement Element (CIE) of the Collier County Growth Management Plan

**Revenue:** The five-year CIE utilizes several revenue sources to fund the County's future facility needs. Water and sewer utility projects are funded by future bond/loan proceeds, impact fees, user fees, interest and funds carried forward. Road construction is funded through a combination of local and state gas taxes, local option infrastructure sales tax, impact fees, developer contribution agreements, grants, transfers from the General Fund/ Unincorporated Area General Fund, interest, and funds carried forward. The local option gas taxes will sunset in December 2025, the annual amount collected is \$16,100,000. EMS, Library, Park, Law Enforcement, Correctional, and General Governmental facilities projects are funded through impact fees, interest, funds carried forward and loans from the General Fund and for specific projects (EMS stations & ambulances and Sheriff's Forensic Evidence building) local option infrastructure sales tax. Certain general government and public safety capital expenditures typically funded through transfers from ad valorem taxes (General Fund or the Unincorporated Area General Fund) are Library, Parks, major replacement and repair projects and Stormwater Management improvements, which are not eligible to be funded by impact fees. Stormwater anticipates additional funding from bond proceeds. Solid waste landfill projects are funded by landfill tipping fees, interest and funds carried forward. The five-year CIE revenue sources listed below represent the funding for the FY 22 - FY 26 CIP/CIE.

**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

**Planned Project Expenditures:** Across the five-year CIP/CIE planning period, project expenditures are expected as summarized below.

**PLANNED CIE/CIP PROJECTS BY YEAR**  
**FY 22 - FY 26**

**FIVE-YEAR CIP/CIE PLANNED PROJECTS BY YEAR**

|                      |                        |
|----------------------|------------------------|
| <b>FY 2022</b>       | \$ 209,752,900         |
| <b>FY 2023</b>       | 388,229,900            |
| <b>FY 2024</b>       | 269,617,900            |
| <b>FY 2025</b>       | 336,971,900            |
| <b>FY 2026</b>       | <u>204,927,900</u>     |
| <b>Project Total</b> | <b>\$1,409,500,500</b> |

**Operational Impact of the CIP/CIE**

Although the Capital Improvement Program is prepared separate from the operating budget, the two have a direct relationship. Operating budget appropriations lapse at the end of the fiscal year, however, capital appropriations not spent or encumbered are carryover from the previous fiscal year into the current fiscal year until the project is finished and capitalized.

Capital improvement projects, including those that involve development of new facilities or new and expanded infrastructure, will generate future operating and maintenance expense in the future plus a weighty requirement to replace the asset at the end of the asset useful life. Operating savings may also be realized. For example, while construction of a new EMS station will result in additional costs for staffing and operations, repaving a street may result in reduced need for maintenance. Those costs or savings are not included in the capital budget estimates, but rather are incorporated in the operating budget. Most of the time, these operating costs may impact the budget prior to the completion of the facility. An important element of the CIP process is consideration of any future increases in operating costs, which will result from capital activity, so that estimates of those costs can be incorporated in the appropriate long term financial plans for the affected funds.

The following is a brief recap of all the facilities planned or under construction.

Tourist Development (TDC) Projects (funds 183, 195, 370, 758):

The majority of projects are beach sand renourishment, dredging and maintenance of park beach assets.

- Project 50156 – Amateur Sports Complex and Events Center is a facility funded by a \$65 million bond (Oct 2018) to be paid back from Tourist Development Taxes. This project is broken down into 4 phases with numerous buildings, fields, parking, and other amenities. In the FY 2019 operating budget (Office of the County Manager's section, starting on page 32, Fund 759), \$2.2 million was budgeted for six new

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

FTE's, vehicles, and equipment. In the FY 2020 operating budget, (Office of the County Manager's section, starting on page 31, Fund 759), operating costs increased due to the expected completion of Phase 1A buildings in May 2020 – maintenance building, welcome center, restrooms and 5 fields. The General Fund (001) will support the day-to-day operations of the complex whereas Tourist Development taxes will fund the promotion, marketing, and management of the Complex. In the FY 2021 operating budget, (Office of the County Manager's section, starting on page 28, Fund 759), operating costs increased since the budget reflected a full year's operation. Additional fields and a road will be constructed in FY2022 and these will not substantially affect operating costs in Fund 759 (Office of the County Manager's section, starting on page 30, Fund 759).

**County-Wide Governmental Facilities Projects (fund 181, 301, 390 & 318):**

The majority of these projects are repairs, maintenance, and replacements of existing buildings and assets.

The following are major capital construction projects:

- Project 50145 – Domestic Animal Shelter project is replacing various buildings housing cats, dogs, and other domesticated animals. The infrastructure sales tax referendum included \$6 million for this project. Since this is a replacement, operating cost will not change significantly. The operating budget for DAS can be found under the Public Services section, starting on page 17; this division's budget is support by the General Fund (001).
- Project 50239 – Mental Health Facility is a project which will be funded with the Local Option Infrastructure Surtax. The construction budget was established in FY 21, a design contractor has been hired and the site has been selected. The Construction Management at Risk (CMAR) solicitations are under review now.
- In the 5-year capital plan, TBD Career and Technical Training Center is a project which will be funded with the Local Option Infrastructure Surtax. This project is to provide a space for classroom and hands-on training in a variety of fields, including advanced manufacturing and skilled trades. The site selection and design have not yet commenced.
- In the 5-year capital plan, TBD VA Nursing Home is a project which will be funded with the Local Option Infrastructure Surtax. This project is to construct a State Veteran's Nursing Home in Collier County to accommodate our growing population of veterans. The former Golden Gate Golf Course is being considered as a potential site for this facility. The surtax would be used as a match for the required federal grant needed to fund the construction of the nursing home.
- In the 5-year capital plan, TBD Workforce Housing Land Trust Fund is another project to be funded with the Local Option Infrastructure Surtax. Land will be purchased and owned by Collier County while a developer will construct and maintain the buildings. There should be little to no operating costs associated with this project.

**Parks and Recreation Projects (funds 303,305,306, 345 346 & 318):**

The majority of these projects are repairs, maintenance, and replacement of existing Park infrastructure. These types of projects are funded with General Fund (001 & 111) dollars. The 2020 Bond proceeds are funding Sun-N-Fun infrastructure and various pool repairs at other parks. The operating budget will not change.

