

## Reference Card CV Building Module - Building Uses

Applicants are asked to select the **Building Use** that best matches the:

*“Primary Use of the location where you will be working”*

Building Uses	Including but not limited to:
1 -2 Family	Single Family Homes, Duplexes, Guest Houses, and Townhouses with separate means of egress.
Multi-Family	Structures with three or more Residential Units, Apartments, or Condominiums. All multiple unit Residential Structures that have a shared means of egress.
Transient Lodging	Hotels, Motels, Boarding Houses
Mixed-Use	Structures containing both Residential and Business space.
Business	Commercial, Industrial, Entertainment, Retail, Storage, Manufacturing.
Institutional/Civic	Government, Worship, Hospitals, Jails, Schools, Nursing Homes, Supervised or Assisted Living, Utility

### Notes:

- The Building Uses that are visible can change with the application type.
  - Cell Tower applications default to a Business building use.
  - Multi Family Home applications default to a Multi-Family building use.
- Some uses are difficult to determine due to details of the building code. If you have questions, please check with the Building Department.
