

TOURS & PRESENTATIONS

TOURS

Collier County offers tours of the county owned Landfill, Landfill Gas-to-Energy Facility, Household Hazardous Collection Center and the county's four main Recycling Drop-Off Centers. Tours can be catered to the audience's interests and presentations are available on site or remotely. Participants will learn how Collier County's programs and services for waste, recycling, and household hazardous waste are managed to keep Collier County the best place to live, work and play.

TOUR DETAILS:

- An **appointment is mandatory** - available Monday through Friday.
- Guests must provide their own transportation (busses can be accommodated)
- Schools and universities, groups, civic associations, homeowner associations are welcomed
- The length and content of the tour can be accommodated to best suit your groups interest

PRESENTATIONS

Collier County offers in-person or virtual presentations on how garbage is managed, curbside services, the proper disposal of household hazardous waste, the importance of recycling and what items are recyclable, hurricane preparation and how to use the county's recycling search tool and game. The length and content of presentations can be personalized to fit the group's interests.

PRESENTATIONS ARE AVAILABLE TO:

- Civic Organizations
- Homeowners Associations
- Schools and Universities
- Business Employees
- Collier County Residents