- Project 80039 – Big Corkscrew Island Regional Park is a new park. Phase 1 of the park is completed and is open to the public while Phase 2 is under design with construction starting shortly in the eastern part of the county. The source of funding for construction is Park's impact fees and \$40 million from the infrastructure sales tax. The operating budget for the new park can be found starting on page 56 under the Public Services section. Since this is a regional park, the operating budget is funded with General Fund (001) dollars.
- Project 50171 – Hamilton Drive/Bayshore Parking Expansion. Bayview Park is a boat launching facility with limited parking. This project will add additional parking using right of way on Hamilton Drive. The operating budget for parks will not change.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

**Stormwater Projects (fund 325):**

The majority of these projects are repairs, maintenance, and replacement of existing stormwater infrastructure. Capital Projects are funded with both General Funds (001 & 111) as well as grants from South Florida Water Management District and bond proceeds. Operating costs will not change. Stormwater operations are located under the Growth Management section, pages 58-59 and 87-88, in Fund 103. The operating budget is funded with both the General Fund (001) and the Unincorporated General Fund (111).

**Transportation Projects (funds 112, 310, 313, 331-339, 341, 711-712, & 318):**

The majority of these projects are repairs, maintenance, and widening of existing Transportation infrastructure. Operating costs will not change. Transportation operations are located under the Growth Management section, captured on various pages, in Fund 101. The operating budget is funded by the General Fund (001) and the Unincorporated General Fund (111). Included in the capital 5-year capital plan are a few new road projects. The capital budget is funded with General Fund (001 & 111) in Transportation Fund 310 and Landscape Fund 112; Gas Taxes (Fd 313); Impact Fees (Fd 331-339); Grants (Fd 711-712) and Infrastructure Sales Tax (Fd 318).

- In the 5-year capital plan, Project 70176 – Government Operations Business Park. This property is just north of the landfill, several governmental operations will relocate to this site. The current Transportation administration and traffic operations building is in a flood zone and needs to be relocated to higher ground. The construction of this building is in Phase 3, with construction starting in FY25 or FY26. Once the building is complete, it is anticipated that the old Transportation building will be sold. We do not anticipate any changes to the operating costs since this will be a replacement building.

**Public Safety – EMS (Fd 350 & 318), Fire (Fd 372), Law Enforcement (Fd 385 & 318), and Correction (Fd 381) Projects:**

- EMS Capital projects. Operating budgets for EMS are captured in Fund 490, in the Administrative Services section, starting on page 63. Funding for the operating budget is from user fees and the General Fund (001).
  - In the Infrastructure sales tax referendum, \$6 million was allocated for the construction of 3 EMS substations.
    - Project 55211 - Heritage Bay EMS substation is budgeted and is under design. The project is currently on HOLD. An ambulance is also needed but not yet budgeted. The future operating costs for this station will include 6 FTS and utilities.
    - Project 55212 - Estates EMS substation is budgeted and is under design. The expected completion date is summer 2023. An ambulance is also needed but not yet budgeted. The future operating costs for this station will include 6 FTS and utilities.
    - TBD - Old US41 EMS station is in the 5-year plan. This substation will require 6 FTE's and an ambulance. This will be addressed in future budgets.
- In the Law Enforcement Capital program, the construction of two new substations is planned. The North Naples substation is in a flood zone therefore needs to be relocated to higher ground. The Everglades substation is currently in rental property and the Sheriff desires to relocate to a permanent location. Capital funding for the North Naples substation will most likely come from the General Fund since it's a replacement of an existing building and the Everglade substation will be funded with impact fees. The operating costs should not change since both sites already have personnel and operating costs.
- In the infrastructure sales tax referendum \$33 million was allocated to the Sheriff for a new Forensic/Evidence facility. The current Forensic building is in a flood zone and needs to be relocated. Also, the Sheriff has several storage sites throughout the County and would like to have a building where all the evidence can be stored. This new building will be built at the Government Operations Business Park. Once the building is complete, it is anticipated that the Forensic building will be sold. We do not anticipate any changes to the operating costs since this will be a replacement of various buildings and storage locations. The Sheriff's operating budget can be found in the Elected Officials – Constitutional Officers section, the utilities expense can be viewed on page 29. The sheriff's operations are funded by the General Fund (001).
- There are no new capital projects within the next 5-years for Fire (Fd 372) or Corrections (Fd 381).

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

Miscellaneous Capital Projects – Library (Fd 355), Growth Management Capital (Fd 309), Museum (Fd 314), Pelican Bay (fads 320-322), and Airport (Fd 496-499).

- The Growth Management capital budget includes funding for building repairs and funding for a future expansion or new building to house office staff. These projects are funded with user fees. Building repairs will not affect current operating expenses which are on various pages in the Growth Management section, fund 131.
- The Museum capital program is for maintenance, refurbishment, and replacement of various assets. These projects are funded with General Fund (001) and Tourist Development tax. Operating budgets will remain unchanged. The Museum operating budgets are in fund 198, in the Public Services section, starting on page 51
- Pelican Bay capital program is for the maintenance of Clam Pass and for various infrastructure maintenance and improvements. These capital projects are funded with special assessments. Operating costs should remain unchanged. The Pelican Bay operating budgets are in the Office of the County Manager's section, starting on page 32.
- The Airport capital program is for repair, maintenance, and monitoring of various assets. Capital funding is from user fees and General Fund (001). Operating costs should remain unchanged. The Airport operating budget is in fund 495, in the Growth Management section, starting on page 91.
- There are no new capital projects within the next 5-years for the Library.

Utility Capital (Water and Wastewater) (funds 411-418):

The majority of these projects are repairs, maintenance, and replacement of existing water and wastewater infrastructure. Operating costs will not change. Utility operations are located under the Public Utilities section, starting on page 8, Fund 408. The capital and operating budgets are funded by user fees.

- The Utilities Division has been proactive in developing and constructing infrastructure in eastern part of Collier county where it's very rural and undeveloped. Several developers have approached the County and the Utility inquiring about water and sewer services. In April 2019, the Utility Division issued a \$76.2 million bond to finance the "below ground" infrastructure. On March 2019, the construction contract was award, and the completion of the transmission mains and master pumping stations should be done by FY 2022 in Project 70194 – Northeastern Utilities Facilities. With new infrastructure in the ground, the operating costs will be minimal.
- In the 5-year capital plan, Project 70194 - construction of a new 4 MGD Northeast Wastewater Reclamation Facility (NEWRF) will be funded with a bond and paid back over time with wastewater system development fees/impact fees. Future operating expenses will increase once this plant is on-line.
- In the 5-year capital plan, Project 70194 - construction of a new 5 MGD Northeast Regional Water Treatment Plant (NERWTP) will be funded with a bond and paid back over time with water system development fees/impact fees. Future operating expenses will increase once this plant is on-line.
- Project 70167 – Government Operations Business Park. This property is just north of the landfill, several governmental operations will relocate to this site. In phase 2 is the construction of the Public Utilities Department (PUD) Facility which will include the relocation of PUD's billing division, Water Distribution, Wastewater Collections and the PUD engineers and admin offices. It is anticipated that construction will start sometime in FY24. Once the facility is complete, it is anticipated that the Mercantile site which currently houses the PUD billing division will be sold. We do not anticipate any major changes to the operating costs.

