Attachment A – Project Description and Deliverables

1. PROGRAM DESCRIPTION: In April 2018, the U.S. Department of Housing and Urban Development (HUD) announced the State of Florida, Department of Economic Opportunity (DEO) would receive \$633,485,000 in funding to support long-term mitigation efforts following declared disasters in 2016 and 2017 through HUD's Community Development Block Grant Mitigation (CDBG-MI1) program. Awards were distributed on a competitive basis targeting HUD designated Most Impacted and Distressed (MID) Areas, primarily addressing the Benefits to Low-to-Moderate Income (LMI) National Objective. Additional information may be found in the Federal Register, Vol. 84, No. 169.

The Florida Department of Economic Opportunity has apportioned the Federal Award to include the following initiatives: Critical Facility Hardening Program \$75,000,000; General Planning Support Program \$20,000,000; General Infrastructure Program \$475,000,000; and State Planning and Administration \$63,485,000.

This award has been granted under the Critical Facility Hardening Program. Projects eligible for funding under this program must harden critical buildings that serve a public safety purpose for local communities.

Critical buildings include:

- Potable water facilities
- Wastewater facilities
- Police departments
- Fire departments
- Hospitals
- Emergency operation centers
- Emergency shelters

2. PROJECT DESCRIPTION: The Collier County Board of County Commissioners, Florida has been awarded Two Hundred Sixteen Thousand Five Hundred Fifty-Two Dollars and Zero Cents (\$216,552.00) in CDBG-MIT (Community Development Block Grant- Mitigation) funding for mitigation efforts to harden the Healthcare Network Marion E. Fether Medical Center against wind, heat, and water damage through the Collier County would like to request a reduction in scope to 43 windows (size 2' x 2' and 4' x 4') that are compliant with Florida Building Codes. The Marion E. Fether Medical Center is part of the Collier County's Healthcare Network, which serves as the largest primary care provider in Collier County and provides healthcare services to communities of greatest need. Specifically, 58% of their patients fall under the Federal Poverty Level (FPL), 71 % are under 200% of FPL, and 39% of adult patients are uninsured. Additionally, Collier County is designated as a Medically Underserved Area (MUA), meaning its population does not have quantitative access to primary care providers. Subsequently, the Healthcare Network serves as a vital instrument to the health of Collier County citizens before, during, and immediately after a natural disaster. Replacing 43 windows with impact glazing material will solidify the facility's ability to with stand, wind, heat, or water damage after a storm and immediately respond to the needs of their population, 61.84% of which are designated as low to moderate income residents. The team overseeing this project consists of the Facilities Department of Healthcare Network under the direction of the Project Manager, who is working in coordination with Collier County, and selected contractor(s).

3. SUBRECIPIENT RESPONSIBILITIES:

- A. Complete and submit the below items to Commerce within thirty (30) calendar days of execution of the agreement:
