

Welcome to the 13th Street NW New Bridge and Corridor Improvements Projects 30 Percent Design Plans Public Information Meeting

Welcome

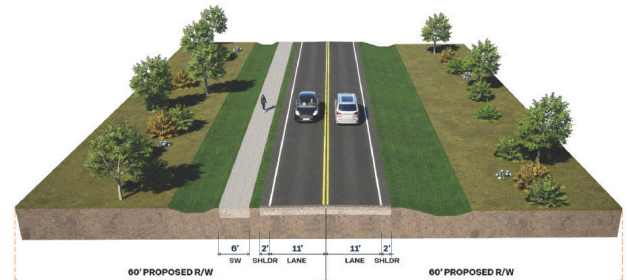

Thank you for attending the **13th Street NW New Bridge and Corridor Improvements Projects 30 Percent Design Plans Public Information Meeting**. The purpose of today's meeting is to give interested parties an opportunity to review the design concepts and provide feedback early in the design process. The exhibits presented at the public meeting will also be available at www.colliercountyfl.gov/transportationprojects.

Project Improvements

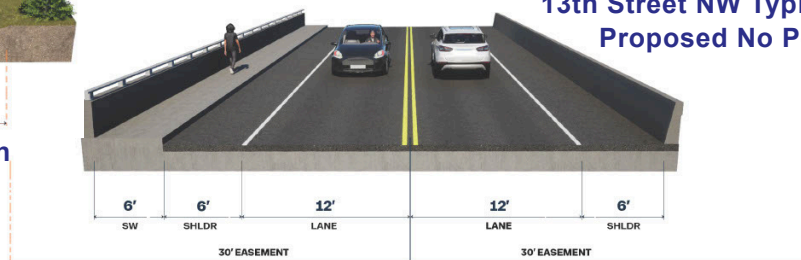

13th Street NW is a north-south local road within Golden Gate Estates. The project covers approximately 1.37 miles of 13th Street NW, from Golden Gate Boulevard to Vanderbilt Beach Road (VBR). The existing nine-foot travel lanes and narrow unpaved shoulders along this segment of 13th Street NW will be widened to 11-foot travel lanes, two-foot paved shoulders with roadside ditches on both sides and a six-foot sidewalk along the corridor. The existing bridge will be replaced, and 13th Street NW will be extended to connect with the VBR Extension, which is currently under construction. Improvements include a new signalized intersection at 13th Street NW and the VBR Extension, as well as roadway widening to add a dedicated right-turn lane at Golden Gate Boulevard. Streetlighting will be installed at the 13th Street NW & VBR Extension intersection.

Project Contact

We welcome and encourage your comments and questions regarding the 13th Street NW New Bridge and Corridor Improvements Project's 30 Percent Design Plans. Your input, along with the technical evaluations, will provide the basis for the final recommendations.

To learn more about the project or to share your thoughts and ideas, please contact Project Manager Ray Girgis, P.E. at:

Collier County Transportation Engineering Division
2885 S. Horseshoe Drive
Naples, FL 34104
Phone: (239) 252-5844
Ragaey.Girgis@collier.gov

Project Schedule

Design for the roadway improvements is anticipated to be completed by Spring 2027; Environmental permit coordination and applications will be submitted to South Florida Water Management District (SFWMD) and the Army Corps of Engineers. The right-of-way process will continue concurrently through the final design and initial bid document preparation. There are no construction funds available at this time. The anticipated schedule for the 13th Street NW improvements is as follows:

MILESTONE	2025	2026	2027	2028	2029
DESIGN & PERMITTING	[Yellow bar spanning 2025 and 2026]				
RIGHT-OF-WAY ACQUISITION		[Yellow bar spanning 2026 and 2027]			
PROCUREMENT			TBD		
CONSTRUCTION			TBD		

NEXT PUBLIC MEETING

Another public meeting will be held shortly after the 60 Percent Design Phase is complete which is anticipated to be sometime in Fall 2026.

COMMENTS

We welcome and encourage your comments and questions regarding the 13th Street NW New Bridge and Corridor Improvements Project's 30 Percent Design Plans. Your input, along with the technical evaluations, will provide the basis for the final design. Please fill out a Comment Form before you leave tonight's meeting, or email your comments to: Ragaey.Girgis@collier.gov, or mail your comments to: Collier County Transportation Engineering Division, Attention: Ray Girgis, P.E., 2885 South Horseshoe Drive, Naples, FL 34104.

Please return comment sheets within 14 days. The public comment period will end on April 14, 2026.