Solid Waste Capital (fund 474):

The majority of these projects are repairs, maintenance, and replacement of existing infrastructure. Operating costs will not change. Solid Waste operations are located under the Public Utilities section, starting on page 29, Fund 470 and 473. The capital and operating budgets are funded by user fees.

- The Resource Recovery Park is over 300 acres of undeveloped land located north and northeast of the landfill. Within the Resource Recovery Park is the Government Operations Business Park (on the west side) occupying 60 acres. The balance of the land will be dedicated to Solid Waste facilities.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget – Capital Improvement Program**

In June 2019, an engineering firm was hired to design several of the buildings within the Governmental Operations Business Park. The plan is to relocate the occupants of several buildings located in a flood plain to higher ground. Also, the Utilities Division would like to consolidate their operations. The following buildings are planned in the 5-year capital plan:

- Sheriff's Forensic/Evidence Facility (was mention above), funded with infrastructure sales tax. Move the forensic section from a flood prone area and consolidate all the evidence storage areas under one roof. Operating costs should remain unchanged.
- The Collier County Operations and Security Building, the Collier County Central Inventory Facility, and the Public Utilities Logistics and Operations Center will have the following divisions and/or sections moving into these three new buildings:
  - Stormwater and Transportation operations will be funded with General Fund dollars and proceeds from selling the existing building. Move the transportation and stormwater operations out of flood prone area. Operating costs should remain unchanged.
  - Relocate a portion of the Facilities Management Division (inventory & field workers) off the Governmental Campus to centralize inventories and duties and to reassign their space to another Division. General Fund will finance their portion of the building. Operating costs should remain unchanged
  - Relocate the Pollution Control lab and the Public Utilities administration and engineers off the Government Campus and reassign their space to another Division. Pollution Control is funded with a dedicated millage rate therefore ad valorem will finance their share of the building. Public Utilities admin and engineering sections will be funded with utility user fees. Operating costs should remain unchanged.
  - Relocate the Solid Waste administration off the Government Campus and reassign their space to another Division. Their new facility will be funded with solid waste user fees. Operating costs should remain unchanged.
  - Relocate and consolidate the Utility Billing section as well as the inventory and operations sections from the Mercantile site and sell the building. Utility user fees and proceeds from selling the building will fund the new facility. Operating costs should remain unchanged.
  - Relocate and consolidate Wastewater Collections section from the Shirley Street site and demolish the building and use this area for storage of large trucks and equipment. Utility user fees will fund their section of the building. Operating costs should remain unchanged.

### **Capital Budget Presentation**

The capital improvement section of the budget book is organized into three sections. The first section is the 5-year capital plan. The second section is comprised of schedules that summarize the FY 22 CIP by Fund and Department/Division. The third section is a short description of each the FY 22 capital projects.

## **Capital Improvement Program**

### **Landscape Capital Projects (112)**

#### **Notes**

The Unincorporated Area General Fund Millage Rate was reset to \$.8069 per \$1,000 of taxable value beginning in FY 2017 and the marginal rate increase, or \$.0908, is programmed for continuation of the median landscape capital program postponed during the recession. This planned appropriation is consistent with the Board's budget guidance and direction at the October 6, 2015 Median-Landscape Capital Workshop. Further, this appropriation is subject to annual Board tax policy guidance and budget approval annually.

Due to the rise of maintenance expense, the capital program has been put on hold and funding has been reallocated to the maintenance of current landscaped medians.

#### **Current FY 2022**

The FY 2022 budget continues to reflect the transfer of maintenance function from the Unincorporated General Fund (111) to the Landscape Capital Fund (112) which occurred in FY2021 for the maintenance of 121.9 miles of beautified segments.

#### **Revenues**

The source of funding is primarily a transfer from the Unincorporated General Fund (111). This transfer includes maintenance funds that were previously budgeted in Fund 111 and the marginal rate increase of .0908 per \$1,000 of taxable value which is programmed for the continuation of the capital and associated maintenance of the landscape program. The millage rate of .0908 per \$1,000 of taxable value is expected to generate \$5,685,000 in net taxes after calculating the required 5% revenue reserve. Miscellaneous revenues are primarily insurance company refunds related to damage of county median landscape and irrigation systems caused by Hurricane Irma.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Court Maintenance Fee Fund (181)**

**Mission Statement**

On July 28, 2009, the Board amended Ordinance 04-43 (with Ordinance 09-41) by increasing the surcharge imposed for non-criminal traffic infractions set forth in Chapter 318, Florida Statutes, and those offenses enumerated in the Section 318.17, Florida Statutes, from \$15 to \$30 per Section 318.18(13), Florida Statutes. This revenue was specifically created to fund State Court Facilities.

**Notes**

In December 2005, the Board authorized the segregation of funds collected for park beach facilities from funds collected for beach renourishment/pass maintenance activities. The fact that dollars dedicated to park beach facilities were co-mingled with beach renourishment funds proved problematic in identifying compliance with beach renourishment reserve guidelines and in identifying funds available for park beach facilities. As a result, the Park Beaches Fund (183) was established allowing staff to budget and financially account for revenues and expenditures devoted to park beach projects. The TDC Beach Capital Fund (195) became solely used to account for beach renourishment/pass maintenance projects and related activities and reserves.

On April 23, 2013, the Board authorized amendments to the Tourist Tax Ordinance revising the distribution of Tourist Taxes to Category A Beach projects. The overall distribution to beach parks and beach renourishment was reduced from 50% to 41.29% of TDC revenue. Within Category A, the distribution to park beach facilities was reduced from 16.67% to 4.48% and the distribution to beach renourishment was increased from 33.33% to 36.82%. On July 11, 2017 the Board approved increasing the Tourist Development Tax from 4% to 5% and distribution adjustments among Tourist Tax supported funds. The revenue neutral allocation to Beach Park Facilities represent approximately 3.58% of the Tourist Tax revenue budget.

**Forecast FY 2021**

Forecast expenditures reflect ongoing projects as well as an advance to Sports Complex Fund (370) to support Paradise Coast Sports Complex phase 2 improvements.

**Current FY 2022**

No new project allocations are being proposed at this time.

**Revenues**

Revenue sources include an annual Tourist Development Tax distribution as well as carry forward of accumulated reserves. The estimated TDT allocation to Beach Park Facilities Fund (183) is \$1,068,600 a 19.5% increase above the prior year budget.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**

**TDC Category A Beach Renourish/Pass Maint Cap - Fund (195)**

**Mission Statement**

To account for capital projects funded by Tourist Development Tax (TDT) for Beach Renourishment / Pass Maintenance projects.

