Dear Collier County Building Department,

I am writing to formally request an exemption from permitting for the job as described above. I believe I qualify for the exemption due to the value and the scope I have provided meeting the statutory criteria provided in F.S. 553.79(g)(1). I understand that all work must still meet building code and setback requirements as is required by law.

I have included the necessary documentation to support my exemption request which includes:

- ☐ A copy of the contract or other documentation demonstrating the nature and the value of the work to be performed.

Thank You for your consideration