## **Capital Improvement Program**

### **TDC Category A Beach Renourish/Pass Maint Cap - Fund (195)**

#### **Notes**

In December 2005, the Board authorized the segregation of funds collected for park beach facilities from funds collected for beach renourishment/pass maintenance activities. The fact that dollars dedicated to park beach facilities were co-mingled with beach renourishment funds proved problematic in identifying compliance with beach renourishment reserve guidelines and in identifying funds available for park beach facilities. As a result, the Park Beaches Fund (183) was established allowing staff to budget and account for revenues and expenditures devoted to park beach projects. The TDC Beach Renourishment Capital Fund (195) became solely used to account for beach renourishment/pass maintenance projects and related activities and reserves.

On April 23, 2013, under a 4 percent TDT levy the Board authorized amendments to the Tourist Tax Ordinance revising the distribution of Tourist Taxes to TDC Category "A" Beach projects. The overall distribution to beach parks and beach renourishment was reduced from 50% to 41.29% of TDC revenue. Within Category "A", the distribution to park beach facilities was reduced from 16.67% to 4.48% and the distribution to beach renourishment/Pass Maintenance was increased from 33.33% to 36.82%.

For FY 2018 a reserve for potential reimbursement to Florida Department of Emergency Management (FDEM) was established at \$7,000,000. In a letter dated February 5, 2018, FDEM communicated settlement of the remaining reimbursement issue. According to that letter, there is no payment due from the County, instead, out of an outstanding County reimbursement request of \$7,700,000 FDEM has agreed to pay \$3,700,000 with the County conceding \$4,000,000 of the requested amount. The settlement allows the segregated reimbursement reserve to be eliminated and the funds moved to general capital reserves.

On July 11, 2017, the Board approved increasing the Tourist Development Tax from 4% to 5% and distribution adjustments among Tourist Tax supported funds. Relative to overall Tourist Development Taxes, the beach renourishment allocation represent 38.98% of the tax revenue budget.

#### **Forecast FY 2021**

Forecast expenditures reflect FY 2021 project budgets and ongoing projects established in prior years.

#### **Current FY 2022**

Construction projects programmed for FY 2022 are shown in the table provided.

The X-fers/Reserves - Fund 195 include:

- \$ 256,100 transfer to the Tax Collector
- \$ 171,700 transfer to support Sea Turtle monitoring
- \$ 883,700 to support TDC Beach Engineering and Project Management - Fund (185)
- \$ 9,070,000 reserve for catastrophe
- \$39,225,800 general capital reserve

#### **Revenues**

The principal source of revenue to support beach renourishment and inlet management is Tourist Development Taxes. Beach renourishment and inlet management funding is authorized by Florida Statute from the first three pennies of TDT. Relative to the three pennies, Beach Renourishment Fund (195) receives 64.96% of available TDC tax revenue and Beach Park Facilities Fund (183) receives 5.96% for a total of 70.92% of available TDT monies going to beaches. Estimated TDT allocation to Beach Renourishment Fund (195) is anticipated to be \$11,635,500, approximately 19.5% above the prior year budget.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**County Wide Capital Projects Fund (301)**

**Mission Statement**

To provide General Fund funding for various capital projects under Administrative Services Department.

**Forecast FY 2021**

After Hurricane Irma made landfall in Collier County on Sunday, September 10, 2017, as a Category 4 hurricane, the County hired disaster recovery consultants to assist staff navigating around complex FEMA rules and completion of reimbursement forms. In January 2021, the County received its first FEMA reimbursement for the hired disaster recovery consultants. In the FY 21 budget, a loan from the General Fund (\$3,326,500) was budgeted however under the FY 21 Forecast, FEMA revenue is projected at \$3,206,900.

On October 9, 2018, the Board approved a budget of \$3,038,402.12 to reimburse the School Board for shelter and transportation costs incurred during Hurricane Irma. The actual invoice from the School Board was \$2,267,600. In September 2020 the County received it's first FEMA reimbursement (1,519,243.36) for this cost. The final reimbursement (748,311.58) was received December 2020 - January 2021.

The combination of forecasted FEMA reimbursement of the above items total \$3,955,200.

**Forecast FY 2021**

Hurricane Irma made landfall in Collier County on Sunday, September 10, 2017, as a Category 4 hurricane, severely impacting the County as well as the entire State. Facilities Management Division has managed repairs to various facilities in the amount of \$8.8 million. To help cash flow these repairs, the division has received FEMA and insurance claims proceeds and in FY19 and FY20, the division's annual capital allocation for repairs and maintenance was reduced as follows:

\$8,800,000 Hurricane Irma expense budget

\$1,563,400 FY19 Capital allocation for repairs and maintenance in the amount of \$6m was reduced by \$1,563,400 to help cash flow  
Hurricane Irma repairs

\$1,500,000 FY20 Capital allocation for repairs and maintenance in the amount of \$5m was reduced by \$1.5 million to help cash flow  
Hurricane Irma repairs

\$5,736,600 Subtotal - Hurricane Irma budget less reductions to annual capital allocations

\$ 460,453 FY18 Insurance proceeds collected  
\$3,121,290 FY19 FEMA and insurance proceeds collected  
\$2,459,523 FY20 FEMA and insurance proceeds collected  
\$6,041,266 Total collected from FEMA and insurance proceeds

As FEMA and insurance proceeds are received in FY 21 and in the future, Facilities Management may recognize these proceeds and restore capital maintenance projects cut in FY 19 and FY 20.

**Current FY 2022**

The Reserve for Capital in the amount of \$1,365,300 is funding remaining from the 2020 Taxable Special Obligation Revenue Bond used to purchase two (2) properties.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**County Wide Capital Projects Fund (301)**

**Mission Statement**

To account for capital projects funded by the Growth Management Department.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Florida Boating Improvement Fund (303)**

**Mission Statement**

Accounts for boater related capital projects. There are two fees imposed on motorized boaters; one is a state imposed fee and the other is a county imposed registration fee. Monies are spent in accordance with Section 328.72(15) and 328.66(1), Florida Statutes; to maintaining waterways as well as building and repairing public boat ramps and docks, removing derelict vessels, and maintaining waterway markers.

**Capital Improvement Program**  
**Florida Boating Improvement Fund (303)**

Notes

Prior to FY 2017, the boater improvement/vessel registration fees were accounted for in the Parks and Recreation Capital Projects Fund 306.

Per Florida Statutes section 328.72(15), the portion of the state vessel registration fees returned to county governments are for the sole purposes of providing, maintaining, or operating:

Recreational channel marking and other uniform waterway markers,

Public boat ramps, lifts, and hoists,

Marine railways,

Boat piers, docks, mooring buoys, and other public launching facilities; and

Removing derelict vessels, debris that specifically impede boat access, not including the dredging of channels, and vessels and floating structures deemed a hazard to public safety and health for failure to comply with s.327.53 F.S.

Per Florida Statutes section 328.66(1), the local optional vessel registration fee proceeds are expended for the patrol, regulation, and maintenance of the lakes, rivers, and waters and for the other boating-related activities.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**ATV Settlement Capital Fund (305)**

**Mission Statement**

Collier County and the South Florida Water Management District entered into a Settlement Agreement wherein the District paid Collier County \$3 million to dispose of litigation arising out of a 2003 Agreement between the parties in which the District was to convey 640 acres to Collier County for recreational ATV use.

**Notes**

On June 9, 2011, the County received \$3 million from the South Florida Water Management District.

On December 10, 2013, agenda item 11.G., the Board approved segregating the remaining settlement moneys into its own fund (305) so interest earnings may accumulate and be held for ATV riding purposes.

On April 24, 2018, agenda item 11.C., the Board approved the allocation of \$20,000 annual for a Tickets to Ride program for Collier County citizens so they may recreate at ATV facilities.

On January 26, 2021, agenda item 16.D.8, the Board approve all unspent interest earnings to help offset the annual \$100 off-road vehicle riding permit fee assessed by the Big Cypress National Preserve by 50% for Collier County residents.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Parks & Recreation Capital Projects (306)**

**Mission Statement**

Accounts for non-growth capital projects managed by the Parks & Recreation Division. The principal funding sources are operating transfers from the General Fund (001) and Unincorporated General Fund MSTD (111).

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Parks & Recreation Capital Projects (306)**

Current FY 2022

On September 10, 2017, Hurricane Irma (category 4) made landfall in Collier County, severely impacting the County as well as the entire State. To help cash flow about \$3 million in repairs, a portion of the Division's FY19 annual capital allocation (\$478,000) for Park repairs and maintenance were diverted for hurricane repairs. Over the past few years, FEMA reimbursements and insurance claim proceeds have been received, and the up-front funding (\$478,000) from FY 2019 can be released in FY 2022.

**Current FY 2022**

In FY 2021, a \$11,317,800 loan was been budgeted for Stormwater Capital Fund 325 to help cash-flow the Irma debris cleanup in various canals, storm drains, and waterways; funding was provided by deferring various capital projects. The loan/transfer will not be made in FY 2021.

We are waiting for a FEMA reimbursement which will be less than \$11,317,800. Therefore in FY 2022, we are re-budgeting the \$11,317,800 as a regular Transfer from Transportation Capital Fund 310. Only the difference between the FEMA reimbursement and the \$11,317,800 will be transferred in FY22

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Road Construction - Gas Tax Fund (313)**

**Mission Statement**

Accounts for various Gas Tax funds utilized in the road capital construction and maintenance program. The principal revenue source is gas tax revenue from the Local Option 5 and 6 cent Gas Tax, Ninth Cent Gas Tax and the Constitutional Gas Tax. The County Seventh Cent Gas Tax is deposited directly into the Gas Tax Debt Service Fund (212).

**Notes**

The 5-cent Local Option Fuel Tax is earmarked towards the payment of debt service, Bridge Repairs and Improvements (Proj 66066) and Intersection Improvements (various projects).

The various Local Option fuel taxes (5 and 6 cent fuel taxes and the ninth cent fuel tax) is set to expire on December 31, 2025. These local option fuel taxes were extended to December 2025 to assist in paying off the 2003 and 2005 Gas Tax Revenue Bonds.

**History:**

\*The Ninth Cent fuel tax (1-penny) was established via Ordinance 1980-50, set to expire in 2009. Ordinance 2003-34 extended the expiration date to December 2025.

\*The 6-cent fuel tax was established via Ordinance 1989-27. Ordinance 1999-40 extended the expiration date to 2015 (plus a provision was made to allocate a portion of these fuel taxes with the Cities) and Ordinance 2003-35 extended the expiration date to December 2025.

\*The 5-cent fuel tax was established via Ordinance 1993-48 with a 10 year life (plus a provision was made to allocate a portion of these fuel taxes with the Cities). Ordinance 2001-26 extended the expiration date to 2023 and Ordinance 2003-36 extended this fuel tax to December 2025.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Museum Capital Projects Fund (314)**

**Mission Statement**

To provide General Fund (001) and Tourist Development Tax (TDT) funding for various capital projects for the Museum.

**Capital Improvement Program**  
**Museum Capital Projects Fund (314)**

Forecast FY 2021

Because of the Covid-19 impact on the tourism industry and resultant Tourist Development Tax shortfall in Museum Operating Fund (198), the General Fund transfer typically made to Museum Capital Fund (314) had been redirected to Museum Operating Fund (198) in FY 2021.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Infrastructure Sales Tax (1 Penny) Capital (318)**

**Mission Statement**

County Manger's Capital.

The Infrastructure one-cent sales surtax was passed by voters to enhance safety, mobility, and hurricane preparedness in Collier County and its cities by constructing, repairing, and maintaining roads, bridges, signals, sidewalks, parks, evacuation shelters, governmental and emergency services facilities; acquire land and support construction for workforce housing and career and technical training, veteran's nursing home and expand mental health facilities. The collection of the one-cent sales surtax started on January 1, 2019 and sunset on December 31st of any year in the event that the total aggregate (includes cities) distributions of the surtax proceeds equal or exceed \$490,000,000 or on December 31, 2025. Exhibit A of Ordinance 2018-21 (approved by the BCC on April 24, 2018) provides a list of eligible projects.

**Capital Improvement Program**  
**Infrastructure Sales Tax (1 Penny) Capital (318)**

Notes

The Infrastructure Sales Tax Fund 318 is displayed on 3 different pages, under Growth Management Department Capital, Public Utilities Department Capital and Office of the County Manager Capital.

Current FY 2022

Exhibit A of Ordinance 2018-21 provides a listing of eligible projects. All projects must be presented to the Sales Tax Committee for validation before going to the Board of Commissioners for project and budget approval. The various projects budgeted will be displayed in either the Public Utilities Capital or Growth Management Capital sections of the budget book.

The County Manager's Capital section of the budget book will display Reserves.

Revenues

FY 2019: the penny sales tax went into affect on January 1, 2019. \$60,787,027 was collected over 9 months (January - September 2019).

FY 2020: \$81,735,267 was collected. Revenue shortfalls occurred during the COVID-19 pandemic shutdown in March - May 2020.

The FY 2021 Adopted Budget of \$86,591,800 was based on the State's Local Government Financial Information Handbook estimated infrastructure surtax revenue for Collier County.

The FY 2021 Forecasted amount of \$82,300,000 is based on the past 4 months (sluggish) activity in an on-going COVID-19 pandemic.

The FY 2022 Adopted Budget of \$87,538,400 is based on the State's (July 21, 2021) FY 2021 Local Government Financial Information Handbook estimated infrastructure sales tax revenue for Collier County.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Infrastructure Sales Tax (1 Penny) Capital (318)**

**Mission Statement**

**Public Utilities' Capital**

The Infrastructure one-cent sales surtax was passed by voters to enhance safety, mobility, and hurricane preparedness in Collier County and its cities by constructing, repairing, and maintaining roads, bridges, signals, sidewalks, parks, evacuation shelters, governmental and emergency services facilities; acquire land and support construction for workforce housing and career and technical training, veteran's nursing home and expand mental health facilities. The collection of the one-cent sales surtax started on January 1, 2019 and sunset on December 31st of any year in the event that the total aggregate (includes cities) distributions of the surtax proceeds equal or exceed \$490,000,000 or on December 31, 2025. Ordinance 2018-21, Exhibit A of Ordinance 2018-21 (approved by the BCC on April 24, 2018) provides a list of eligible projects.

**Notes**

Exhibit A of Ordinance 2018-21 provides a listing of eligible projects. Once projects are validated by the Sales Tax Committee, they will be budgeted via budget amendment within this fund. The Infrastructure Sales Tax Fund 318 is displayed on 3 different pages, under Growth Management Department Capital, Public Utilities Department Capital and Office of the County Manager Capital.

**Forecast FY 2021**

Facilities Management Division as well as the PUD Engineering Division are the project managers for the projects listed above. These projects have been validated by the Infrastructure Sales Tax Committee and the Board has approved the projects and authorized the various budget amendments.

Exhibit A of Ordinance 2018-21 includes \$139 million in Facilities & Capital Replacement related projects and the Sales Tax Committee validated \$128.8 million in projects. With the exception of three projects, the Board approved budget amendments for the various projects. Three projects have been validated by the Committee but not all the budget has been appropriated as follows:  
 \$28,000,000 Forensic & Evidence Building - \$33 million was validated however only \$5 million is in the budget. Construction is expected next year.  
 \$ 5,700,000 Domestic Animal Control - \$6 million was validated however only \$300,000 is in the budget. Construction is expected next year.  
 \$ 1,150,000 Generators for PUD - \$4,650,000 was validated however only \$3.5 million is in the budget. A budget amendment is expected to go before the Board before this summer.

The Project titled Government Operations Business Park is the Sheriff's Forensic & Evidence Building.

**Current FY 2022**

Exhibit A of Ordinance 2018-21 provides a listing of eligible projects. Once projects are validated by the Sales Tax Committee, they will be budgeted via budget amendment within this fund.

**Capital Improvement Program**  
**Infrastructure Sales Tax (1 Penny) Capital (318)**

**Mission Statement**

**Growth Management's Capital**

The Infrastructure one-cent sales surtax was passed by voters to enhance safety, mobility, and hurricane preparedness in Collier County and its cities by constructing, repairing, and maintaining roads, bridges, signals, sidewalks, parks, evacuation shelters, governmental and emergency services facilities; acquire land and support construction for workforce housing and career and technical training, veteran's nursing home and expand mental health facilities. The collection of the one-cent sales surtax started on January 1, 2019 and sunset on December 31st of any year in the event that the total aggregate (includes cities) distributions of the surtax proceeds equal or exceed \$490,000,000 or on December 31, 2025. Ordinance 2018-21, Exhibit A of Ordinance 2018-21 (approved by the BCC on April 24, 2018) provides a list of eligible projects.

**Notes**

Exhibit A of Ordinance 2018-21 provides a listing of eligible projects. Once projects are validated by the Sales Tax Committee, they will be budgeted via budget amendment within this fund. The Infrastructure Sales Tax Fund 318 is displayed on 3 different pages, under Growth Management Department Capital, Public Utilities Department Capital and Office of the County Manager Capital.

**Forecast FY 2021**

Exhibit A of Ordinance 2018-21 includes \$191 million in Transportation related projects, the Sales Tax Committee validated \$161.1 million in projects and the Board has approved one budget amendment at this time for \$3,108,525. These projects have other established funding (impact fees and/or gas taxes) which is being spent first on right-of-way, planning, engineering, and/or permitting. Construction contracts are expected in future years. When these contracts go before the Board, a budget will be established.

**Current FY 2022**

Exhibit A of Ordinance 2018-21 provides a listing of eligible projects. Once projects are validated by the Sales Tax Committee, they will be budgeted via budget amendment after Board approval within this fund.

**Capital Improvement Program**  
**Clam Bay Restoration Fund (320)**

Notes

On December 11, 2012, the Board reinstated the ongoing management responsibilities of Clam Pass to the Pelican Bay Services District.

Forecast FY 2021

This capital fund primarily appropriates dollars for restoration and improvements to the Clam Bay Ecosystem. The basis of accounting on the expense side of the equation provides that forecast capital dollars always match the amended budget for any year; the exception is reserves. The difference between forecast or amended budget dollars and those dollars actually spent, roll forward into the next fiscal year. This practice occurs until the project is closed out and dollars are re-appropriated. A project budget may also be amended prior to closure, re-directing current project dollars that may not be needed to either reserves or other ongoing projects. The primary active project is restoration of Clam Bay.

Current FY 2022

Budgeted funds will be added to the Clam Bay restoration project. Continued engineering reports on the water quality and health of Clam Bay will also be funded from this account as well tide gauge maintenance. No reserves are budgeted.

Revenues

Funding for part of the restoration and improvement of the Clam Bay Eco-system comes from special assessment revenue based upon equivalent residential units within the District. For FY 2022, the equivalent residential unit (ERU) assessment within the capital fund (320) has increased from \$24.55 to \$31.14 which raises \$238,500. The total ERU's remain at 7,658.90 in FY2022.

## **Capital Improvement Program**

### **Pelican Bay Hardscape & Landscape Improvements (322)**

#### **Notes**

On 7/9/2019, the Board adopted Resolution 2019-140 (agenda item 11B) which authorized a capital contribution from the County of \$500,000 a year for a period of 10 years to replace and transfer responsibility of the maintenance of sidewalks and certain drainage outfalls in perpetuity to the Pelican Bay Services Division. In FY22, the third of ten capital contributions has been budgeted. The Board also authorized a contribution by Collier County of \$20,000 per year in perpetuity to be utilized for maintenance or enhancements to make the sidewalks compliant with ADA standards and to reduce liability.

#### **Funding Future Capital Projects:**

At the 12/9/2020 PBSD Board Meeting, the board recommended participating in the Florida Local Government Finance Program for up to \$8 million to be used for replacement of sidewalks, renovations to lake banks and drainage pipelines, and other infrastructure improvement projects within Pelican Bay. The Board may convert a portion of the borrowed funds to a longer term, fixed interest loan once the projects are completed.

At the 2/10/21 PBSD Board Meeting the board voted to endorse the Executive Summary prepared by OMB authorizing the County to borrow an amount not exceeding \$10 million under the Florida Local Government Finance Commission's Pooled Commercial Paper Loan Program for the purpose of construction various capital improvements within the PB MSTBU.

On 6/8/21, the Board approved a resolution authorizing the County's borrowing an amount not exceeding \$10,000,000 under the Florida Local Government Finance Commission's Pooled Commercial Paper Loan Program for the purpose of constructing various capital improvements with the Pelican Bay MSTBU. This loan will be repaid from Pelican Bay MSTBU annual assessment revenue and certain amounts provided to Pelican Bay under the asset swap agreement discussed in the notes above.

#### **Forecast FY 2021**

This capital fund primarily appropriates dollars for restoration and improvements to the Pelican Bay hardscape, irrigation and other capital amenity projects. Any difference between forecasted and the dollars actually spent, roll forward into the next fiscal year. This practice occurs until the project is closed out and dollars are re-appropriated. A project budget may also be amended prior to closure re-directing current project dollars that may not be needed to either reserves or other ongoing projects.

The Phase 1 of the sidewalk replacement project will begin in the summer of 2021.

#### **Current FY 2022**

Capital funds totaling \$4,119,600 will be allocated among the various capital initiatives including lake bank enhancements, traffic sign renovation, roadway improvements, new operations building, and beach re-nourishment. The beach re-nourishment program funding in FY22 is \$1,171,100. Phase 1 of the sidewalk replacement project will be completed in FY22. Funding for Phase 2 of the sidewalk replacement project will come from a Commercial Paper loan the County will procure for PBSD. Phase 2 construction will begin in FY22 and extend over several years.

#### **Revenues**

Special assessment revenue per equivalent residential unit (ERU) increased from \$183.99 to \$250.00 This equates to assessment revenue totaling \$1,914,700 an increase of \$505,500 from FY 21. Total ERUs remain at 7,658.90 in FY22.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Pelican Bay Commercial Paper Fund (323)**

**Mission Statement**

To provide accounting for commercial paper proceeds for various improvements within Pelican Bay.

**Notes**

On June 8, 2021, agenda item 11.G, the Board approved a resolution authorizing borrowing up to \$10,000,000 to finance various capital improvements within Pelican Bay MSTU&BU. The loan is secured by the County's covenant to budget and appropriate legally available non ad-valorem revenue, but will be repaid specifically from Pelican Bay MSTU&BU annual assessment revenue and certain amounts provided to the Pelican Bay MSTU&BU under an asset swap contribution resolution between the County and the Pelican Bay Services Division. The first draw is anticipated to take place in FY22.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Stormwater Management Capital (325)**

**Mission Statement**

Design, permit and construct capital improvement projects better managing and protecting the County's water resources. Projects improve flood control decreasing the probability of property damage from flooding, improve water quality and protect existing natural systems. The capital improvement program promotes and improves the quality of life in Collier County by managing and improving discharge to our estuaries and Outstanding Florida Waters. Provide supervision, engineering and coordination such that the projects are designed and constructed in a timely, efficient, and economical manner.

**Revenues**

In FY 2021, a \$11,317,800 loan from the Transportation Capital Fund 310 was been budgeted to help cash-flow the Irma debris cleanup in various canals, storm drains, and waterways; funding was provided by deferring various Transportation capital projects. The loan/transfer will not be made in FY 2021.

We are waiting for a FEMA reimbursement which will be less than \$11,317,800. Therefore in FY 2022, we are re-budgeting the \$11,317,800 as a regular Transfer from Transportation Capital Fund 310. Only the difference between the FEMA reimbursement and the \$11,317,800 will be transferred in FY22.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**

**Road Impact Fee District 6 - Golden Gate Estates (338)**

**Mission Statement**

Collier County's Road Impact Fee was originally adopted in 1992, to assist in providing adequate growth related roadways. Impact Fees are assessed and collected by various road districts.

**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Road Impact Fee District 5 - Immokalee (339)**

**Mission Statement**

Collier County's Road Impact Fee was originally adopted in 1992, to assist in providing adequate growth related roadways. Impact Fees are assessed and collected by various road districts.

**Notes**

The current active project involves emergency repairs to Blue Sage Drive. Original emergency repairs were done in FY 18 with follow on repairs being done in FY 20. The FY 20 repairs were approximately \$25,200. Including FY 21 forecast expenditures, the beginning advance balance going into FY 23 will be \$44,300.

**Forecast FY 2021**

The forecast reflects the available Blue Sage repair budget of \$26,600 as well as budgeted ad valorem tax revenue.

**Revenues**

The current budget is the second year of the Blue Sage Drive ad valorem tax. Ordinance 2019-19 established the Blue Sage Municipal Service Taxing Unit for the purpose of repaying Road Assessments Fund (341) for road repair expenditures. The first year of the assessment was FY 21. Taxable value is \$4,868,368 a decrease of 0.40%. The rolled back rate for this district is 3.0287. This budget is sized around the maximum millage rate of 3.0000 per \$1,000 and is expected to raise \$14,600 in property taxes. The prepayment of repair costs is expected to take four to five years or more depending on taxable values and the need for additional repairs.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Regional Pk Impact Fee-Incorp Area (345)**

**Mission Statement**

Collier County's Regional Park Impact Fee was originally adopted in December 1988, to assist the County to pay for growth related regional parks land, buildings and capital equipment. The Ordinance was repealed and replaced with the "Community & Regional Parks Impact Fee - Unincorporated Area" in May 1999. The Incorporated Areas are not assessed a Community Park Impact Fee, only the Regional Park Impact Fee. This fund is being maintained to segregate the Incorporated impact fee collections and to track how they are spent. Impact fees are assessed and collected on residential new building construction permits.

**Notes**

The Infrastructure one-cent sales surtax was passed by the voters in November 2018. The Big Corkscrew Park was included in the project list with an allocation of \$40 million going towards the construction of the park. The \$40 million budget can be viewed on the Infrastructure Sales Tax Fund 318 page. (page xx in this section).

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**EMS Impact Fee Fund (350)**

**Mission Statement**

Collier County's Emergency Medical Services (EMS) Impact Fee was originally adopted in August 1991, to assist the County in providing adequate growth related EMS facilities and vehicles. Impact fees are assessed and collected on new building construction permits.

**Capital Improvement Program**  
**EMS Impact Fee Fund (350)**

**Notes**

The next 3 EMS Stations will be built with the use of the Infrastructure one-cent sales surtax which was passed by voters in November 2018. Six million dollars was allocated to EMS for three resilient facilities to be located on Desoto Blvd (Golden Gate Estates), Immokalee & Collier Blvd, (Heritage Bay) and Old US41. The budget for each station will be captured in the Infrastructure Sales Tax Fund (318). (page xx of this section). The projects will be managed by Facilities Management - Public Utilities Department.

**Forecast FY 2021**

In FY 2020, Miscellaneous revenues of \$416,583 (plus \$97,117 sitting in a Balance Sheet account for a total of \$513,700) represent surplus land being re-purposed for affordable housing. On Sept 12, 2000 agenda item 16.F.2., the Board approved the purchase of 7 acres in the Bembridge PUD for \$565,479 (includes closing costs) using EMS Impact Fees (closing was on April 19, 2001); EMS Station #19 was subsequently constructed on 1.89 acres. The remaining 5.11 acres was declared as surplus property and on October 22, 2019, agenda item 11.I., the Board approved placing affordable housing on the property. Since EMS Impact Fees can only be used for growth related EMS needs, the EMS Impact Fee Fund (350) was reimbursed for that portion of the land that is now planned for Affordable Housing and a future pumping station for Public Utilities.

In FY 2020, Reimbursements from other departments of \$105,000 came from the GAC Land Trust Fund 605. The trust fund reimbursed the EMS impact fee fund for the purchase of property out in Golden Gate Estates for the next EMS station.

**Current FY 2022**

Since 2007, the EMS Impact Fee fund “borrowed” money from the General Fund (001) and County-Wide Capital Fund (301) for the ambulance purchase or construction of substations as well as receiving assistance in paying it's debt service payments for a helicopter, Emergency Operations Center, ambulances, and property on Old US 41. To date, the total amounts owed are \$1,012,000 to the General Fund (001) and \$7,322,200 to the County-Wide Capital Fund (301).

The Advance/Repayment to the General Fund (001) in the amount of \$1,012,000, is to repay back to the General Fund (001) for an ambulance purchased in FY 2007 of \$185,000 and additional funding needed to construct Hacienda Lakes EMS substation in FY 2019 of \$827,000.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Library Impact Fee Fund (355)**

**Mission Statement**

Collier County's Library System Impact Fee was originally adopted in December 1988, to assist the County in providing adequate growth related library construction. Impact Fees are assessed and collected on residential new building construction permits.

**Capital Improvement Program**  
**Library Impact Fee Fund (355)**

Forecast FY 2021

The FY 2020 Actuals reflect a zero-impact transfer in and transfer out amount totaling \$2,413,200 accounting for a reconciliation of impact fee funding and General Fund transfer funding connected with the expansion of the 17,000 square foot Golden Gate Library and subsequent re-purpose of the former 7,000 square foot branch library. Since the old library building was re-purposed, debt service paid from impact fees must be reclassified to the General Fund. Simultaneously, funds borrowed from the General Fund in favor of this impact fee fund will be reimbursed to the General Fund and County-Wide Capital Projects Fund.

Current FY 2022

Since 2007, the Library Impact Fee fund “borrowed” money from the County-Wide Capital Fund (301) for additional funding for the construction of the South Regional Library and Golden Gate Library Expansion as well as receiving assistance in paying its debt service payments for the North and South Regional Libraries and the Golden Gate Expansion. To date, the total amount owed is \$10,146,900 to the County-Wide Capital Fund (301).

The Advance/Repayment to the County-Wide Capital Fund (301) in the amount of \$700,000, will reduce the amount owed to the County-Wide Capital Fund (301) to \$9,446,900.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**Sports & Events Complex Capital (370)**

**Mission Statement**

To provide accounting for bond and loan proceeds for the Sports & Special Events Complex.

**Current FY 2022**

Since 2009, the Correctional Facilities Impact Fee fund "borrowed" money from the County-Wide Capital Fund (301) to assistance in paying it's debt service payments for the Naples Jail constructed in 2003. To date, the total amount owed is \$8,469,500 to the County-Wide Capital Fund (301).

The Advance/Repayment to the County-Wide Capital Fund (301) in the amount of \$290,000, will reduce the amount owed to the County-wide Capital Fund (301) to \$8,179,500.

**Notes**

The Infrastructure one-cent sales surtax was passed by the voters in November 2018. The Forensic Evidence Building was included in the project list with an allocation of \$33 million for construction and outfitting. This project's budget is captured in the Infrastructure Sales Tax Fund 318. (page 56/57 of this section). The project will be managed by Facilities Management - Public Utilities Department.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**General Governmental Buildings Impact Fee (390)**

**Mission Statement**

Collier County's General Government Building Impact Fee was originally adopted in March 2004. Impact fees are collected on new building construction to pay for growth related general government facilities.

**Notes**

The Infrastructure one-cent sales surtax was passed by the voters in November 2018. The Domestic Animal Services Center was included in the project list with an allocation of \$6 million. Originally the project included the renovation of existing buildings and the construction of a new building. Now, DAS will be relocated to the 305 Parcel next to the Sports Complex. This project's budget is located within the Infrastructure Sales Tax Fund 318.

**Forecast FY 2021**

Hurricane Irma made landfall in Collier County on Sunday, September 10, 2017.

In FY 2018, a \$4 million loan was given to Solid Waste Capital Fund 474 to help cash-flow the vegetative debris pickup and processing; funding was provided by deferring \$3,050,000 in capital projects with the balance coming from reserves. (Accrued interest of \$19,907.55 was assessed on the loan for FY18).

In FY 2019, Solid Waste Capital Fund 474 received a \$40.2 million payment from FEMA and the \$4 million loan was paid back on June 1, 2019, restoring funding to capital projects which were deferred. (Accrued interest in the amount of \$63,036.80 was assessed on the loan). The outstanding loan balance is \$82,944.35.

In FY 2020, the Advance/Repayment from Solid Waste Capital Fund 474 of \$20,000 represents accrued interest (May 2018 to Sept 30, 2018) for the use of the \$4 million loan. Accrued interest of \$859.13 was assessed on the loan, The total outstanding balance of the loan is \$63,803.48

In FY 2021, the Advance/Repayment from Solid Waste Capital Fund 474 of \$65,000 is for accrued interest on the \$4 million loan plus any interest that will be assessed in FY21.

In FY 2022, the Advance/Repayment from Solid Waste Capital Fund 474 of \$2,000 was setup incase the FY2021 budget is not sufficient to payoff the remaining loan of \$63,803.48 plus FY21 accrued interest.

**Collier County Government**  
**Fiscal Year 2022 Adopted Budget - Capital Improvement Program**

**Capital Improvement Program**  
**County Sewer System Development Capital Fund (413)**

**Mission Statement**

To account for the funds received from wastewater impact fees / system development fees.
